Relative to the
McKinnon Monument.

Messrs. T. P. O'Brien and Frank Shea, representing the McKinnon Monument Committee, addressed the members of the Park Commission, urging immediate acceptance of the statue now cast and to be seen at the foundry of De Rome, 150 Main Street. They claimed that the statue was meritorious in workmanship and all its details and said they had the favorable opinions of many gentlemen of artistic taste and a few experts and all declared it a meritorious piece of work.

President Metson stated that the statue had been unfavorably criticized and defects pointed out to him.

It was the wish of the members present that expert opinion be obtained as to the merit of the statue and also have a full Board meeting so that further consideration of the subject was postponed until the next meeting.

The following well known gentlemen have been invited by the Board, through President Metson to view the

Lobos Square
turned over to the
P.P.I.E., tempor-
arily.

Com. Curtis H. Lindley desired that the Board put itself squarely on record regarding the permission granted the Panama Pacific International Exposition Company the use of Lobos Square.

The following resolution was then dictated to the Secretary by Pres. Metson:

RESOLVED: That Lobos Square be and is hereby granted temporarily to the Panama Pacific International Exposition Company during the continuance of the Exposition for Exposition purposes only, and that the said Lobos Square be vacated and restored to the jurisdiction of the Board of Park Commissioners not later than January 1st, 1916.

AND BE IT FURTHER RESOLVED: That when the said Lobos Square is restored to the jurisdiction of the Board of Park Commissioners, it be restored in as good condition as when granted temporarily to the Panama Pacific International Exposition Company.

AND BE IT FURTHER RESOLVED: That a written contract covering the matters set forth in these resolutions be entered into between the Panama Pacific International Exposition Company and this Board forthwith.

Resolution carried unanimously and Secretary instructed to forward copy of resolution to the Panama Pacific International Exposition Company.

Re. board walk
on Great Hi. hwy.

Supt. McLaren reports "against building a board walk on the Great Highway as on account of the high winds the sand would be carried from under the boards making it unsafe and uncomfortable for walking.

Instead the Superintendent recommended "that the macadam space be widened twelve feet westerly, that a line of posts be set twelve feet apart and that the newly macadamized space, west of the posts, be reserved for pedestrians". To construct this foot path from O Street to Lincoln Way, a distance of five thousand feet would cost about three thousand two hundred and fifty (\$3250.) dollars.

#7

Re. improvement of
Mt. Lake Park.

The Superintendent recommended that five thousand (\$5000.) dollars be set aside for the improvement of Mountain Lake Park.

Report on water.

Report of Board of Public Health giving condition of drinking water in the Park. Read and filed.

Park Commission
to pay for shed.

Supt. McLaren reported that in taking rock from the quarry near the Cliff House, rocks from the blast destroyed the shed. It was unanimously agreed by the Board that lumber be paid for by the Park Board to repair the shed. Cost of lumber \$73.01.

Re. Commercial
Wave Power Co.

On motion of Com. Greenbaum, seconded by Com. Lindley and carried, the Secretary as instructed to notify the Fidelity and Deposit Company that the demonstrating plant of the Commercial Wave Power Company on the Beach must be removed at once.

If this is not complied with the Park Commissioners will proceed to collect the amount of the bond according to law.

Adjourned.

There being no further business the meeting adjourned subject to the call of the President.

Secretary.

San Francisco, July 29th, 1913.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Tuesday, July 29th, 1913 at 3:30 P.M.,

Present were: Pres. W. H. Metcalf,
Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. Sigmond Greenebaum.

Absent: Com. Curtis H. Lindley.

Minutes approved.

On motion of Com. Greenebaum, duly seconded and carried, the minutes of the previous meeting, a copy of which had been forwarded to each Commissioner, were adopted as the minutes of the meeting held July 10th, 1913.

Re. electric fountain referred to Supt. McLaren.

Communication from Portola Festival Committee, enclosing blue print and specifications of the proposed electric water fountain surrounding the Terry Victory Monument in Union Square.

Referred to Supt. McLaren.

Re. removal of Wave Power Co.'s demonstrating plant from Ocean Beach.

Communication from the Fidelity and Deposit Company informing the Board of Park Commissioners that a representative of their Company had found that "they seem disposed to let the Park Commissioners follow their own inclinations as to the matter of removing their demonstrating plant from the Ocean Beach".

Supt. McLaren was instructed to proceed to remove the plant forthwith. Upon the removal of the said plant by the Superintendent proceedings will be commenced to collect the amount of the bond.

Re. convenience station for pick-up men of Geary Street Railway.

Communication from the Board of Public Works, stating that Mr. T. M. Cashin, Superintendent of Municipal Railways had recommended to their Board that a convenience

#2

station for the platform men of the Geary Street Municipal Railway be erected at a point adjacent to the 10th Avenue terminus of the road and by "Resolution No. 24319 Second Series, it is recommended that the Honorable Board of Park Commissioners grant the Board of Public Works permission to erect this station in Golden Gate Park at a point near 10th Avenue."

Mr. Cashin appeared before the Board and stated that the Board of Public Works would expend five hundred (\$500.) dollars upon the erection of the proposed convenience station.

Mr. Cashin was informed that no creditable building for such purpose could be built for five hundred (\$500.) dollars as that would necessitate a frame building and experience has taught the Commission that such buildings to be sanitary should be built of reinforced concrete lined with marble and the estimated cost for such a building would be about ten thousand (\$10,000.) dollars.

The Secretary was instructed to notify Reid Bros. to submit drawing, plans and specifications for a convenience station at the desired point and Mr. Cashin was requested to obtain more money if possible to provide a station that would do credit to Golden Gate Park.

Referred to Supt.
McLaren.

Communication from the Ladies Auxillary of the McKinley Square Improvement Association relative to the improvement of the McKinley Square.

Referred to Supt. McLaren.

French tapestry
donated to Park
Museum.

Re. labels on
statues in Park
Museum.

Communication from Mr. C. H. Cook, relative to the removal of the labels on the three marble statues standing in the Museum. He desired to know by whose authority the labels were changed from Mrs. Elisha Cook to Mr. M. H. de Young ^{who} has no title to them until Mrs. Cook's demise.

This complaint was referred to Acting Curator Altman and he reports as follows: "I called on Mr. de Young who claims rightful ownership to these statues, having paid one thousand (\$1000.) dollars apiece for the statues, bought from an estate of which Mrs. Elisha Cook was one of the executors. Although he desires to be recognized as the owner, he is willing to have the label read "From M. H. de Young, Life use in Mrs. Elisha Cook".

Complaint re.

Re. judgment
against J. D.
Southwell. Refer-
red to Supt. John
McLaren.

Communication from Rauer's Law and Collection
Agency, serving notice on the Auditor of the City and
County of San Francisco, ^{Wm. H. Rauer, Esq., 1000 Park Ave.} stating: "you will, please take
notice that Rauer's Law and Collection Company will on
the 1st day of August, 1913, file with you an abstract
of judgment and affidavit of a certain judgment rendered
by the Justices' Court, in their favor as plaintiff against
J. D. Southwell, defendant."

Referred to Supt. McLaren.

Request for loan
of palms in Con-
servatory by
P.P.I.E. Co.,
granted.

Communication from G. A. Denison, Chief of
Horticulture, Panama Pacific International Exposition,
requesting the loan of the four large Cocoas Palms which

#5

now touch the highest point in the Conservatory for the Palace of Horticulture of the Panama Pacific International Exposition which will have a dome one hundred and seventy (170) feet high. Due credit will be given the Board in acknowledging the loan on the labels. The palms to be removed to the Horticulture building at the expense of the Exposition Company and returned to the Golden Gate Park if so desired by the Board of Park Commissioners at the expense of the Panama Pacific International Exposition.

Removal to be
under the supervis-
ion of Supt. McLaren.

Com. A. B. Spreckels moved the request be granted and that the cocos palms be removed from their present location in the Conservatory building under the direction and supervision of Supt. John McLaren.

Motion seconded by Com. Greenebaum and carried unanimously.

Re. road connect-
ing Presidio Park-
way with Presidio.
Secretary to thank
Hon. Julius Kahn
for his efforts in
the matter.

Communication from Surgeon E. L. Woodward, U.S.A., enclosing correspondence between himself and Congressman Kahn relative to the proposed road connecting the Presidio Parkway with the Presidio. According to the correspondence with Surgeon General Blue there is no available amount at present in the Bureau to build this road but promises his active support to Congressman Kahn's plan of making an amendment to the deficiency bill in the Senate upon proper data furnished in time.

Surgeon General Blue has been informed that the Park Commission has set aside five thousand (\$5000.) dollars for the improvement of the small park at their entrance.

The United States Army engineers estimate the cost of this road at six thousand eight hundred and twelve (\$6812.) dollars and an iron fence at three thousand (\$3000.) dollars.

In Surgeon Woodward's opinion the building of this road means a great deal to the Marine Hospital, to the City and to the Panama Pacific International Exposition.

To thank Mr. Lawson for rock donated and to solicit more in the future.

Supt. McLaren reported that he desired a vote of thanks of the Board be given to Mr. C. G. Lawson, the owner of a quarry near the Sloat Boulevard for permitting him to use freely of rock from his quarry in repairing the Sloat Boulevard and Great Highway and soliciting a continuance of the same privilege in the future.

Secretary instructed to tender Mr. Lawson a vote of thanks of the Board for his favor in the past, and ask for a continuance of the favor in the future.

Request for cuts of scenes in the Park referred to Supt. McLaren.

Mr. Robbins, the writing pedestrian of the "Bulletin" contemplating a lecture tour throughout the United States illustrating his lectures with stereoptican views, desires the Park Commissioners to donate to him plates of the following views: The Park Lodge; Metson, Stow and Spreckels Lakes; the Chain of Lakes; Huntington Falls; De Laveaga Dell and possibly others.

Referred to Supt. McLaren with full power to act.

Re. fire extinguishers in Museum.

A representative of the Role Fire Extinguisher Company appeared before the Board and advocated substituting his fire extinguishers for the apparatus now in use in the Park Museum, which he claims is obsolete.

Pres. Metson informed the gentleman that the Board would investigate his proposition.

Referred to Supt. McLaren.

Communication from Mrs. Jessie L. Fisher, relative to the improvement of the public square on Taraval Street between 23rd and 24th Avenues.

Referred to Supt. McLaren.

Re. meeting of Park Superintendents.

Communication from Mr. J. B. Shea, relative to the meeting of Park Superintendents in Denver, Colorado, August 5th, 1915, inviting Supt. John McLaren to attend.

Referred to Supt. McLaren.

Supt. McLaren reports on matters referred to him at last meeting.

Supt. McLaren reported on matters referred to him at a previous meeting. He recommended the building of a branch road from the Upper to the Lower roads along

57

the Great Highway between 'L' and Rivera Streets as it will not cost much and be a great convenience to the citizens living in the neighborhood.

He recommended the erection of a flag staff fifty (50') feet high with a flag twelve by twenty four feet (12' X 24') for St. Mary's Square to be hoisted on all holidays and all days when flags are usually hoisted.

His report and recommendations were approved.

Report on water.

Report of the Board of Public Health on the condition of the water was read and ordered filed.

Bulletin of Board of Public Health.

Bulletin of the Board of Public Health for May, 1913 ordered filed.

Secretary of the P. H. Commission.

U

San Francisco, July 31st, 1913.

Special meeting.

At a special meeting of the Board of Park Commissioners held at the Park Lodge, Golden Gate Park, Thursday, July 31st, 1913 at 3:30 P.M.

Present were: Pres. W. H. Metson,
Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum,
Com. Curtis H. Lindley,
Supt. John McLaren.

Board considered
McKinnon Monument
proposition.

President Metson stated that the purpose of the meeting was to take up an application which had been on file on behalf of the McKinnon Memorial Committee that permission be granted to erect a statue representing Rev. Father W. D. McKinnon, at one time Chaplain of the First California Regiment in the Spanish war and later Captain in the United States Army.

Father McKinnon had at Manila, carried a message through a rain of shot and shell from the American Commander to the Spanish forces within their entrenchments. He had later, with the same courage and devotion, served the cause of the United States and had died by reason of sickness incurred while serving the United States in the Spanish war in the Philippines.

The President also stated that objections had been raised as to the artistic character of the statue and thereafter the Board had appointed a Committee of seven artists consisting of sculptors, painters and architects, to view a plaster cast of the monument erected at a selected site near McLean's Bend and advise the Board as to the merits of the statue.

The President reported that of the said Committee four of them had reported.

The Committee comprised the following well known gentlemen, to wit:

#2

G. . Kelham, J. Galen Howard, Edgar A. Mathews, Edgar Walters, Arthur Putnam, F. Van Sloan, G. Cadenasso.

Secty. de Succa informed the Board that he had endeavored to notify Lieut. T. Philip O'Brien but learned that he was in Santa Cruz. Colonel T.F. O'Neil and Architect Shea were notified of the meeting.

Pres. Metson then read the opinion of Edgar A. Mathews, which was as follows:

July 2, 1913.

Mr. William H. Metson,
President Park Commission,
Balboa Building, CITY.

My dear Mr. Metson:

Why not permit the public to share in the approval or disapproval of the Father McKinnon monument as in Paris (allow the plaster cast to remain in a conspicuous position for at least six months?)

Personally, I feel that the course advocated and pursued in Boston to be a good precedent to establish here in San Francisco. Only buildings of a necessary character, such as police stations, refectories, convent stations, etc., are permitted in Parks. If public art buildings and museums and a lot of monuments are littered about in an indiscriminate manner the future generations will gradually be robbed of their pleasure grounds, and the deprivation will be greater when sculpture of a doubtful nature is continually poured into our public parks. I know it is a delicate matter to deny the Father McKinnon statue a place in Golden Gate Park, particularly when it is not much worse than the McKinley monument at entrance of the Panhandle; however, if the latter is bad it is not sufficient reason for admitting the former.

Finally I do not think any more monuments should be placed anywhere in public squares or parks until we produce some really great artists or sculptors.

I trust you will pardon my last view, being only a personal and possibly an extreme idea.

Yours very truly,

(signed) Edgar A. Mathews.

#3

Pres. Metson also read the following communication received from Geo. W. Kelham:

July 14, 1913.

Mr. W. H. Metson,
President, Board of Park Commissioners,
Balboa Building, San Francisco, Calif.

Dear Sir:

I beg to acknowledge receipt of your letter of June 20th in which you ask me to give my opinion regarding the proposed statue of Father McKinnon, and whether it should be permitted to be placed in the Park.

Absence from the City has prevented my replying earlier.

I have not been able to consult with any of the men whom you appointed on the Committee but have twice driven out to see the plaster model which you have erected.

It is my opinion that the work as at present designed is not of sufficient merit, to be placed in the Park as a permanent piece of sculpture.

It seems to me that any statues which are permitted in Golden Gate Park should be of a very high order of merit, and I frankly feel that this falls short of such a standard in any respects.

Hoping that this opinion may be of some value to you in reaching a decision, I am

Yours very truly,

(signed) George W. Kelham.

Mr. Arthur Putnam, sculptor, reported orally "That the Father McKinnon statue was a very bad piece of work and unworthy of being erected in Golden Gate Park".

Geo. Cadenasso, artist, reported orally "That the Father McKinnon monument was out of drawing and bad artistically and not worthy of erection in Golden Gate Park".

7/24

Two of the other three artists who did not report were unable to spare the time to inspect the statue and the other on account of his wife's demise.

Statue denied.

Com. A. E. Spreckels made a motion "That the request of the Father McKinnon Memorial Committee to have the statue erected in Golden Gate Park be denied." The motion was duly seconded and carried by a unanimous vote of the five members of the Board.

Com. Curtis H. Lindley offered the following resolution:

RESOLVED: That the Superintendent of Parks be instructed to investigate and report upon the advisability of setting apart an appropriate area within Golden Gate Park, wherein there may be placed such statuary, monuments and other works of art as may be tendered to and accepted by the Board of Park Commissioners and wherein the Board may order assembled such monuments and statuary as are now installed in said park, which in the judgment of said board should be removed from their present sites.

The resolution was unanimously carried
Communication received from J. L. MacCormick.

Matter of portable fence around the Stadium referred to Supt. McLaren.

Chairman Athletic Committee, Portland Festival Committee, in which he says that in consequence of an entry list of over two hundred competitors and as it is necessary to make proper arrangements for the accommodation of the public as well as the contestants and officials of the meet, he would suggest that the Board of Park Commissioners place a galvanized iron portable fence around the field adjoining the cinder path at the stadium.

Referred to Supt. McLaren for report at the next meeting.

Adjourned.

There being no further business the meeting adjourned subject to the call of the President.

[Signature]
Secretary.

San Francisco, August 14th, 1913.

Called meeting:

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, August 14th, at 3:30 P.M.,

Were present: Pres. W. H. Metson,

Com. A. B. Spreckels,

Com. Curtis H. Lindley,

Com. M. Earl Cummings.

Absent: Com. Sigmund Greenebaum.

Minutes approved.

The minutes of the regular meeting held July 29th, copies of which were sent to each Commissioner, for approval, were upon motion duly made, seconded and carried adopted as the minutes of the meeting held July 29th, 1913.

Minutes of special meeting approved.

The minutes of the special meeting held July 31st, copies of which were sent to each Commissioner for approval, were on motion duly made, seconded and carried (after correction by Com. Lindley) adopted as the minutes of the special meeting held July 31st, 1913.

Improvements suggested by Committee of Ladies of Oceanside District referred to Supt. McLaren.

A Committee of ladies consisting of Mrs. Campbell, Mrs. Sullivan and Mrs. Cushon of the Oceanside District, appeared before the Board and spoke in favor of erecting a convenience station and drinking fountain somewhere between Cyclers' Rest and Murray's on the Great Highway and that danger signs be placed warning bathers on the Ocean Beach of the dangerous places and that more benches be provided near the Band Stand.

Pres. Metson informed the ladies that one convenience station was an acknowledged necessity in every park in this City but that they would cost four hundred thousand

#2

(\$400,000.) dollars and that the money received by the Park Commission simply maintained the Park in its present high class condition and left little for necessary improvements.

Referred to Supt. McLaren to report on the cost of these proposed improvements.

Re. monument to
G. Verdi, Composer,
Action postponed
until report of Supt.
McLaren is submitted.

Mr. Ettore Patrizi, representing the Italian residents of San Francisco, asked for a site for the monument to G. Verdi, in Golden Gate Park, intended to perpetuate the memory of Italy's great composer. The statue, which was paid for by subscriptions collected only from the Italian residents of San Francisco, has been made in Italy and recently shipped from Genoa, and it is said, will arrive in San Francisco in about two weeks.

Com. Lindley inquired from Supt. McLaren if he had selected "The appropriate area within the Park wherein there may be placed such statuary, monuments, and other works of art as may be tendered and accepted by the Board of Park Commissioners, etc., etc." adopted by an unanimous vote at the previous meeting of the Board.

Supt. McLaren answered that he had not yet decided upon one of the many beautiful locations suitable for such an important purpose.

Com. Spreckels moved that action be deferred until the report of Supt. McLaren had been submitted and approved by the Board of Park Commissioners.

Motion carried.

Request to sell
programs of races
at Stadium race
track.

Committee of members of the California Driving Club appeared before the Board and requested the privilege of selling programs of their races at the Stadium race track.

#3

On motion duly made, seconded and carried action was deferred until the next meeting in order to give the members of the Board time to investigate the request.

No funds to construct a playground at terminal of Municipal Rwy.

Communication from J. W. Rogers, Acting Clerk of the Board of Supervisors, enclosing Resolution J.R. No. 852, which reads as follows:

RESOLVED: That the Board of Park Commissioners is hereby requested to install, out of its own funds, swings, chutes, and apparatus sufficient to provide for a childrens playground at the Beach terminal of the Municipal Railway, similar to that now maintained at the junction of the Great Highway and Sloat Boulevard; and be it

FURTHER RESOLVED: That the Board of Park Commissioners is also requested to provide out of its own Budget, allowance for the immediate construction of a convenience station similar to that now maintained at the junction of the Great Highway and the Sloat Boulevard.

Adopted August 4th, 1913.

Com. Spreckles stated that no provision having been made in the 1913-14 Budget for such an extraordinary expense amounting to fifteen thousand (\$15,000.) dollars the Board, owing to a lack of funds would be unable to comply with the spirit of the resolution.

History of flag
pole on Telegraph
Hill.

Communication from Bolander & Hallawell in answer to a letter from Secty. de Succa requesting the history of the flag staff now on Telegraph Hill:

"The pole now standing on Telegraph Hill was originally standing at the Gore of California, Drumm and Market Streets, same was erected by us on order from Mr. Van Sicklen of Dodge, Sweeney Co., at and during the time of our war with Spain and just previous to the time of our California Troops departing for the Philliping Islands.

"It stood there from that time until shortly after our fire of 1906. It escaped injury from the fire with the exception of a hole about 10" in diameter and three inches deep, 12 feet above the ground which was burned in same. The pole was ordered down by Mr. Van Sicklen and replaced by another one.

#4

"The original length was 106 feet long; after cutting off the burned part it was still 86' long. It was ordered placed on Telegraph Hill by the Outdoor Art League, during the Portola Times, erected in June, 1909.

The most marvelous feature was that it escaped being burned entirely, as all the wood in the same neighborhood was."

Secretary of Park Commission.

2

San Francisco, October 18th, 1915.

Special meeting.

At a special meeting of the Board of Park Commissioners, held at the office of Pres. W. H. Metson, Balboa Building, Saturday, October 18th, at 10:30 A.M.,

Present were: Pres. W. H. Metson,
Com. A. B. Spreckels,
" M. Earl Cummings,
" Curtis H. Lindley,
" Sigmund Greenebaum.

Purpose of meeting.

President Metson stated that the purpose of the meeting was to consider the application of Messrs. Lewis, Upton and others for an entrance from the Great Highway to an Amusement Pier built one thousand (1000) feet out into the Ocean, the entrance to be situated about opposite the Geary Street Railway terminal.

Re. application for entrance to Amusement Pier.

Attorney H. W. Hutton, representing the applicants, said the Company had the consent of the United States Government if he could obtain the consent of the Park Commissioners. The purpose of the Company had been discussed at length at two previous meetings of the Board when considerable opposition to the application was expressed by the members of the Park Commission.

Objections to Amusement Pier.

Com. Curtis H. Lindley called Mr. Hutton's attention to Section 6 Article XIV of the Charter of the City and County of San Francisco, which declares that the Park Commission may not permit any person, Company, or Corporation to build or maintain any structure on any part of the grounds under their jurisdiction, but they may themselves build and lease for a period not greater than one year, reserving the right to at all times enter upon said premises and make the condition that the building shall be used for Park pleasure purposes only.

Com. Lindley expressed his objections to the appli-

#2

cation for the following reasons:

1. Golden Gate Park is the best asset the City possesses. It is maintained through the contribution of the people. Its power of attracting the people ought not to be capitalized for the benefit of any private money making enterprise, utilizing the popular attendance as an opportunity for private gain.
2. All amusements to be furnished to the people within the jurisdiction of the Park Commission, or by using privileges within its control, should be under municipal direction, the same as the childrens playground.
3. A public spirited administration of the Parks and Squares will see to it that no concessions of any kind are granted whereby the public gathering at these attractive centers-made so by the money of the people- may be exploited for the benefit of private individuals.
4. The spirit of the charter inhibits the granting of any special privilege of this character.
5. The letter of the Charter inhibits the transfer to private individuals of park privileges, except of a temporary nature, and such privileges where granted are required to be under the control of the Commission.

Application withdrawn.

The views above expressed were adopted as the unanimous voice of the Commissioners. Before a vote could be taken, Atty. H. W. Hutton withdrew the application.

Secretary of Park Commission.

San Francisco, October 30th, 1913.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, October 30th, 1913,

Present were: Pres. W. H. Metson,
Com. A. B. Sprockels,
Com. M. Earl Cummings.

Absent were: Com. Curtis H. Lindley,
Com. Sigmund Greenebaum.

Minutes approved.

The minutes of the regular meeting held October 16th, and of the special meeting held October 18th, copies of which were sent to each Commissioner, were upon motion of Com. A. B. Sprockels, seconded by Com. M. Earl Cummings, adopted.

Invitation to attend laying of cornerstone of New City Hall.

Communication from Assistant Secretary to Mayor Rolph, inviting the members of the Board of Park Commissioners to attend the ceremonies of the laying of the cornerstone of the New City Hall, Saturday, October 25th, 1913 at the northeast corner of the building near Polk and McAllister Streets.

Re. lighting of
City parks and
squares.

From John W. Rogers, Acting Clerk of the Board of Supervisors, notifying the members of the Park Commission that the Lighting and Rates Committee of the Board of Supervisors have under consideration a Resolution relative to the better lighting of the smaller parks and squares of the City, and stating that the next meeting of this Committee would be held November 4th, at 4 P.M., and inviting a representative of the Park Board to be present.

Referred to Supt. McLaren.

Re. condemned
fire horses.

From Frank T. Kennedy, Secretary of the Board of Fire Commissioners, stating that it would be impossible for the Fire Department to receive back two horses formerly condemned by the Fire Commissioners and given to the Park Board. It would confuse their records by necessitating the re-condemnation of the said horses as they are useless for service in the Fire Department.

Secretary instructed to notify the members of the Board of Fire Commissioners and others "Whom it may Concern" that old "Riley" and all other horses received from the Fire Department will be treated kindly and with the greatest consideration.

The Secretary was instructed to advertise for a new automobile for use of the Superintendent of Parks.

Report of Supt. McLaren.

The report of Supt. McLaren was read and recommendations approved. Relative to the storm on the Ocean Beach, the Superintendent reported as follows: "The recent storms have caused considerable damage both along the sewer ditches and at the Beach. The damage done along the sewer ditches has all been repaired including the washout across the South Drive at 41st Avenue, but the damage done by the heavy seas at the Beach Chalet is still being fought by placing heavy timbers and trees at each end of the piling. Should another heavy storm follow, the whole wall of concrete piles is likely to go down. I would suggest that your Honorable Board consult some engineers who have had experience in constructing heavy sea walls and bulkheads and secure an opinion as to the best and most economical plan to save the Beach from erosion by wave action."

Pres. Watson stated that he had obtained the promises of eminent engineers who are to suggest plans for the protection of the Great Highway from erosion through the wave action caused by storms similar to the one now causing so much damage to the Beach.

That is what we came up here before you to day. I know you will be guided by the money you have to spend, but I wish you would make some arrangement to have the streets fixed.

Mr. Metson: The main reason is money, and the second reason is that people who go out through the Panhandle still stay with horses and object to anything being put on those streets other than rock and macadam. They drive over other streets, elsewhere, without any complaint, but they complain to us about those streets.

A Citizen: We are having the very same thing on other streets, and we are objecting to their putting in basalt blocks. The teamsters do not object to Warrenite pavement if it is properly put down. All I have to ask of you gentlemen is that you take this under consideration.

Mr. Metson: We have always told other people that have advocated some patent pavement, that they could put it down at their own expense. We do not care to advertise any patent pavements. We are very much averse to advertising them. There are other pavements that are probably just as good. There are other pavements that horses will not slip on. What do you think about closing Cole Street altogether and compelling the travel to go on Stanyan Street entirely?

A Citizen: As far as I am personally concerned I would like to see it done. It would not make any difference to me.

Mr. Metson: The trouble about this thing is that the merchants go around town, the neighbors contiguous to their places of business and stir up a reaction. The trouble is that they want to utilize the park for commercial purposes. The merchants make trouble for the park commissioners, and then afterwards the neighbors make trouble.

#4

at once, informing the city and county attorney of it, and asked him to suppress the nuisance as quickly as possible. The next proposition that Mr. Scheunert had up on behalf of the improvement clubs was that he wanted to have a canopy entrance at Haight Street. I wrote him to send in plans and specifications for it, and that we would be glad to take the matter up. That was several months ago and we have never heard from him since. It seems that you gentlemen, being interested in club matters, ought to have that matter before you.

A Citizen: I do not know that gentleman. We have nothing to do with him. We do not mix up in political matters. We do not gamble in politics at all. We are here on this matter pure and simple. If that gentleman made any such remark it does not emanate from our association.

Mr. Watson: He was speaking authoritatively as the president of the association.

A Citizen: He has no right to speak that way of our Club. He has nothing to do with our Club, as I know of.

Mr. Watson: I just bring that matter to your attention. There is no objection to making a report on this warrentite pavement matter.

A Citizen: All we want is any pavement that will not slip.

Mr. Watson: We will see how we can do with this situation. You will remember that this has been a very wet winter. Conditions have been very bad this winter. You know that we can not spend all our money on that. We have to use money for other things.

Another Citizen: I have seen more than one of these clubs on this side street proposition. Candidly speaking, I don't know what they are for. I have seen a lot of them on the other side of the street, but I don't know what they are for.

#6

Mr. Metson: It happens about once in six months. They knock that wall out.

A Citizen: I hope you gentlemen will do something because it is a nuisance. It is no use to live on the street that you call a boulevard and pay high prices for your property, and charge high rent, if people are going to move out of your place on account of the dust. That can be arranged there, and I think Mr. McLaren will agree with me, that there is enough money spent on that crossing in repairing it, that would almost pave that whole length of the street. You have a man there pretty near every time it rains. There are men working there right now.

Mr. Metson: Men brush it off once a day.

A Citizen: The automobiles going in and out do not cut up that street so much, it is the heavy teaming. If you go farther into the Park you do not see that.

Mr. Metson: The roads are of the same material.

A Citizen: It is heavy teaming crossing this way that does that.

Mr. Metson: How do you account for Cole Street?

A Citizen: The light vehicles carry it on further. It is detrimental to the property and I think the street ought to be fixed up properly. You are under expense all the time in repairing it, and the repairs do not last very long. I do not like to tell you gentlemen what to do, but that is the way I feel about it. I think that something ought to be done.

Another Citizen: I am also from the Ashbury Heights Club. I have seen people cross that crossing every day for the last five years. I am surprised to see that people are so unreasonable as to want Cole Street closed to traffic and have all of it go on Stanyan Street. You want to

#7

as that just for a few grocery wagons and butcher carts. I would like to have an interest in those butcher carts and grocery wagons that are doing business as to tear up those streets in way they are torn up. They must do an interest business. They must supply the people who live around in the vicinity.

Mr. Watson: What day did you say?

The Citizen: I am a farmer. I have my business on Main Street. I live on Fifth Street. On Jan. 1, 1911 repaired 6th Street with red brick. On August 27, 1911 put white rock on. Later on, December 1, 1911, no day rain, two men are velling the street and dirt. December 29, repaved with black dirt, put on a coat of oil. January 10, 1912, half day rain; covered street with shingles. Street and 6th Street. Placed white rock on 6th. A little rain for the street. July 27, 1912, covered street 6th Street to corner of 7th. August 22, 1912, rain repaved the Shanyan Street covered with dirt. August 27, re-repaved and filled Shanyan with dirt. You see how often that has been done. It has been done. If you want to tell me that you are willing to have the 6th Street and 7th Street repaved with dirt. Well, it is impossible to do it. The 6th Street is a firely road and it is impossible. You must consider the teamsters. They have a business with it. The only level road is on 6th Street. I am sorry that you people don't have an interest in the proposition. I will tell you that the 6th Street District, and the whole town, that will be more in favor of you than the 6th Street, and all the traffic in town will be more in favor of you. You must consider the public. You must place the public in the position of the

- 8 -

teamsters, that have to contend with those things. The district is growing. Hundreds of people and hundreds of teams go there. How would it be possible for the teams to deliver the groceries, and the butcher wagons to deliver their meats, if you close up that street--if you cut them off of this street. Now, it is a fact that I have seen gentlemen carrying the ladies over there because the slush is so great, and because they did not have automobiles or other vehicles, and they could not swim across, and they did not have any snow shoes. They had to carry them over, so they would not go in their houses with dirty feet, simply from this nuisance. It is a nuisance. It is an outrage. It is the greatest outrage that I have ever known of to the people of San Francisco, a crossing of that kind. Absolutely there is no reason for it. If you can afford to do it, gentlemen, you should do it and fix it to day. Place two or three inches of rock there, you leave it lay for three or four days, and the first day of rain you can hardly get across it for dirt. You have to have men working there and wagons and carts to take the stuff away. Is that economy? Absolutely not. It is a proposition of ignorance, what I call ignorance in not building a good street there in the first place. It is a blow and a curse to the city--the greatest curse in the world to a city to have that kind of a thing there. I am very sorry that you people are so slack in that proposition.

you
Mr. Watson: Don't think we have to spend as much money to keep up every other crossing in the Park as we do here?

A citizen: I do not think so.

Mr. Watson: You have your shop there and you see this crossing.

#10

Mr. Nelson: As I understand you, your complaint is about this crossing, on Stanyan Street, about the conservator. Are the repairs are being made now, and because of the Sweeney monument which was destroyed by the earthquake and has not been wrecked and taken down yet?

A Citizen: Yes. I do not approve of things like that. When I see them I am disgusted.

Mr. Nelson: Have you made any estimate of the money that would be necessary--

A Citizen: To remove that road grader off the earthquake?

Mr. Nelson: Yes.

A Citizen: If there was money enough to fill up that Sunkon garden there must be money enough to take the ruins down. The Sunkon garden was a beautiful sight. That is destroying public property. Nobody knows what is going to be done about the proposition. Everybody liked the Sunkon garden. It was the best thing there for many years. It was a beautiful spot. Now it is covered up. What for? Other things are neglected. Is that business?

Mr. Nelson: Have you advised yourself of the reason?

A Citizen: It is not necessary.

Mr. Nelson: Are you just jumping to that conclusion?

A Citizen: Absolutely not. It is absolutely destroying the present value. I cannot think of anything that could be more beautiful. It is all filled up now. You spent money to fill that up and I don't know why you spent it. The people were satisfied. Everybody liked it. I took people there to see what they came from Europe and all over. I was proud of that place. But, gentlemen, there is no excuse. I have travelled around some myself.

Mr. Nelson: How do you think it looks to the Park compared with the other things that you have seen?

-11

#.2

Mr. Watson: You expressed only an individual view?

A Citizen: Yes.

Mr. Watson: You are not expressing the views of the club?

A Citizen: No. As far as I am concerned you can close them all up. When I go through the Park I walk through. That is my own personal opinion. As far as the other people are concerned, naturally I suppose they do not want them closed up.

Mr. Watson: Upon what are you advocating the views of the club?

A Citizen: In going to Stanton Street and 13th Street. I do not want to tell you gentlemen how to conduct your business, but that is the way we feel about it.

Mr. Watson: We are not complaining.

A Citizen: I have spoken to you in regard to the two crossings.

Mr. Watson: We will probably have a report from Mr. Nelson at our next meeting. If you gentlemen will leave your names with the secretary you will be notified in due time.

A Lady: I live in the Richmond District. But I have to bring before you gentlemen today my complaint of traffic. You have a little block on Seventeenth Avenue at Madison Street. I live about 100 feet from Madison Street. I do not know how many people that live there have a complaint of traffic. I want to ask you if you cannot have a block put there. The cars run very seldom. Sometimes we have to wait fifteen or twenty minutes. Sometimes we have to wait thirty minutes. Sometimes we have to wait until the car comes. This block would be a great help. That was

-14

not give us any protection.

Mr. Lindley: People would have no protection in rainy weather if you just put benches there.

The Lady: We have to walk quite a ways to meet the cars and sometimes when we are about three steps away from the cars they pull out and there is no place to stand.

Mr. Lindley: I move that the matter be referred to the Superintendent with instructions to make a recommendation in regard to the matter.

(Motion carried).

Mr. Lindley: Have you made an estimate of the cost of removing those ruins on Strawberry Hill?

Mr. McLaren: Not yet. We want to figure where we can use that material. I have not got the figures yet.

Mr. Greenbaum: It is not denying the fact those ruins are a sore spot there.

Mr. Lindley: It is a question of how we are going to get the money to get all of these things with.

Mr. Green: Mr. Dodge, we have asked you to come out here today with reference to your report that you have for a matter of a couple of months. I will take up the recommendations in that report. I suppose that is the best way to get at it. The salary of the secretary is \$175. per month, and the salary of the chief clerk is \$115. per month. Have you indicated the question of leaving the office here to return to business downtown, the conditions here in the office, the fact that the secretary is a check on the business, and the fact that the chief clerk is a check on the secretary--in other words, have you a recommendation as to whether or not we should check against the fact that the chief clerk is a check on the secretary? Mr. Dodge: Yes, you have a stenographer, and you have the typewriter.

#16

Mr. Watson: \$200. a month.

Mr. Lindley: Can you get a competent bookkeeper, a competent person to perform services of that kind, for \$200. a month?

Mr. Dolge: I think so.

Mr. Lindley: And give him exclusive time to it?

Mr. Dolge: Yes.

Mr. Lindley: And is the salary of the bookkeeper.

Mr. Watson: \$125. a month.

Mr. Lindley: That is the salary of the secretary?

Mr. Watson: \$175. a month. That would be \$300.00 for the two.

Mr. Lindley: Now check. Did you have in the accounts in the office?

Mr. Dolge: Exactly the same check you have at the present time.

Mr. Lindley: Does not the secretary check the books?

Mr. Dolge: I will refer it to the secretary for verification.

Mr. Watson: You have here for six months the last time you were in the office. Answer that question.

Mr. Dolge: The secretary has not been in the office.

Mr. Lindley: What is the check of the books, as compared with the books of the office?

Mr. Dolge: The check of the books of the office, as compared with the books of the office, is the same. The books of the office are the same as the books of the office.

Mr. Lindley: You have the check of the books, as compared with the books of the office, is the same. The books of the office are the same as the books of the office.

Mr. Lingo: I, Mr. Lingo, would like to rise
if the Secretary would please direct me.

Mr. Lingo: I would like to have the Secretary, if all
large firms do.

Mr. Lingo: I am not sure if it is possible to
to state that there is absolutely no possibility
that the Secretary, but it merely occurs to me that a
man at \$200. a month could combine in himself the duties
of both secretary and bookkeeper.

Mr. Lingo: We want to get your ideas about these
things.

Mr. Lingo: I think it would be recommended that
were made in perfect faith and loyalty. Whether these
recommendations are proper or not to follow, as a matter
of individual judgment, I cannot tell.

Mr. Lingo: Every year the Secretary has to
do this. There are also other things to be done. I
think it would be better if the Secretary visited all
the firms in the city. I think it would be better if
the Secretary could be paid a salary of \$200. a
month. I think it would be better if the Secretary
could be paid a salary of \$200. a month.

Mr. Lingo: Mr. Lingo, I think it would be better
if the Secretary could be paid a salary of \$200. a
month.

Mr. Lingo: Definitely not.

Mr. Lingo: The Secretary's position is a very
important one in the business world. It is a
position of great responsibility. It is a position
of great responsibility. It is a position of great
responsibility. It is a position of great responsibility.

Mr. Lingo: That is correct.

Mr. Lingo: I have been thinking about this for
some time. I have been thinking about this for
some time. I have been thinking about this for
some time. I have been thinking about this for
some time.

Mr. Metson: The next recommendation is in regard to the adoption of a budget system, and so forth. Is that a new proposition that would be put in by you, Mr. Dolge? Is it somewhat different from the ledger we are now using?

Mr. Dolge: You could use the ledger you have now. You could ascertain in your proportions by memorandum accounts. You could use the same sort of a ledger, a small ledger, or a general ledger book, and keep in there assets in the shape of bequests or one thing or another, that do not appear on the general accounts.

Mr. Metson: Is there such a book here?

Mr. Dolge: There is a ledger here that could be adapted very easily to that. It would not have to be done on a double entry basis, necessarily. They could be kept on the memorandum order.

Mr. Lindley: Is that a mere mechanical proposition, or is it a safeguard?

Mr. Dolge: Double entry, strictly speaking, would be a safeguard. The ideal thing, it seems to me, for the board to have, would be a system so that at each meeting of the Board you would know exactly how much money you have to spend for specific purposes, also showing the amounts that had been expended for certain purposes, and showing the amount available for the different branches of the service here.

Mr. Metson: That suggests the idea of a budget.

Mr. Dolge: Yes.

Mr. Metson: Your idea is that we should have a fiscal year, commencing with the first of July, and that we should take our available funds and distribute them over the different activities of the Park?

Mr. Dolge: Yes.

Mr. Metson: Do you think that is practical in view

#20

of the irregular calls that are made upon the Board in all of these activities?

Mr. Dolge: It seems to me that it would relieve the Board of a great deal of time in hearing complaints. With a budget you would know the exact amount expended for all of the activities, and just how much more you had to draw upon.

Mr. Metson: We are here for the purpose of listening to complaints. It is our duty to listen to complaints brought by citizens.

Mr. Lindley: Mr. Dolge's idea that there would be a less number of them.

Mr. Metson: That might be.

Mr. Lindley: I would not see any objection to it if it would relieve this Board from the causes of complaints. Even if you have a budget, it is not inflexible.

Mr. Metson: That is only one method of saving ourselves. We are here to please the public rather than ourselves.

Mr. Lindley: I have always felt from the beginning that there ought to be a budget, a distribution of these funds. It is a rather difficult matter and may require some experiment to determine just exactly how the apportionments should be made. I think there ought to be some apportionments made in justice to the outside parks. They are just as much interested as people generally are in Golden Gate Park. It might be a difficult thing to arrive at the proper ratio of apportionments as between Golden Gate Park and the activities of Lincoln Park. They are all clamoring for money for the purpose of beautifying or adorning their parks. It seems to me that if we had a budget system we would have something to fall back on. I do not believe the average citizen understands the responsibilities of this Board and the number of things

#21

we are expected to do when we do not have the funds to do those things with.

Mr. Dolge: The city itself has a budget system. The administration of the city is on a budget system. There are distinct amounts provided for distinct purposes. They even get down to the point of specifying the number of clerks and specifying their salaries, amounting to so much money. One stenographer in the sheriff's office at such and such a salary, and another stenographer at such and such a salary. Then of course there is a surplus amount, or fund, which is available for emergencies. The city also has what they call an urgent necessity fund, of \$100,000. in which they can draw.

Mr. Metson: The Park is run on a maintenance proposition. I cannot see how a budget would do us any good.

Mr. Dolge: There has been considerable construction work during the three years past.

Mr. Metson: That was all provided for by the Board of Supervisors.

Mr. Dolge: You would prepare your budget calling for so much money and then you would go before the Board of Supervisors with your budget and ask for an additional appropriation for construction work. At the present time people appear before you and ask for certain things and you say "We have not got the money to do that with. You will have to go down and see the Board of Supervisors."

Mr. Metson: I beg your pardon. We never sent anybody to the Board of Supervisors. That is against our policy.

Mr. Lindley: That is where they have to go when they cannot get anything here. We have to pass the buck to the supervisors.

Mr. Dolge: They have to confer with the supervisors

#22

and ask for the appropriation.

Mr. Metson: We have never made it a practice to send people to the Board of Supervisors. I do not think it is a proper thing for us to do, and we very carefully avoid doing that. We do make up a budget every year, as you know, and present it to the Board of Supervisors.

Mr. Lindley: We make an estimate.

Mr. Metson: That we call a budget. We make an estimate of our needs.

Mr. Lindley: Our estimate shows what we would like to have.

Mr. Metson: I would suggest to Mr. Folge, that if we met the very suggestion there is in his report, segregating the money into actual maintenance and construction work, now that would help us in listening to complaints.

Mr. Lindley: We hardly ever expect to get the amount we ask for.

Mr. Metson: We put in our estimate to cover our actual needs. The Sweeney monument proposition has been put in for some time. I think it is an outrage that it has not been wrecked before this.

Mr. Lindley: Is there any harm in trying the budget system next July?

Mr. Metson: I am suggesting to you that we have tried it.

Mr. Lindley: Try it on a speculative budget.

Mr. Metson: I have no objection to trying anything once. The next matter here in this report that I want to take up is in regard to the preparation of the Park report. It seems to imply here that that report cost \$1282.33, that is, that is what was paid for it here in the office. I want to criticise that statement, because I do not think that is a fair one. The total expense for the Park report

#23

was printing, purchasing the paper and cuts, having it bound and everything necessary, was \$1282.33. The secretary could not do that. We employed an expert to write the report up in a manner that would appeal to the public. It has been the custom to employ a man to write the report. I think it is necessary. The suggestion here is that the board stood for an expense of \$1282.33, whereas the secretary should have done the work.

Mr. Dolge: I will concede that can be construed that way. That was not the intention. The particular portion of that paragraph I desire to call the attention of the board to is that in looking over the park reports of previous years, and incidentally the park reports of other cities of the United States, there is nearly a continuous narrative of park activities. It struck me that if the park commissioners would adopt the policy of publishing a report, once every two years, following out the general plan of these reports, that it would be a very interesting history. This report was a very creditable one. It would compare favorably with any park report that I have ever seen. I have looked through a great number of them.

Mr. Metson: It is a question of whether the city got its full value out of it.

Mr. Dolge: I think it did.

Mr. Lindley: I think the talent that is in this board eliminating myself, of course, with the assistance of the secretary, can get up our reports in the future. This money has been spent and when the question comes up in regard to the next report, we will talk it up and discuss it here in the board.

Mr. Metson: What I was getting at is- that this seems to indicate that we have wasted practically \$1280. of the city's money.

#24

Mr. Lindley: I do not think that Mr. Dolge's report criticises it in that spirit. I did not look at it that way.

Mr. Dolge: I will have to admit that it may be construed that way, but that was not my intention.

Mr. Lindley: It is the statement of a fact, and it is true.

Mr. Metson: That covers printing and binding, the cost of cuts and paragraphs, and all of that class of work.

Mr. Lindley: The report cost \$1282.

Mr. Metson: The total cost. He says that should have been done by the secretary.

Mr. Dolge: You can only accuse me of writing bad English.

Mr. Metson: Do not you read it that way yourself? The preparation of the report should have been done by the secretary. It was his duty. Then you go on to say that last year's report cost so and so.

Mr. Lindley: Suppose you leave out "preparation". The printing was part of the expense, also the lithographing.

Mr. Dolge: \$861.33

Mr. Lindley: That is a mistake on the part of Mr. Dolge. He should have itemized those things. Unless the secretary has more attainments than I think he has he could not have printed that report.

Mr. Metson: And he could not have made the photographs, and so forth. "Monthly reconciliation of the Park accounts with the accounts of the auditor. One demands as sent down each month"--a statement is sent each month to the auditor and is checked up. Now what more reconciliation can we do?

#25

Mr. Dolge: You can get your Park accounts in absolute agreement with those of the auditor. The only difference between the auditor's accounts and your account will be on the demands outstanding against the fund. That is exactly where you should reconcile your monthly accounts. The auditor and treasurer occupy relatively the same position. Your accounts should be reconciled.

Mr. Metson: When we advise the auditor of demands, why should we reconcile our books?

Mr. Dolge: To get your books in reconciliation with theirs, so that you may know what your balance is, and that it is correct.

Mr. Metson: We advise the auditor of demands that we issue, and I supposed that our accounts agreed.

Mr. Dolge: No, they do not.

Mr. Greenebaum: You send an advise that you have drawn these demands. Both amounts must agree at the end of the month with the exception of the demands which have been issued and have not been collected. It is done the same way in a bank with regard to the checks. You may advise me that you have drawn twenty-five checks. I take notice of it, but at the end of the month only nineteen checks have come in, and consequently the depositor's balance and the bank balance does not agree. All that is necessary for the depositor to do to ascertain his balance is to add to his balance the amount of the checks that have not yet been presented to the bank, or subtract from the bank balance the amount of the outstanding checks, and that will give him his balance.

Mr. Lindley: When you draw a warrant you charge it up against the balance on hand.

Mr. Metson: Yes.

#26

Mr. Lindley: Is not that sufficient?

Mr. Dolge: There is no monthly reconciliation of the accounts.

Mr. Lindley: How can you reconcile the accounts when some of the demands issued have not been presented for payment?

Mr. Dolge: That has nothing to do with the bills that have presented to the park. It has to do with the demands that have been authorized by the commission and has been sent to the auditor's office. Those demands have been charged up on the Park books against the Park fund. Every demand that is authorized here is charged up against the Park fund upon the Park books. Of course, the balance as shown at the auditor's office, and the balance shown on the Park books should agree, actually should agree except such demands as have been held up by the auditor himself, or by the finance committee.

Mr. Lindley: Some of those demands are not presented for payment immediately.

Mr. Dolge: There should be a reconciliation between the auditor and the treasurer in regard to that matter. The Park commission necessarily has nothing to do with that. There should be a reconciliation of the outstandings between the auditor and the treasurer. Your accounts here have not been in reconciliation since 1908. How much farther back than that, I do not know.

Mr. Lindley: Let me ask this question: who presents these demands for auditing?

Mr. Metson: We audit the demands here and then they are turned over to the owners.

Mr. Lindley: Then they go to the Finance Committee of the Board of Supervisors?

Mr. Metson: We get them from the Finance Committee. The Finance committee passes them back to us and we de-

#27

liver them to the tradesmen.

Mr. Lindley: When are they charged on your books?

Mr. Metson: As soon as we audit them we charge them. Then we advise the auditor that we have released so many demands.

Mr. Lindley: When does the auditor make his entry?

Mr. Metson: When he gets notice from us. He does not have to audit them, though, until the tradesmen deliver them to him.

Mr. Lindley: Then I do not see how there could possibly be an adjustment or reconciliation.

Mr. Metson: The fire destroyed a great many demands and they have not been presented, necessarily. It is not our duty to reconcile these accounts. I do not see what reconciliation we can make more than to advise the auditor that we have issued such demands.

Mr. Lindley: I would like to ask Mr. Dolge to give us a concrete way in which this reconciliation could take place under that state of facts?

Mr. Dolge: The auditor takes cognizance of the demand when he audits it. He enters it on his books. The result of that will be this: these demands are charged on your books here, and there is no guarantee that all of the demands will be charged on the book of the auditor. Sometimes people die and demands are not presented. I have an idea that there is not to the credit of the Park Fund in the office of the treasurer as much as 10,000 more money than is shown by your books here. Your books here show only a balance of \$2,000, for example and there is more money than that there to your credit.

Mr. Lindley: Outstanding demands.

Mr. Dolge: Outstanding demands. They will probably never come in. If there is any question of their coming in they could be cancelled here on the Park books, and

#28

subsequently if they show up for payment, another demand could be drawn for them.

Mr. Lindley: How can we adopt a system that will make those things tally every day?

Mr. Greenebaum: You cannot do it in a bank or anywhere else. Take your demands against the auditor's office, if they are not presented for payment, how can you reconcile your accounts? I cannot see any way that you can do it.

Mr. Lindley: I am quite willing to consider all of these recommendations of Mr. Dolge's in the best kind of a spirit, but I do not see how we can work out any system that will cover this matter. We carry upon our books a balance now that is a great deal less than our credit balance is in the hands of the treasurer. How can we reconcile the thing unless we have a fictitious system of bookkeeping.

Mr. Metson: Some of these demands have no doubt been lost.

Mr. Lindley: We might possibly be liable, but we cannot in conscience draw upon that fund.

Mr. Dolge: The city itself makes a practice of cancelling at the end of every two years all warrants that are not called for during the two years.

Mr. Lindley: Is there a law that requires that?

Mr. Dolge: That is a state law.

Mr. Metson: I think it is a matter of legislation and not for us.

Mr. Lindley: What result would be accomplished, what practical economical result would be accomplished by having these balances correspond, over and above the condition as it is now? We are carrying a balance here on our books very much less than we are entitled to according to the books of the treasurer. There is no opportunity for anybody breaking into that balance that is carried on the

#29

books so long as we keep our balance as it is according to our method of doing business. What economical result would be accomplished?

Mr. Greenebaum: We could go over our books and find out the vouchers that have not yet been paid. Then we might get at the balance between the auditor and the Park commission.

Mr. Metson: We know how much the treasurer owes us on demands that are outstanding.

Mr. Greenebaum: Our balance is considerably less.

Mr. Metson: We have \$18,000. to our credit in demands that have not yet been presented.

Mr. Greenebaum: What do our books show?

Mr. Metson: We have issued demands and they have not been audited. The auditor agrees that our accounts are right.

Mr. Lindley: By taking both balances, they must agree. I do not see how we can do any other way.

Mr. Greenebaum: The balance in the bank does not always agree with your balance.

Mr. Lindley: The bank has no concern with the checks that are not presented?

Mr. Greenebaum: No, but you reconcile your account with the bank and there is a difference in the balances.

Mr. Metson: The Park commission has a balance in the office of the treasurer by reason of demands that have been issued and not presented. We have checked those over time and time again.

Mr. Greenebaum: You cannot do anything else.

Mr. Metson: That has been done periodically. I believe twice a year.

The Secretary: Yes.

Mr. Greenebaum: That is all you can do.

Mr. Walter E. Linforth: Mr. Chairman, may I be

#30

permitted to say a word? I am a taxpayer here. I take a lively interest in the management of this park. I have read this report, and some of the statements here are to the point that things here are a little bit slack. If it is proper, when the time comes, I would like to ask a few questions with reference to these matters.

Mr. Metson: That is what we are here for.

Mr. Linforth: I did not know whether I had any rights here or not.

Mr. Metson: Every citizen has rights here. A citizen has the same right here that we have and we always say that he is getting paid the same salary.

Mr. Dolge: I also looked up the Park funds as a part of the city funds. If any department of the city government is doing anything that causes the funds in some other department to be slack, that ought to be remedied. The situation with reference to the Park fund at this time is this: the door is open in the treasurer's office and the auditor's office for them to put through a demand against the Park fund, cash that demand and nobody will ever be any the wiser, and the money will simply vanish. That is one particular reason why there should be a monthly reconciliation of your accounts.

Mr. Metson: That is a reflection upon us that we have been lax in our methods of bookkeeping here.

Mr. Dolge: I did not intend it that way.

Mr. Linforth: I take it as a reflection on this board.

Mr. Barry: In 1909 you made an examination of the Park funds?

Mr. Dolge: Yes.

Mr. Barry: In August, 1909.

Mr. Dolge: About that time.

#31

Q. And you say that prior to that time there was not a proper reconciliation of accounts with the auditor?

A. I do.

Q. And you say that it is an easy matter to reconcile?

A. I do.

Q. Why didn't you reconcile the accounts at that time?

A. I asked for permission to do so and the Park Board did not see fit.

Q. You were told to systemize the accounts?

A. I am not going to be catechised by y u, Mr. Barry.

Mr. Barry: I am here as a representative of the Grand Jury. I was asked to be present here as the expert of the Grand Jury.

Mr. Dolge: I was asked to install a system of account at that time, and I pointed out to the Park Commission the necessity of that reconciliation.

Q. You also at that particular time made various entries in those books?

A. I did.

Q. Did they tend to reconcile things with the auditor's office?

A. No, sir.

Q. Why did you put those figures in the books?

A. They were put in there installing the system.

Q. They were erroneous?

A. No, that is not correct. The accounts were not reconciled. I will not admit that the figures made by me were not correct.

Q. You admit this then---

A. Just a moment. Just let me finish my answer. I was in just the same position that you would be in now if you attempted to make a reconciliation. Y u would have to arrive at the outstanding demands--

#32

Q. Did you ask the Park Commission for that privilege?

A. I believe I did.

Q. Was it refused to you?

A. I do not remember. I do not think it was.

Q. You were entitled then to make that reconciliation?

A. Yes.

Q. It was not made?

A. No, sir. Mr. Metson will remember that I was called off with my work when the change in the Board came.

Mr. Metson: That was in February, 1910.

A. Yes.

Q. That is when I came in?

A. That is the time I mean.

Mr. Linforth: May I ask a question?

Mr. Metson: I want to ask one or two questions myself.

Q. If you had that before you when you were here before, why did you reflect on this Board at this time in this report for not doing that which you did not do at the time you were paid to do it?

Mr. Barry: Why were they not reconciled at that time?

Mr. Dolge: Because the natural and easiest time to make that reconciliation would be at the end of the fiscal year, June 30th. The auditor's office has a resting point at that time. It is purely an accounting proposition. It is difficult to get at the outstanding demands in the middle of the month. You can determine your bank balance at any time during the month, because all you have to do is to go down to the bank and ask them for a statement, but a matter of this kind is a difficult proposition, when you come to arrive at a balance in the middle of the month. The end of the fiscal year is the best time to do it. Any competent bookkeeper could do it then.

Mr. Lindley: Would you require the co-operation of the auditor's office.

Mr. Dolge: Yes, to a certain extent.

Mr. Lindberth: How long had you been working on the books in 1909 when you knew of the existence of these things that you have referred to?

Mr. Dolge: In 1909 I was in the same position as I am today. I was retained by the Finance Committee of the Board of Supervisors, and incidental to that work, at the request of the then Park Commissioners, I was asked to install a budget system, and a system of accounts in the Park. That was done incidentally to the other work I was doing. One of the things that developed in the course of that examination was that there had been no reconciliation. Naturally I would not go to the bottom of it unless there was some special reason for going down to the bottom of it. I simply permitted that reconciliation to take care of itself. It will work itself out as it will with a bank account. If you draw a hundred checks and at the end of the month only eighty-nine of them come back, the presumption is that eleven of those checks were not presented to the bank for payment and that you will get them the following month.

Q. How long were you working on that at that time?

A. I started in, I think, some time in 1907, possibly before that, and wound up some time in 1909.

Q. Did you have any assistants?

A. I had one assistant in doing the work. I can give you all of those facts--I can give you the exact time that I commenced that work.

Q. Do you recollect if there were any other charges made for those services.

Mr. Lindley: I do not think that is pertinent.

#34

Mr. Linforth: Q. Did you make any suggestion at that time in line with your suggestion here about making the books of the Commission corresponds with the auditor's books?

A. I am quite sure you will find such a suggestion in the report I filed at that time.

Q. With reference to these outstanding vouchers that have been issued do you not claim, or mean to claim, that those were not issued for valid claims?

A. Or, my, no.

Q. How on earth can you reconcile the books here with the books of the auditor any more than you can reconcile a man's private bank account with the banker's books where there are outstanding checks?

A. That is all I want to do.

Q. How can you do it?

A. Why, exactly as you reconcile your own bank account each month.

Mr. Linforth: You gentlemen know the vouchers that you draw against that fund?

Mr. Lindley: We do not know when they are presented for payment.

Mr. Metson: We issue claims to the various tradesmen and employes and laborers.

Mr. Linforth: And you keep a record of them here?

Mr. Metson: Yes. We keep a copy of each one here.

Mr. Linforth: So that you know those that have been presented and those that have not been?

Mr. Metson: Yes.

Mr. Linforth: Do those that have not been presented and those that have been presented agree with your balance in the books?

Mr. Metson. They do.

#35.

Mr. Linforth: How can you reconcile that in any other way?

Mr. Dolge: Let me cite an instance. There was a demand drawn for \$112.80 for the payment of a premium on the bond of a certain Park employe. I knew that that was not a proper charge against the Park funds, and when I called Mr. Netson's attention to it he very generously paid that himself. When I was here at the Park the last time I inspected the books, and there was that demand for \$112.80 still remaining on the books. That charge of \$112.80 appears in one of the former reports to the Board of Park Commissioners and the Mayor. That demand was never drawn. It was cancelled, but was not cancelled on the books. I submit that there is at least a difference of \$112.80 between the Park books and the auditor's books.

Mr. Linforth: That is simply a matter of cancelling that entry. The amount was paid out of Mr. Netson's private funds.

Mr. Dolge: Yes, but it was not cancelled.

Mr. Lindley: Isn't the sum and substance of this whole recommendation a matter of bookkeeping purely?

Mr. Dolge: Yes.

Mr. Netson: Do you not realize that this report has been taken to be a reflection upon the integrity of the Board of Park Commissioners? And how particularly sensitive the public is.

Mr. Dolge: This report is a report that was made by me to the Finance Committee of the Board of Supervisors. It was never contemplated that publicity would be given to it. The report was made to the Committee. This report is the same as dozens of other reports that I have made to the Finance Committee. It was never intended that this report should have been made public.

#36

Mr. Lindley: It should be made public. Any report following an examination of public funds should be made public. It is proper that it should be made public. I believe that this report was made in the best of faith. It is probable that you did not realize the position you would place this Board in when you made some of these recommendations.

Mr. Linforth: I have no interest in this matter aside from being a citizen and a taxpayer here. I took the very matters that have been discussed here to be a reflection upon this Board. I thought there was something in it. From the explanations made by Mr. Dolge I see there is nothing in it. It is a matter of bookkeeping--simply a matter of reconciling these books by the methods of bookkeeping. This memorandum from the records here says that you started this investigation on the last of June or the first of July, 1909, and you ceased at the request of Mr. Metson in February, 1910. Is that correct?

Mr. Dolge: I presume it is correct. I do not remember. I do not question any statement of that kind.

Mr. Linforth: You have not any animosity against any member of the Board here?

Mr. Dolge: No, sir. Why should I have.

Mr. Linforth: I do not know. I simply asked that question.

Mr. Lindley: I did not take the report in that sense at all. I did not look at it in that way. I did not take the report as bearing any animosity against anybody.

Mr. Dolge: I think you are putting me in a rather an uncomfortable position. I am a practicing accountant and I have specialized on municipal work. I have always aimed to be absolutely impersonal in making reports. I

#37

would like to point out to you that at least three of the gentlemen present were not members of the Board at that time. I have known Mr. Metson for quite a number of years, and I think and believe that Mr. Metson will tell you that I have no animosity towards him, that he has ever been able to discover. I was at great pains in the report to make no statement to that effect because of the great interest that Mr. Metson personally takes in the work.

Mr. Metson: That statement hurt me, and also my colleagues who have been doing the work here.

Mr. Lindley: I want to make a confession. I personally feel that I have not been in my share of the work here, because the large share of the work that Mr. Metson does here does not call upon each Commissioner to do the best that is in him.

Mr. Metson: I think you have all done your full share.

Mr. Lindley: I take my share of the responsibility. We all have confidence in the Chairman of the Board. I do not feel, however, that the average member of the Commission does his share of the work.

Mr. Greenbaum: Neither do I.

Mr. Dolge: The principal motive that prompted me in going into these details was to inform Mr. Metson of the details. I had no idea, of course, that any publicity would be given this report. This report was submitted some time in November.

Mr. Metson: I submitted the report to the Grand Jury and the Grand Jury then investigated the facts; I told the secretary to turn the report over to the Grand Jury. We had no one to submit here. The report was turned over to the Grand Jury in a folder, so that all of

#38

these things could be investigated by the Grand Jury.

Mr. Lindley: That shows that you wanted to bring to the Grand Jury the criticisms made by the Expert.

Mr. Metson: Now, as to the next recommendation, as a simple account method for the childrens quarters, and the costs there. What kind of an account would you suggest for the Children's Quarters? We have a requisition there that the superintendent complies with. I think that is of vital importance.

Mr. Dolge: I think some attempt should be made to segregate the expense of running the restaurant from the expense of running the picnic cafe and the sale of ice cream cornucopias.

Mr. Metson: You do not mean to segregate the restaurant from the candy and all of those items?

Mr. Dolge: You can get at approximately the cost of conducting the candy stand the picnic cage as distinct from the restaurant.

Mr. Greenebaum: That would mean considerable additional help and expense.

Mr. Barry: Did you visit the Children's quarters when you were here?

Mr. Dolge: Yes.

Mr. Barry: Do you know the superintendent of the Children's Quarters.

Mr. Dolge: Yes.

Mr. Barry: It happens that for the last eight months there has been an acting superintendent there. A lady.

Mr. Dolge: I have not met her.

Mr. Barry: Did you meet Mrs. La Rue.

Mr. Dolge: I don't know whether I met her or not.

Mrs. La Rue: I never saw him in my life.

Mr. Dolge: I did not go over there to make any

59

examination of the records.

Mr. Barry: You do not know what books they keep over there?

Mr. Dolge: Not in detail, no.

Mr. Barry: Then your suggestion might be entirely wrong?

Mr. Dolge: It might be, yes.

Mr. Barry: The fact of the matter is that at the present time they do keep the very registration that you are recommending here.

Mr. Metson: In regard to the cost of articles there. I am vice-president for two concerns here, large stores. I have copies of the superintendent's reports, with the figures, sent to me for my examination. I submit those lists to these concerns and have them check up the prices in their offices, and in that way I individually see that the prices are as near right as I can. Would you suggest any other way to watch the cost of the goods that?

Mr. Dolge: I know the Park has had experience with reference to this matter. It seems to me that in the Park would purchase largely it would have all possible ground for criticism there--if certain the used land was contracted for rather than being sold in the open market as you are doing.

Mr. Metson: With reference to contracts. You have got a strong impression there. The city has got contracts on bids for all departments. The city engineer is somewhat of a rancher himself and I think he has many thousand acres. Judge Lindley is also a rancher.

Mr. Lindley: To my regret.

Mr. Metson: Then you are an agriculturalist. We know that prices are paid for goods, because of the buying and selling. We have a market for this kind of thing and when these bids come in--they always come in some, and we open them before the bidding is made. If we ascertain

#40

that the city bid is lower than the bids that come to us, we take the city contract. Did you know that?

Mr. Dolge: Yes, I knew that.

Mr. Metson: If it is higher we reject the bid. If we find there is a combine around town, as there has been frequently on hay and grain, we reject all of the bids and buy in open market. We have never lost anything so far as those things are concerned, as yet.

Mr. Dolge: I was not referring to contracts with reference to hay and grain. I am familiar with that. I was referring to the material used at the Childrens quarters. There is a very considerable amount of it that could be provided by contract and the regular schedule.

Mr. Lindley: Several things we need there are not covered by the present schedule.

Mr. Metson: What have you to say with regard to our purchases with reference to the Children's quarters.

Mr. Dolge: There has been too much open market purchasing.

Mr. Lindley: At exorbitant prices?

Mr. Dolge: I would not say the prices were exorbitant.

Mr. Lindley: It gives rise to opportunity for irregularity?

Mr. Dolge: I wouldn't like to use the word "irregularity". Take the coffee, for instance. The prices of coffee have gone up and down not quite with the market.

Mr. Lindley: It is purchased in small quantities.

Mr. Dolge: My principal criticism is that it is purchased in a small quantity in the open market rather than an arrangement made for a large quantity covering a long period of time.

Mr. Linforth: If they bought in large quantities would they not have to store the goods?

#41

Mr. Dolge: Not necessarily.

Mr. Greenebaum: In countersigning many of the demands I take special pains to find out where the goods are bought. Most of the things you mention were bought from the most respectable houses in San Francisco who would under no circumstances take advantage on the little stuff that we buy for the Park.

Mr. Barry: In reference to coffee, the custom of the city is to call for a certain quality of coffee. That coffee is used at the county jail, also at the city prison, and perhaps is not absolutely the best. The policy at the Childrens Quarters is to get absolutely the best of everything. Take in the matter of butter, the city has cold storage, but fresh butter is used at the Children's Quarters all the time. The city, when the fresh butter rate is low, gets fresh butter, otherwise it uses cold storage butter. When the cold storage butter rate falls below that of fresh butter, then the cold storage butter is used, but the idea at all times is to get the best possible for the Park.

Mr. Metson: We are very jealous about the babies over there. We like to take very good care of them.

Mr. Greenebaum: We do not want the children to get bad food over there.

Mr. Barry: The sugar contract is a city contract. That is perhaps one of the largest contracts the city buys. The quantities that go into the Children's Quarters are not very large, perhaps, but sugar is furnished to the city under a contract.

Mr. Metson: I would rather see it if the city cannot furnish the best that is obtainable for the babies over there. We buy the best of food.

Mr. Greenebaum: We try to.

Mr. Metson: I have gone to the Children's Quarters

#42

gone into the kitchen and taken samples of the food down to Smith & Emery and had them analyzed at my own expense. I have sent Smith & Emery out there to buy things, and they have taken them down to their office and analyzed them, because I wanted to be sure that the City Chemist here was making the examinations that we expected of him. I know that Mrs. La Rue sends down samples of butter, milk and cream to the City Chemist for analysis. The prices of all those things are checked as I have suggested. You say something here about the storage of supplies. There is only about \$500. per month on the average, of goods used out there at the childrens playground that could be stored, in any event. You cannot store ice, cream, or ice cream, or any of those articles. My idea is that if we had to hire a storekeeper out there to store the small quantity of goods that possibly might be stored there, we would be losing money.

Mr. Lindley: I think most of the goods we use out there are perishable, and could not be stored very well.

Mr. Nelson: The principal purchases there are perishable. Those which are not perishable amount to about \$500. a month. The cost of keeping a storehouse generally runs up five or ten per cent. on your purchase price. There is a certain loss by waste, and I do not believe you could get a storekeeper for less than \$75. a month.

Mr. Lindley: It is pretty difficult to handle an activity of that kind on strictly scientific business lines. You have got to have more or less flexibility.

Mr. Linforth: Did you have any experience in matters of that kind before you got up that report?

Mr. Dolg: What do you mean by "experience".

Mr. Linforth: In regard to the suggestions you have made touching this matter with reference to the children's

#43

Playground?

Mr. Dodge- You mean experience in running an institution of that kind?

Mr. Linforth: Yes, before you made up this report?

Mr. Dodge: No, sir.

Mr. Linforth: You did not have an experience in running an institution of that kind and you did not even examine the books they had there?

Mr. Dodge: I never had any experience in running a restaurant, or a candy store, or anything of that kind.

Mr. Lindley: The criticism is from the standpoint of accounting, as I understand it.

Mr. Watson: Mr. Dodge has indicated policy here. He has gone beyond mere recommendations of accounts. He has suggested a policy to us.

Mr. Dodge: I certainly have, Mr. Watson.

Mr. Watson: In regard to the sale of Park postal cards, and so forth.

Mr. Dodge: In connection with all of these recommendations, I will say again, that I did not contemplate that this matter would become public property. It is one thing for me to make a set of recommendations to the Park Commission, suggesting certain things, that will involve a change of policy, and it is quite another thing for me to make certain recommendations which will become public property. I might say certain things to the Mr. President, or to Judge Lindley, that I would not put in writing, yet I would tell it to the public. Again I might put something in writing in a personal letter that I would not want to be made public.

Mr. Greenebaum: The publication of this report has created some stir among my friends, and among friends of my friends. That is the reason I want to know about it.

Mr. Barry: At the present time they sell postal

#44

cards at the childrens quarters.

Mr. Metson: You did not know that, did you?

Mr. Dolge: Yes, I knew that.

Mr. Metson: We tried it and abandoned it for the reason that it required too much watching and the income was insufficient to justify it. It might work out all right if we tried it again, but I do not know. It was not patronized. At the Beach Chalet there is no one that goes out there except women, nurses mostly, and children. We felt they would not buy anything out there at all, consequently postal cards and such things are not placed on sale there. Now, with reference to the charge for the storage of model yachts. What is your idea of that?

Mr. Dolge: Where there is a special service rendered by the Park to an individual I think a charge should be made for it. I think the owners of those model yachts should be charged a small fee for the storage of those things. I know that it is not the general policy of the Park, but it struck me that a small fee might be charged for the storage of those model yachts.

Mr. Metson: Those model yachts cost four or five hundred dollars, some of them, and are quite an attraction to a great many people. We had this building that was not being used for any purpose, we wanted people attracted to the Park, and drawn away from other portions of the Park where there was congestion, we made it attractive for the model yacht people, they having put quite a little money into those little things, and we permitted them to store them there and made no charge for the storage.

Mr. Dolge: I understand that it has been suggested if the Park make a charge the Park would become liable for the property that is stored there.

#45

Mr. Metson: Those model yachts are stored there with the distinct understanding that there is no liability on our part whatever. It was to encourage them to come there. We told them they could store their yachts there without charge. In view of that, do you think your recommendation is a good one?

Mr. Dolge: I should think not.

Mr. Metson: As to the clay deposits and rock quarry, both will become of increasing value. We know that. We have a rock quarry on Strawberry Hill, and we have a rock quarry that a citizen of San Francisco has been kind enough to let us have the use of free of charge. He practically indicates that he will continue to do so. As to the clay deposit, Mr. McLaren has just pointed out on his new grounds along the line of the railroad and there is another nearer at hand, so if a new railroad is built, that probably will yield something. And we are as near a clay deposit as we can get.

In regard to this matter I want to ask you the facts about that, Mr. McLaren?

Mr. McLaren: Most of these men have been there a long time. There is a man at the pump station, and a man at each of the windmills.

Mr. Metson: They have free rent?

Mr. McLaren: Yes, you have the three windmills. If we did not give them their rent, they would have to pay that more money.

Mr. Lindley: That rent is paid to the Metsons?

Mr. Dolge: This was in a sense intended to be criticism. It was simply a suggestion, a criticism, to inform themselves on that point. I am in no position to judge whether those men are properly paid or not. I merely stated that there were certain employees of the Park who

#46

enjoyed free rent.

Mr. Metson: There are none others?

Mr. McLaren: The Japanese up there get their rent. That is an agreement that was made with them.

Mr. Lindley: It is part of the agreement by which they went in there?

Mr. McLaren: Yes.

Mr. Barry: Is it necessary for these men to be there both night and day.

Mr. McLaren: Yes.

Mr. Barry: They have to be there?

Mr. McLaren: Yes, they have to be there all the time.

Mr. Barry: Isn't it stipulated in their contracts that they shall have rent free?

Mr. McLaren: Yes.

Mr. Metson: There is one other matter in the report. It is in regard to the Children's Quarters, showing that we have overdrawn the fund \$6,000. As I understand that, we could not pay the June bills in June. We cannot get the merchants to come in with their accounts which have to be presented and sworn to in June, for the June Demands.

Mr. Dolge: Absolutely you cannot very well.

Mr. Metson: I went after Mr. Munro about that pretty hard, I sent him out there, and he installed a system and checked on it occasionally. He can give some figures on that. I asked him to come out here to day. Mr. Munro says there is no overdraft at the Childrens Quarters of \$6000. This is the way that Mr. Munro works it out if r no

Mr. Dolge: Do you expect me to pass on those figures now?

Mr. Linforth: Does Mr. Dolge say there is an overdraft of \$6000. at the Childrens Quarters?

#47

Mr. Metson: Yes. I did not allow us for the month of June in the preceding year, but charged us with the month of June in 1913.

Mr. Dolge: I did not, Mr. Metson. Here are the bills for 1912. Here are the bills that were contracted for the month of July. Here are the bills that were paid in the month of July. I analysed the demands that have gone through during the period from May 1, 1912 to June 30th, 1913. I located each demand in reference to the month in which it was paid, and secondly, in the reference to the month in which it was incurred. These are actual disbursements. This represents the month in which the demands were incurred. This is the month when the demands were paid. January, 1913 is applicable to July, 1912. This is a payment of \$1.25 paid in May, 1913 and is applicable to July, 1912. If you will observe the May Day expenses, the May Day of 1912, paid some 1.00, some in June, some in July, some in August, and some as late as April, 1913, it was \$1464.78. The May Day expense of 1913, that is, disbursements only, is \$607.24, indicating very plainly that there are still some outstanding bills. Deduct these totals for those three months, that is, for May Day, and also for June, and compare it with the other three months and it will indicate a shortfall of about \$6000.

Mr. Metson: You are talking about June of 1913.

Mr. Dolge: Here is the bill for June 1912; here is July here, and so on. These are all bills applicable to previous years. They foot up \$5,100. The bills that were paid in 1913 for the same months are very much less. For instance, take that \$4300. there and deduct that, and you have got your actual expense for June 1912.

#48

Mr. Barry: Wasn't this operating expense for the month of May?

Mr. Dolge: You see that it is not. From the statement it appears that the Childrens Quarters have been operated at a profit. You draw the inference from that.

Mr. Barry: Do you know how many bills were outstanding on June 30th?

Mr. Munro: \$4800.

Mr. Barry: How many bills were outstanding at the end of June, 1912?

Mr. Munro: \$6100.

Mr. Barry: That is a credit of \$1600.

Mr. Dolge: I will not agree to anything of that sort.

Mr. Linforth: May I ask one question? How long have you been an accountant? I ask that because I do not know you.

Mr. Dolge: I have had my certificate for five years.

Mr. Linforth: You have been following that occupation during that time?

Mr. Dolge: Yes. I have been a public accountant for eight years.

Mr. Linforth: Do you know the gentleman that has been talking to you here?

Mr. Dolge: Mr. Barry, yes.

Mr. Linforth: Do you also know this other gentleman?

Mr. Dolge: Yes, Mr. Munro.

Mr. Linforth: He is an accountant, is he?

Mr. Dolge: Yes.

Mr. Linforth: You and he do not agree on these books?

Mr. Dolge: I do not think that Mr. Munro disagrees with me. Mr. Munro has just been pointing out something to me that he evidently does not agree on with me. I do

#49

no see it. I may be wrong. I am not infallible.

Mr. Linforth: You may be wrong?

Mr. Dolge: Yes.

Mr. Linforth: And the statement in the report that there is an overdraft out there of \$6000. May be wrong?

Mr. Dolge: Yes, that may be so.

Mr. Linforth: And the statement that there may be an overdraft of \$4000. May also be wrong?

Mr. Dolge: I think so.

Mr. Metson: Look at this paper, please.

Mr. Dolge: I am very ready at any time publicly to say that I am wrong, when I am convinced that I am wrong.

Mr. Metson: I do not question that. That was something that surprised me, because we have tried to keep track of things there, to know whether we were out there or not. These other figures as to the cost of the Park and one thing and another, Mr. Dolge, in your report.

It would be impossible that our figures be all wrong. It is impossible to make a comparison of the different parks, as you do. Take Lincoln Park, for instance, they cost about \$2,000. per acre per year.

Mr. Dolge: I do not remember that. Our figures are not compared with Lincoln Park, except to say that they are less than Lincoln Park are very good.

Mr. Metson: You say that the Lincoln Park has very good financial reports, and that the reports of the management has been extravagant.

Mr. Dolge: Oh, no.

Mr. Metson: You say that the management of the Children's quarters is extravagant and was bad.

Mr. Dolge: That I do not say.

#50.

Mr. Lindley: It is \$250. an acre on this park, as against \$2,000.

Mr. McLaren: One hundred and eighty-eight.

Mr. Lindley: And they get \$2,000. at Lincoln Park.

Mr. McLaren: Yes.

Mr. Metson: In one place here you say you cannot make a comparison then you go on and make comparisons to our detriment.

Mr. Dolge: I obtained that data from the Bureau of United States census statistics for the year 1910. I will be glad to submit that to you gentlemen. I tried to make up a relative statement on the basis of acreage. A great many of the park reports do not give the acreage contained in the parks.

Mr. Metson: Do you think that is a fair criticism of our methods here?

Mr. Dolge: I am not criticising the methods. I was simply making the proposition that the Park does not get as much money as other cities in the country, proportionately and relatively.

Mr. Metson: Does not get as much?

Mr. Dolge: Yes.

Mr. Linforth: The statement is to the contrary.

Mr. Metson: That is the way I understand it.

Mr. Barry: We spend more money.

Mr. Dolge: I was endeavoring to show that the City of San Francisco got relatively more money than other cities that were even larger than San Francisco.

Mr. Metson: That is the way I understand it.

Mr. Dolge: For example, here is a chart showing the outlays both for maintenance and for improvements in the Park.

Mr. Metson: That is according to population.

Mr. Dolge: These are all based upon population-- these statistics are.

#51

Mr. Metson: You say in here that we are extravagant in our work and expenditures. That is the way I understand your report.

Mr. Dolge: The whole purpose was to advise the Finance Committee that on the basis of those statistics San Francisco was apparently and actually getting more money per capita than most of the larger cities.

Mr. Linforth: Are not the parks here more scattered than they are in other cities?

Mr. Dolge: I am not sufficiently familiar with the park situation in the different cities to be able to answer that. The statistics I have here give information in regard to Boston and Chicago, for the year 1910.

Mr. Linforth: Did you make any inquiries regarding their parks in the country before you made this criticism?

Mr. Dolge: I did not write any letters, no.

Mr. Linforth: You are aware that in accordance with the mild winters in San Francisco conditions here seem to be better? Did you take into consideration here that they have to sprinkle perhaps ten or eleven months in the year, whereas in the large cities in the East they get rain about every day in the summer?

Mr. Dolge: I can tell you something about the situation in New York. It is just the same there as it is here. They afford a great deal of entertainment to the public in the winter time, and that involves considerable expense at that time.

Mr. Linforth: Did you take into consideration that our winters are mild here and that we have to sprinkle practically ten months in the year, and that in most of the larger cities in the East they have rains every day in the summer, and in those places they have very cold winters for about six months in the year?

Mr. Dolge: I think you will find from an examination

#52

of the superintendent's reports that he reduces his force very materially as winter approaches. I think the force is down to about its lowest point in about January or December.

Mr. McLaren: That is about right. In South Park, Chicago, in the summer time they employ three thousand men, and in the winter fifteen hundred. We may employ fifty or sixty in the winter.

Mr. Lindley: What is your maximum employment?

Mr. McLaren: Three hundred and fifty. There are thirteen park systems in Chicago. The South Park system employs three thousand men in the summer and about fifteen hundred men in the winter time.

Mr. Linforth: The number of the employees is reduced about fifty per cent. in the winter?

A. Yes.

Mr. Barry: And the acreage in South Park and here, how do they compare?

Mr. McLaren: About the same.

Mr. Linforth: Mr. Dolge said that he did not know anything about the conditions of the parks in the eastern cities.

Mr. Dolge: I only went into it to the extent of the information given by the Bureau of United States Census Statistics.

Mr. Metson: Chicago has \$12.75 on \$100. of taxation, and the maximum we are allowed is \$7. Is not that right?

Mr. Dolge: I do not know.

Mr. Metson: You wrote this report with the idea of conveying information to the public that we are extravagant?

Mr. Dolge: No, sir. I wrote that with the idea of conveying information to the Finance Committee, and I will

#53

stand on it until I am sure that I am wrong. The amount the City sets aside for park purposes, seven cents, as compared with other cities of the United States seems to be a very little amount.

Mr. Metson: Why did you pick out Lincoln Park and make a comparison.

Mr. Dolge: I do not think that paragraph can be construed as comparing Lincoln Park with Golden Gate Park. I do not consider it as a comparison. It is not so intended.

Mr. Metson: You picked out all of the things that would put the Park Board in wrong with the public and the Board of Supervisors here in order that some of the rich men of this city, who may die some day, and will be willing to give the City of San Francisco some of their money for park purposes, if they have confidence in the Park Board, and now they will get the idea that the Board is incompetent and extravagant and will not do anything. That is about what it amounts to.

Mr. Dolge: You are entirely wrong, Mr. Metson. That report was not written with any such idea in view. I tried to explain all of these things in this report, and I had no idea it was going to be made public. This report as I have said, was prepared for the benefit of the Finance Committee, to show the situation of the City here. It is an unfortunate thing that it should become public property.

Mr. Greenebaum: I think it is a very good report.

Mr. Lindley: I think that the report should be made public. Any recommendations for the betterment of the service here ought to be made public.

Mr. Linforth: You say that you did not intend to make a comparison, but the report seems to indicate you did.

#54

Mr. Dolge: I spoke there of the financial accounts of Lincoln Park.

Mr. Linforth: And you compared that with the extravagance of the Board here.

Mr. Dolge: That has nothing to do with extravagance at all. It was in comparison with the accounts here. That is all. I am perfectly willing to concede that the paragraph just referred to by President Metson, with reference to the Park report, might be misconstrued.

Mr. Linforth: I thank you gentlemen for permitting me to interfere here. I came out here because I thought you gentlemen were subject to criticism but I am happy to say that you are not.

Mr. Barry: Do you say that our system of accounting here is all wrong?

Mr. Dolge: You know as well as I do that there are various methods of bookkeeping that could be introduced here that would answer that purpose. So far as the bookkeeping is concerned my principal criticism is to the fact that the procedure here installed is not being carried out.

Mr. Barry: The bookkeeping installed by Mr. Munro?

Mr. Dolge: Yes, it is not being carried out.

Mr. Metson: As soon as this report came out it was turned over to you?

Mr. Barry: Yes.

Mr. Metson: You are the expert for the Grand Jury?

Mr. Barry: Yes.

Mr. Metson: And you came out and went through the books?

Mr. Barry: Yes; with particular reference to those matters commented upon in the report. There are certain matters in the report about which I wanted to question

55

Mr. Dolge, and I will cite one of them: in the report he says that at the Beach Chalet Ivory soap was purchased for \$3. and at the Children's Quarters for \$4. At the Beach Chalet they used ten cent cakes and at the childrens quarters they used five cents cakes.

Mr. Lindley: The inference was that they were paying \$3. in one place and 4. in another place for the same thing.

Mr. Dolge: I did not see that in the report. The report does not say that. The report says a case in one place and a box in another place.

Mr. Barry: I looked up the wholesale price on Ivory Soap. A box of five cent cakes can be bought for \$3.90 and a box of ten cent cakes can be bought for \$6.90. That is the difference on the five cent and ten cent cakes.

Mr. Dolge: In one place a case was purchased and in another place a box was purchased.

Mr. Barry: There is no question as to the inference there is that Ivory soap was purchased in one instance for \$4.50 and in another instance for \$3.

Mr. Dolge: I am telling you that in one instance a case was bought and in another instance a box was bought.

Mr. Barry: There are occasional mistakes in your report, and that is one of them. I think that you should have obtained information before you made these statements here, and used them for the purpose of the trial.

Mr. Lindley: The probabilities are that the inference jumped to conclusions.

Mr. Barry: These are the circumstances: In March 22, 1912 there was a case of soap purchased for \$4.50. In December 1912 Mr. McLaren purchased the same soap for \$3.50. I would like to ask Mr. Dolge whether he investigated to ascertain if there was any change in price during that time?

#56

Mr. Dolge: I did not investigate.

Mr. Barry: Was the price the same March 2, 1912 and December 2, 1912?

Mr. Dolge: I do not know.

Mr. Barry: The comparison is not of any importance because you have not made any investigation.

Mr. Metson: It is the wholesale price in one instance and the retail price in another.

Mr. Dolge: I think that is it.

Mr. Metson: Did you find here we have been stealing any money?

Mr. Barry: No.

Mr. Metson: You think that Mr. Dolge's figures in regard to the Children's quarters are a mistake?

Mr. Barry: I am satisfied that they are.

Mr. Lindley: I wish you would check that matter up and see if you can get together. A wrong impression has gone out about the condition of affairs here. You ought to get together and see if you can agree on that.

Mr. Metson: Your conclusions regarding the Children's quarters are the same as Mr. Barry's, Mr. Munro?

Mr. Munro: Absolutely.

Mr. Metson: Do you want to make any further criticism, Mr. Barry?

Mr. Barry: No, not at this time.

Mr. Metson: Just to clarify the atmosphere the park Board met the other day and determined that they did not want to be bound by the findings of any accountant employed by them, because it might be said that there would be more or less favoritism shown by such an accountant, therefore, the Board felt that the men who are most in touch with accountants in San Francisco should select one, and to that end a letter was written by the President of

#57

If the board to Mr. Archibald Kaine, requesting that he select some accountant to come out here and make an examination of our books, to see what the situation was, and that he make a report upon it, whether favorable or unfavorable. You gentlemen have a copy of that letter.

Mr. Lindley: I move that the action of the President be ratified, and that the accountant selected be requested not only to go over the books, but to make such recommendations as he may see fit; and that the Park Commission will pay the bill, not from the Park Funds.

Mr. Barry: I will be glad to give a limited amount of my time to the accountant selected.

Mr. Metson: That will be very nice if you indeed. I would be very glad to have Mr. Barry and Mr. Munro make some effort to reconcile all of these things.

A Citizen: I have a friend in London, and he had a black swan that he says came from Java. He would like to know if you want to take care of it or not.

Mr. Metson: We will be very glad indeed to get it. We are thankful to you for telling the interest in it here.

The Citizen: He wanted to know whether it would be acceptable.

Mr. Metson: We will be very glad to get it.

The Citizen: I can answer that. I will send it to the superintendent, and he will take care of it.

Mr. Metson: Yes.

Adjourned.

There being no further business, the meeting adjourned subject to the call of the next day.

Report on water.

Adjourned.

San Francisco, February, 19th, 1914.

Called meeting.

At a called meeting of the Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, February 19th, 1914:

Present were: Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum.

Absent were: Pres. W. H. Metson,
Com. Curtis H. Lindley.

A. B. Spreckels
President pro tem.

In the absence of President Metson, Com. Greenebaum moved that Com. A. B. Spreckels act as Chairman, motion seconded by Com. Cummings. The motion being put by the Secretary, was carried unanimously.

Minutes adopted.

On motion of Commissioner Cummings, seconded by Com. Greenebaum, the minutes of the previous meeting, a copy of which had been sent to each Commissioner (subject to correction) were approved as the minutes of the meeting held February 5th, 1914.

Re. Hamilton Sq.

Mr. H. Studzinski, 1000 California Street of Hillmore Street Improvement Co., presented a petition for the transfer of the whole of Hamilton Square to the jurisdiction of the Playground Commission, as he stated it would then be used for baseball playing and it would not be safe for such purposes, as it will be used as a playground for the safety of the citizens of the city. It was informed that the Commissioners were doing all they could to have the present school building removed from the Square before any action will be taken on the petition, after which all persons interested will be given a hearing.

Re. Max Cook, a
blind man,
referred to
Supt. McLaren.

Mr. Max Cook, a blind man, appeared before the Board and asked permission to use the sidewalk near the

Ocean Beach that did not appear to be under the jurisdiction of the Board of Park Commissioners. He stated that he had been singing there for a year and a half but recently the police had prevented him. He had called on his Honor the Mayor who had referred him to the Park Board.

The matter was referred to Supt. McLaren who promised to call upon Mayor Rolph and see what can be done for Mr. Cook.

Re. convenience
stations in
Hamilton and Alamo
Squares.

From Mayor's Assistant Secretary McAtee requesting information as to what is being done towards the construction of the convenience stations in Hamilton and Alamo Squares.

Mr. McAtee was informed that the plans were being prepared in the office of Reid Bros. and as soon as received and approved the work of construction will begin.

Request for elk
referred to
Supt. McLaren.

From John M. Libou, Los Olivos, California, stating that he is well equipped to give elk the best care and best advantages for propagation and he therefore respectfully requests the Board of Park Commissioners to allow him a pair of elk in the Park. Best of references will be given and he will pay all expenses for crating and shipping the animals.

Supt. McLaren reported that two elk can be spared sometime in the Fall of the present year and the matter was referred to him and the Secretary instructed to so notify Mr. Libou.

Re. planting wild
flowers referred
to Supt. McLaren

From the Outdoor Art League submitting the following project which they have in view, to wit: plant the piece of ground near the Smoke Stack in Golden Gate Park with wild flowers where the children of the Orphanages may pick them at the invitation of the League only.

Referred to Supt. McLaren.

5

Re. site for convenience station in Hamilton Sq.

From the West of Fillmore Street Improvement Club stating that it had been reported to them that the Board of Park Commissioners intended to erect the convenience station in Hamilton Square on the north side of the present tennis court near Steiner Street. By unanimous vote they had approved the selection as being eminently satisfactory to the property owners of the vicinity. Communication ordered filed.

Re. Compensation Act, referred to Supt. McLaren.

From the Board of Civil Service stating that it is the desire of the City and Board of San Francisco to comply with the provisions of the Compensation Act of the State of California, and that it is the purpose of the City and Board of San Francisco to carry its own insurance and proper provision to be made in the next budget for 1915.

Referred to Supt. McLaren.

Re. Budget for 1914-1915.

From the Board of Civil Service stating that all Departments file the Budget for the fiscal year 1914-15 with the Board of Civil Service by March 16th, 1914.

Referred to Supt. McLaren.

Request to sell articles at Verdi Festival denied.

From Verdi Monument Association, Pres. Watson requesting permission to erect a booth at the site of the Verdi Monument, the proceeds to be sold for the benefit of the Park. Also requesting that on that day the program of the Verdi Festival be a sketch of the life of Verdi and that the proceeds be sold.

Pres. Watson informed that the Board of Civil Service Committee had no objection to the request. The request could be granted. The Board of Civil Service of the Park to sell articles at the Verdi Festival sold in the Park that is in the public interest of the public.

The contents of the Verdi Monument Association's letter were approved and the requests denied.

Request to pave
Kearny Street.

From the North Beach Promotion Association
requesting the Board of Park Commissioners to recommend
to the Finance Committee of the Board of Supervisors that
they make provision for the paving of Kearny Street
between Greenwich and Filbert Streets said block being
bounded on one side by Pioneer Park, City property.

Secretary to send copy of letter to the Board of
Public Works and the Board of Supervisors.

Request for con-
venience station.

From citizens in the vicinity of 10th Avenue
and Fulton Street calling attention to the absolute neces-
sity of a convenience station at 10th Avenue and Fulton
Street for the crews of the Municipal Railway. The pres-
ent conditions are causing a nuisance and should be rectified.

Secretary to send copy of letter to the Board of
Public Works.

Re. chimney at
Log Cabin.

From the Pioneer Women of California informing
the members of the Park Commission that the fireplace
in the Log Cabin cannot be used because there is not suf-
ficient draught which causes the cabin to become filled
with smoke and the cabin cannot be used without a fire
as it is too damp and ask that the Board give this matter
their attention.

Re. sea wall on
Ocean Beach

From Mayor's office with enclosure from Mr. G.
H. Sanders with suggestions for the improvement and pro-
tection of the Great Highway by a sea wall.

There being several communications on the same sub-
ject from different persons, Chairman Spreckels instruct-
ed the Secretary to keep them together for future refer-
ence.

Offer of elk
declined.

eight deer: two bucks, one a year old and the other, 2 1/2
years old; and six does. All in good condition and dis-
tinct. The eight may be purchased for \$250.

Declined with thanks on account of lack of funds.

San Francisco, March 13th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Friday, March 13th, 1914,

Present were: Pres. W. H. Metson,
Com. A. B. Spreckels,
" Curtis H. Lindley,
" Sigmund Greenebaum.

Absent: Com. M. Earl Cummings.

Minutes adopted.

On motion of Com. Lindley, seconded by Com. Spreckels, and carried, the minutes of the previous meeting, a copy of which had been sent to each Commissioner (subject to correction) were adopted as the minutes of the meeting held Thursday, February 19th, 1914.

Re. parking Pt.
Lobos Avenue.

A large delegation of citizens, members of the Sutro Heights Improvement Club, appeared before the Board advocating a plan to park Pt. Lobos Avenue and Geary Street from the gore corner of 40th Avenue to 48th Avenue, both these streets being one hundred and twenty five (125') feet wide. Designs were submitted representing the streets when parked.

Mrs. Dr. Merritt thought it a good investment for the City from a business point of view as it makes the section a preferred residential district by parking the said streets, which will never be done once they are paved with bitumen.

Secretary C.M. Stolz stated that the parking of both streets could now be done at a minimum cost and the members of the Club desire an expression of opinion from the members of the Park Board before they go before the Board of Supervisors and ask for money to pave both streets

#2

if the Park Commissioners would take care of the streets' parked area.

Com. Lindley stated that the Board would establish a precedent by such action and that they would expect other people would want the same done for them. He reminded the Committee that the people voted against an Amendment to increase the Park expenditures at the last Election,

Pres. Metson informed the delegation that the Park finances were down to a maintenance proposition, and therefore they could not assume other expenditures..

Com. Lindley moved to refer the matter to Supt. McLaren with instructions to report at the next meeting the cost of maintaining the proposed park spaces on Geary Street and Pt. Lobos Avenue.

Tennis courts for Buena Vista Park requested.

A Committee from the Haight and Ashbury District Improvement Club asked for the construction of tennis courts in Buena Vista Park, offering to contribute any sum of money in excess of one thousand (\$1000.) dollars that the courts may cost the Board of Park Commissioners.

Request deferred until next meeting.

Septic tank not to be constructed.

Communication addressed to Pres. Metson by City Engineer O'Shaughnessy, in which he assures the President that his office has no intention of constructing a septic tank in Golden Gate Park near the South Drive and 48th Avenue and that the main sewer will not discharge at any point in the Park.

Communication ordered filed.

Relative to Hamilton Square.

From the Divisadero District Improvement Club with enclosures from the San Francisco Congress of Mothers Club and the North of Panhandle Improvement Club endorsing the transfer of Hamilton Square to the Playground Commission.

#3

Secretary instructed to acknowledge receipt and keep all such communications together for future action of the Board.

Re. sickness of
Patrick McHugh

Communication from A. B. Chaquette addressed to Supt. McLaren in which he reports the continued sickness of Patrick McHugh whose sickness is the result of conditions that exist on the work that his duties as ditch man required him to do.

Letter filed.

Re. insurance
policies.

From E. W. Harmon requesting that insurance policies on paintings by Wm. Keith be returned to him.

Referred to Pres. Metson.

Re. sea wall.

From Secretary Rainey with enclosure from J. Schneider suggesting a plan to improve the Ocean Beach with a stairway bulkhead.

Secretary instructed to acknowledge receipt and file letter away with all others on the same subject.

Opinion on Jeffer-
son Square lec-
trical Station.

From Percy V. Long, City Attorney, giving an opinion on the subject "Can Jefferson Square be used for an Electrical Station for the Police and Fire Departments?" His opinion is as follows:

"By virtue of the adoption of Charter Amendment #32 at the last Charter Amendment election authorization is given to the Board of Supervisors by ordinance to set aside a suitable site in Jefferson Square for the purpose specified in the Amendment, which was approved by the Legislature on March 28th, 1913 and therefore the City and County will not lose its rights to the ownership of Jefferson Square by virtue of carrying out the terms of the above Charter Amendment".

Opinion ordered filed.

Opinion re. trans-
fer of Hamilton
Square to Play-
ground Commission.

From Percy V. Long, City Attorney, giving an opinion on the subject "Can Hamilton Square be transferred to the Playground Commission?" His opinion is as follows:

#4

"The Charter, Article XIVa Section 9, gives the Park Commissioners power to set apart either absolutely or for a definite period of time such parks and squares or portions thereof as they may see proper, except Golden Gate Park, or Mission Park, for use as a Childrens Playground and the same shall be, to the extent of that use, under the exclusive control of the Playground Commission.

A portion of Hamilton Square by Resolution passed by the Board of Park Commissioners and adopted June 16th, 1911, was given over to the Playground Commission under the authorization of the above section of the Charter. It would appear from the foregoing that there is complete authority in your Board to make the transfer to the Playground Commission as the property would still be used as a "public square for public use" while used as a playground".

Opinion ordered filed.

Re. purchase of
new automobile.

From the Locomobile Company of America explaining at length the conditions of the sale of their car and the conditions of the allowance for the old car. The selection of a machine had been referred to Supt. McLaren-after demonstrations of the different cars had been given the Superintendent, he recommended the Locomobile.

A motion was made by Com. Spreckels, and seconded by Com. Greenebaum that the Locomobile machine, recommended by Supt. McLaren, be purchased. Motion carried by the following vote: Yeas, Pres. Metson, Com. Greenebaum and Com. Spreckels. Excused-Com. Lindley.

The question of accepting a guarantee of one thousand (\$1000.) dollars for the old car, or retaining it as the property of the Park Commission, was referred to Pres. Metson with full power to act.

Re. paper towels

"The Charter, Article XIVA Section 9, gives the Park Commissioners power to set apart either absolutely or for a definite period of time such parks and squares or portions thereof as they may see proper, except Golden Gate Park, or Mission Park, for use as a Childrens Playground and the same shall be, to the extent of that use, under the exclusive control of the Playground Commission.

A portion of Hamilton Square by Resolution passed by the Board of Park Commissioners and adopted June 16th, 1911, was given over to the Playground Commission under the authorization of the above section of the Charter. It would appear from the foregoing that there is complete authority in your Board to make the transfer to the Playground Commission as the property would still be used as a "public square for public use" while used as a playground".

Opinion ordered filed.

Re. purchase of
new automobile.

From the Locomobile Company of America explaining at length the conditions of the sale of their car and the conditions of the allowance for the old car. Com. Spreckels moved that Com. Lindley be elected Chairman of the meeting, seconded by Com. Cummings. The motion being put by Secretary de Succa, was carried unanimously.

Minutes adopted.

On motion of Com. Spreckels, seconded by Com. Cummings, the minutes of the previous meeting, copies of which were sent to the Commissioners, (subject to correction), were approved and adopted as the minutes of the meeting held March 26th, 1914.

Re. convenience
stations in Alamo
and Hamilton Sqs.

Supervisor John O. Walsh appeared before the Board stating that he called to learn what was being done toward the construction of the convenience stations in Alamo and Hamilton Squares, for which money had been allowed by the Finance Committee of the Board of Supervisors.

While Supervisor Walsh was speaking a messenger from Reid Bros., Architects, brought in the design of the convenience station for Alamo and Hamilton Squares; he inspected them and remarked that "it looked like business" and that he would now urge the Finance Committee to place the money to the credit of the Park Fund so that the work may commence at once.

Supervisor Walsh also expressed himself in favor of an underground convenience at Marshall Square.

#2

Chairman Lindley informed Mr. Walsh that the members of the Board will co-operate with him but that the Park Fund was down to a maintenance proposition and if convenience stations were to be built the Park Board will have to be given the money, whereupon the Supervisor said he would see what could be done.

Re. May Day
exercises.

Mrs. Harzer representing the International May Day Federation asked permission to hold exercises in Jefferson Square.

Referred to Supt. McLaren.

Re. Accident
Insurance refer-
red to Supt.

San Francisco, May 7th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, May 7th, at 3:30 P.M.

Present were: Pres. W. H. Metson,
 Com. M. Earl Cummings,
 " Curtis H. Lindley,
 " Sigmund Greenebaum.
 Absent: Com. A. B. Spreckels.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the members of the Board, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held April 23rd, 1914.

Settlement of
 Hamilton Square
 matter postponed.

It having been agreed at the previous meeting of the Board that the question of turning over Hamilton Square as a whole to the Playground Commission would be taken up as a special order of business, the Secretary announced that he had notified representatives of the following Associations who were in favor of giving the Square to the Playground Commission: The California Federation of Women's Clubs; San Francisco Congress of Mothers' Clubs; Emerson School Mothers' Club; The North of Panhandle Improvement Assn; the Devisadero District Improvement Assn.; the Civic League of Improvement Clubs and the Playground Commission.

Those who were opposed to the proposition were: The West of Fillmore Street Improvement Club and the Fillmore Street Improvement Association.

A petition was received signed by one hundred and fifty two (152) residents and property owners living in the immediate vicinity of Hamilton Square, requesting that the Square be kept as it always has been, a cultivated public Park, under the jurisdiction of the Park

Commissioners.

A letter was received from the West of Fillmore Street Improvement Club requesting that action by the Park Commissioners be deferred until the Committee, appointed by the Civic League of Improvement Clubs, makes its recommendations and suggestions as the representatives of the Improvement Clubs surrounding Hamilton Square.

This was agreeable to the members of the Board, all of whom declared that they would not turn over Hamilton Square to the Playground Commission until the Board of Education removed the School building from off the Square.

Father Crowley, Commissioners Kortick and Regan of the Playground Commission declared that if the citizens in the neighborhood did not want a playground the Playground Commission would go elsewhere.

Action by the Board was deferred until the removal of the school building and the report of the Committee appointed by the Civic League of Federated Improvement Clubs was received.

Ordered filed.

Request to play
ball in Mission
Park denied.

From Supervisor Ralph McLaren with enclosure from Herman Wisner requesting permission for the boys in the vicinity of Mission Park to play ball in the said Park from 6 to 7:30 o'clock P.M.

Permission refused on account of the objections from residents in the vicinity.

Re. fur seals.

From Barton W. Evermann, Director of the Academy of Science, expressing the appreciation of the Bureau of Fisheries of the Panama Pacific International Exposition for the Park Commissioners' kind offer to provide a place for the care of the fur seals until the opening of the Exposition.

He further states that Mr. H. I. Dunlap, Chief Agent for the Bureau authorizes him to state:

1. That the Bureau will pay all expenses of transfer from the railroad station, ferry, or boat to the Park and for food required for the seals.

2. That the Bureau will give the necessary instructions and suggestions to the attendant as to feeding and care.

3. That the Bureau, at the close of the Exposition, will donate two or more of the fur seals to the Park should they survive.

4. That the Bureau realizes the risk involved and will not hold the Park authorities responsible for the loss of any of the animals in any unpreventable way; it would only expect that all due care and diligence be used in their care. *See Bunker Hill Assn. letter*

Re. Bunker Hill Day.

From Geo. W. Caswell of the Bunker Hill Assn. requesting the arrangement of appropriate exercises in commemoration of the Battle of Bunker Hill, June 17th.

Request granted and Secretary instructed to notify Prof. Chas. H. Cassasa to prepare suitable musical program to be played on that day.

Request for tennis court rules.

From B. S. Burdick, requesting copy of rules governing tennis courts.

Secretary instructed to inform him that rules are about to be printed and when ready for distribution a copy will be sent him.

Re. collision between auto truck and auto of Mr. Lewald.

Ordered filed.

Request to establish
Chinese Garden.

From Billy Chan Hock, petitioning the Park Board for the privilege of establishing a Chinese Village in Golden Gate Park, similar to the Japanese Tea Garden.

The subject matter of the petition was read and denied.

Re. ball playing
in Balboa Park.

From the Balboa Improvement Club suggesting that a higher wire fence be built along San Jose Avenue in the vicinity of the dwellings, to protect their windows from being broken by those playing baseball in Balboa Park.

Referred to Supt. McLaren.

Re. rules for
tennis court.

From Henry Smith requesting a copy of the rules governing tennis courts.

Secretary instructed to notify him that he will be sent a copy of the new rules when printed.

Re. individual
drinking cups.

From Sanitary Products Company relative to supplying an order of drinking cups to the Childrens quarters.

Referred to Supt. Mrs. La Rue.

Re. check from
Academy of Science.

From the California Academy of Science with check for \$941.79 being payment for material and Park labor used in digging a ditch leading from the Academy of Science building in Golden Gate Park to the sewer system on Fulton Street.

Secretary stated that the check had been signed by President Metson and himself and deposited to the credit of the Park Fund.

Re. swimming pool
in Hamilton Sq.

From the Divisadero District Improvement Club stating that the Club refused to recind the former action of the Civic League of Improvement Clubs recommending a swimming tank in Hamilton Square.

Ordered filed.

Extension of time
granted F. Rolandi.

From F. Rolandi requesting an extension of time to keep the South Drive closed because the Board of Public Works refuses to permit him to back fill the trench of the sewer or restore the pavement.

The Board granted him an extension of five days upon the recommendation of Supt. McLaren.

Endorse Ocean Beach
Esplanade project.

From the North of Parkside Improvement Club approving the Ocean Beach Esplanade as proposed by the Chamber of Commerce. They are, however, opposed to bonding the City for that purpose, believing it can be constructed in sections within seven years out of the Park appropriation, by expending \$150,000. out of the said appropriations every year.

The Club disapproves the purchase of the United Railroads because they will become the property of the City in 1929 and this City is bonded high enough now, and needs all its financial strength to develop Hetch Hetchy water supply.

Ordered filed.

Rules for tennis
courts, golf links
and base ball fields

Supt. McLaren submitted rules and regulations to govern the tennis courts, base ball field and golf links all of which were adopted and referred to the Superintendent to have same printed, distributed and generally enforced.

Adjourned.

There being no further business before the Board the meeting adjourned subject to the call of the President.

Secretary of Park Commissioners.

San Francisco, June 18th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, June 18th at 3:30 P.M.

Present were: Com. A. B. Spreckels,
Com. Sigmond Greenebaum,
Com. M. Earl Cummings.

Absent were: Pres. W. H. Metson,
Com. Curtis H. Lindley.

Com. Spreckels
president pro tem.

Commissioner Cummings moved that Com. Spreckels be elected Chairman pro tem. The motion being put by the Secretary was carried unanimously.

Minutes adopted.

The minutes of the previous meeting, a copy of which was sent to each Commissioner, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held June 4th, 1914.

No. girls playing
baseball in
Golden Gate Park.

Mrs. J. O. Levy, Past President and Miss Meyerstein, Secretary of the Juvenile Protective Association, being present were invited to address the members of the Board on the purpose of their visit.

Mrs. Levy stated that she called to protest against girls of 16 years of age and over, attired in bloomers, being permitted to play base ball on the Recreation Field just east of the Childrens Playground, because they practice under the direction of a male coach; indulge in rough play; do not preserve an appearance of propriety on the field; and playing this game is bad for the morals of both the girls and male spectators. This team of girls is preparing to meet a male team in 1915, and the Juvenile Protective Association therefore request that this team of girls be prohibited from playing baseball in Golden Gate Park.

#2

The matter was referred to Supt. McLaren with instructions to investigate and presuming that there is merit to the complaint, to draw up an ordinance prohibiting the girls from playing baseball in Golden Gate Park.

Re. transfer of money to Park Fund.

From Clerk of the Board of Supervisors stating that the Finance Committee is awaiting the request of the Board of Park Commissioners to transfer the money for the building of two convenience stations to the credit of the Park Fund.

The Secretary reported that he had sent a copy of the letter to Pres. Metson. It was moved, duly seconded and carried that the matter be left in the hands of President Metson.

Read and filed.

Re. Ocean Beach Esplanade.

From D. M. King, Secretary Chamber of Commerce, stating that the Chamber of Commerce was pleased to learn that the Board of Park Commissioners approve the general plans proposed for the Ocean Beach Esplanade, and that

#3

they prefer to feel that they are assisting the Park Commissioners to secure the improvement of the Ocean Beach which they have long urged.

Read and ordered filed.

Endorse Ocean
Beach Esplanade.

From the Secretary of the San Francisco Labor Council, with enclosure relative to resolutions passed in favor of the proposed improvements on the Ocean Beach as suggested by the San Francisco Chamber of Commerce.

The resolution specifically declares that the endorsement of the plan must not be understood to include the approval of the proposed bond issue, which the Council is opposed to.

Read and filed.

Order shelled
peanuts for sale.

From F. Lingohr, 490 Geary Street, offering for sale fifteen hundred pounds of shelled peanuts for animal feed, price $3\frac{1}{2}$ ¢ per pound, F.O.B. store.

Referred to Supt. McLaren.

Sum of \$5,000.
left Park com-
mission by
Johanne A.E. Marx.

From Percy S. King, Attorney-at-law, Napa, Cal., stating that he is one of the executors of the last Will of Johanne Augusta Emily Marx, deceased, who died May 14, 1914. In her Will she left to the Park Commissioners the sum of \$5,000.00 for "the general improvement and benefit of said Park".

Secretary instructed to acknowledge receipt of letter, thank Mr. King for his interest and express the wish that the estate will be of sufficient value to pay the \$5,000. as it could be used to great advantage now or in the future. X

Letter of thanks.

From Mrs. Kennett, Secretary Out Door Art League thanking Supt. McLaren for his kindness and good will in their work of improving Fairmount Park.

Re. Filarmonico
Circolo Band playing
in Parks.

From the Musicians' Mutual Protective Union,
Local No. 6, protesting against the proposed concerts to
be given by the "Filarmonico Circolo Band" in Washington
Square, because there is not one man in that organization
who depends upon music as a profession, but nevertheless
are entering into competition with the Musicians' Union,
to such an extent that they were forced to take the matter
up with the San Francisco Labor Council, which has placed
the Filarmonico Circolo Band on the "UNFAIR LIST".

A copy of this communication was sent to President
Metson upon its receipt by the Secretary, therefore the
Board took no action preferring to leave the matter in
the hands of Pres. Metson.

Purchase of land
not under juris-
diction of Park
Commissioners.

From Charter Oak Avenue Extension and Improve-
ment Club, enclosing resolution relative to the purchase
of about two hundred acres of land in the southeastern
part of the City for Park purposes.

Board of Supervisors as the Board of Park Commissioners
have no authority to purchase land for Park purposes.

Re. improvement of
13th Avenue,
referred to Supt.
McLaren.

From the Point Lobos Improvement Club requesting
that the small hill at the north end of 13th Avenue ad-
joining Mountain Lake Park and the Boulevard be put in the
same condition as the new portion of the Boulevard.

Referred to Supt. McLaren with full power to act.

Letter of thanks.

From Geo. W. Caswell, Secretary Park & Hill
Assn., expressing their great appreciation of the patriotic
action of the Park Commission in appropriately commemo-
rating the great historical event of the Battle of Bunker
Hill.

Secretary Park Commissioners.

San Francisco, August 20th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, August 20th, 1914 at 5:30 P.M.

Present were: Pres. J. H. Watson,
Com. A. E. Spreckels,
Com. H. Earl Cummings,
Com. Edmund Greenbaum.
Absent Com. Curtis H. Lindley.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were upon motion of Com. Spreckels, seconded by Com. Cummings, *(Wvd)* adopted as the minutes of the meeting held August 6th.

*Carried over
J. de S.*
Protest against
closing Cole St.
crossing to
vehicle traffic.

A Committee from the Red at East Asbury Dist. Improvement Club, amongst whom were Mr. Schlemmer, Mr. Allen and Mr. Sayers, appeared before the Board protesting against the closing of the Cole Street crossing to vehicles of all description. They claimed it would prove a great inconvenience to business men who would have to travel two blocks further west in order to cross the Stanford Street crossing.

Pres. Watson informed the Committee that the argument in favor of closing the crossing terminated the protest against closing the same. He stated that upon Fell and Oak Streets in the winter time when the Cole Street crossing was causing a user to be kept vacant and as the crossing was not necessary it should be closed to vehicles but not to pedestrians in compliance with the wishes of a great majority of the property owners fronting the Panhandle.

Protest disallowed.

#2

Re. reduction of
width of Stockton
Street.

From the City Engineer to Supt. McLaren in which he states that on June 30th, 1914 his Honor, the Mayor approved Ordinance #2817 by which the sidewalk width on the westerly side of Stockton Street between Post and Geary Streets was reduced from fifteen to nine feet. This reduction in the width of the sidewalk will necessitate a change in the construction of the convenience station about the middle of the block and will require the movement of the vents near the curb line to just within the Park area.

This application was granted on the motion of Com. Spreckels, seconded by Com. Greenbaum and carried, provided that four posts be removed as per recommendation of Supt. McLaren to whom the matter was referred.

Re. Civic Center.

From the Board of Supervisors enclosing copy of Resolution No. 10877 (New Series) which states that the sum of eight thousand one hundred and thirty six (\$8136.) dollars be and the same is hereby set aside, appropriated and authorized to be expended out of the City Hall and Civic Center Bond Fund, Issue 1912 under the supervision of the Park Commissioners for the planting of trees, plants and shrubs and otherwise parking the Civic Center.

Gate Park, the author of "The Star Spangled Banner"
be draped with the American Flag on September 14, 1914
in commemoration of the One Hundredth Anniversary of the
writing of the National Song.

Superintendent requested to comply with Mr. Sadler's
suggestion.

Re. roque courts
referred to
Supt. McLaren.

From C. J. Evans requesting the Commissioners
to consider an application to construct two modern roque
courts in Golden Gate Park. This is said to be a scien-
tific game for the masses instead of a special few and
does not require special dress. There will be an Inter-
national Roque Tournament at the Exposition next year.

Re. sidewalk on Fulton Street.

From the Pt. Lobos Improvement Association enclosing copy of a letter sent the Board of Public Works, re. the removing of "the unsightly dirt and rubbish left by the Contractor on the south side of Fulton Street from Stanyan Street to 14th Avenue". They request "that the sidewalk now laid should be extended to the fence line and that a full width sidewalk be laid on Fulton Street from 14th Avenue to the Great Highway". The Club also asks the assistance of the Board of Park Commissioners in promoting their demands on the Board of Public Works.

Referred to Supt. McLaren.

Sump at 48th Ave. to be used by Park.

From City Engineer O'Shaughnessy in answer to a letter from Supt. McLaren asking the City Engineer to have the sump used by Contractor Rolandi, while building the 48th Avenue sewer through the Park, left for use by

#3

the Park Commissioners.

The City Engineer states that he will be pleased to have the Contractor leave the sump provided the Superintendent will take all the responsibility of protecting this open well so that no damage will result to the sewer nor any accident to pedestrians.

Secretary instructed to write to the City Engineer accepting all the conditions.

Re. opening of road
through Balboa Park.

From the City Street Improvement Company who are at present paving the Junipero Serra Boulevard, petitioning the Board of Park Commissioners to open the road through Balboa Park next to the right of way of the Southern Pacific Company, to general teaming for a period of sixty days to facilitate the reception of a large quantity of material to be shipped to the work which renders a side track accommodation inadequate for the business.

To relieve the congestion the Southern Pacific Co. has agreed to put a temporary siding on their right of way next to Balboa Park (as shown on map submitted) agreeing to replace the fence if the Park Board will temporarily open the road to general teaming.

Referred to Supt. McLaren with full power to act.

Report of Supt.
La Rue.

August 1st.

[Handwritten signature]

San Francisco, October 8th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, October 8th, 1914

Present were: Pres. W. H. Metson,
Com. Sigmund Greenebaum,
Com. M. Earl Cummings.
Absent were: Com. Curtis H. Lindley
Com. A. B. Spreckels

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, upon motion duly made, seconded and carried, were adopted as the minutes of the meeting held September 24, 1914.

Re. sale of cushion seats.

Mr. T. F. Ward appeared before the Board and spoke in favor of his proposition to furnish to the public who visit the Stadium, a cushion seat at a cost of five cents each for their use during the day.

This being considered a concession to which all the Commissioners are opposed, the proposition was rejected.

Mr. Ward's offer to sell to the Board two thousand five hundred (2500) cushion seats for three hundred and fifty (\$350.) dollars was also rejected.

Re. area of parks.

Complaint re.
comfort stations.

From Mr. O. Kooh a visitor to San Francisco, complaining of the lack of convenience stations in the public parks of San Francisco.

Referred to Secretary for answer.

Re. Hamilton Sq.

From the Playground Commission informing the Park Board that the temporary building in Hamilton Sq. has been removed.

They also desire information as to the attitude of the Park Commissioners regarding the transfer of the entire Square to the jurisdiction of the Playground Commission as they are ready to proceed with the development of the Hamilton Playground.

Secretary instructed to notify the Playground Commission that petitions for and against turning the square into a playground have been received from the property owners and they would have to be notified to

3.

appear before the Board before final action would be taken and that would not be until all the members of the Board could be present.

Request for convenience station at 10th Avenue and Fulton St.

From E. D. Swift, #3414 Fulton Street who states that his neighbors requested him to petition the Board of Park Commissioners for some kind of a convenience station at 10th Avenue and Fulton Street.

Secretary instructed to inform him that it could not be done on account of the lack of funds.

Re. Resolution No. 11209 (New Series).

From the Board of Supervisors calling attention to Resolution No. 11209 (New Series) which reads as follows:

WHEREAS, by Ordinance No. 588 approved October 28th, 1902, there was set apart and dedicated for park purposes and placed under the control and management of the Park Commissioners, Lots. Nos. 15, 16, 17 and 18 in Block No. 8, as laid down and designated on a certain map, entitled "Map of Flint Tract Homestead" and

WHEREAS, the Board of Public Works recommends that 15th Street, between Castro and Beaver Streets be widened to a uniform width of sixty four feet, and

WHEREAS, in order to widen the said street, it will be necessary to exchange certain real property on the southerly line of 15th Street for a portion of the property placed under the jurisdiction of the Park Commissioners as aforesaid.

NOWHEREFORE, be it Resolved, that the Board of Park Commissioners be and it is hereby requested to express its consent to the transfer from the jurisdiction of said Board the property necessary for the widening of 15th Street, as herein specified, said property being described as follows, to wit:

COMMENCING at a point on the northeasterly line of 15th Street distant thereon 89.605 feet northwesterly from the first angle point westerly from Castro St. and running thence northwesterly along the said northeasterly line of 15th Street, 40 feet; thence at right angles northeasterly 50.935 feet; thence deflecting to the right $39^{\circ} 32'$, 24.619 feet; thence deflecting to the right $96^{\circ} 58'$, 35.331 feet; thence deflecting to the right $43^{\circ} 30'$, 44.298 feet to the northeasterly line of 15th Street and the point of commencement.

James Rolph, Jr., Mayor.

On motion duly made, seconded and unanimously carried the Board of Park Commissioners agreed and expressed their consent to the transfer from the jurisdiction of the Board of Park Commissioners to the Board of Supervisors the property necessary for the widening of 15th Street as herein specified and Resolution No. 11209 (New Series) is approved and adopted by the Board of Park Commissioners.

Re. improvement of
Stockton Street.

From the Civic League of Improvement Clubs and Associations desiring improvements on Stockton Street between Bush and Pine Streets. They ask that a center strip of this street be put in lawn with some shrubbery, same to be under the jurisdiction of the Park Commission.

As a previous communication received from the Chamber of Commerce asked that three blocks be parked the Board was in doubt as to what was wanted and therefore could not know what the additional expense might be, the Secretary was instructed to communicate with both parties and learn if it was one or three blocks they desire parked.

Re. Park Guide
and Directory.

From the Mysell-Rollins Bank Note Co., stating that they have in mind the issuing of a Guide and Directory of Golden Gate Park containing maps, information and illustrations, the cost of which to be derived by them from such advertisements as they may obtain, to be sold for one cent a copy.

As this savors of a concession the Board denied the application.

Re. Father
McKinnon Monu-
ment.

Attorney W. A. Kelly, representing the McKinnon Monument Committee, being present was invited to address the Board. He stated that he had been notified by the Secretary that all the members of the Board would be present at this meeting therefore he desired an opportunity to urge the Board to re-consider their previous action in rejecting the Father McKinnon Monument.

Pres. Metson informed Mr. Kelly that Father Aquaid and Col. Jas. Smith were considered the subject matter. Mr. Kelly not having heard of such consideration thanked the Board and said he would await the conclusions of the gentlemen above mentioned.

Re. Hamilton Sq.

There appeared before the Board a large delegation of citizens including Mrs. Mary A. [redacted] Secretary of the Playground Commission, interested in the settlement of the question of whether Hamilton Square should be retained by the Board of Park Commissioners or transferred to the Playground Commission as shown on the map on file in the office of the Playground Commis-

sion. All expressed their views on the subject and as there seemed to be no difference of opinion regarding the transfer of the whole of Hamilton Square to the Playground Commission provided a portion of each end and a strip on each side of the Square as shown on a certain map previously submitted and now on file in the office of the Playground Commission be retained for Park purposes, it was moved by Com. Lindley, seconded by Com. Spreckels and unanimously carried that the Secretary be instructed to request City and County Attorney Percy V. Long to draw up a resolution legally transferring the jurisdiction of the whole of Hamilton Square to the Playground Commission in accordance with the provisions of the aforesaid map and plan submitted.

San Francisco, November 19th, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners, held at their office, Park Lodge, Golden Gate Park, Thursday, November 19th, 1914

Present were: Pres. W. H. Metson,
Com. Sigmund Greenebaum,
Com. M. Earl Cummings,
Com. A. B. Spreckels.
Absent: Com. Curtis H. Lindley.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held November 5th, 1914.

Re Hamilton Sq.

Secretary de Succa reported that at the request of Mr. H. H. Hart, Assistant City Attorney, he called at his office at which time Mr. Hart explained that inasmuch as the Board of Park Commissioners transferred that portion of Hamilton Square lying west of the westerly line of Pierce Street if extended through Hamilton Square, by resolution adopted June 16th, 1911 to the Playground Commission, it would now become necessary to have the Playground Commission transfer the said mentioned portion to the Park Commission. Then the Park Commission could transfer the whole of the Square as per motion adopted October 22nd, 1914.

After the above is carried out Mr. Hart will immediately draw up the agreement requested of him transferring the whole of Hamilton Square to the Playground Commission as per agreement between the Playground and Park Commissions and more fully shown on map submitted.

Secretary instructed to write to the Playground

#2

Commission as per instructions of the Assistant City Attorney.

Re. lack of convenience station at 10th Ave. and Fulton Street.

From Chief of Police relative to complaint of Theresa Hildebrecht recommending that a convenience station be built at 10th Avenue and Fulton Street in consequence of unsanitary practices in that portion of the Park, immediately in the neighborhood of 10th Ave. and Fulton Street. A copy of Mrs. Hildebrecht's letter was referred to the Police Department with instructions to abate the nuisance.

Chief White forwarded a copy of a report made to him by Captain Jas. Kelly and Officer R. Tatham, in which they state that the complaint is unavoidable at present, owing to lack of convenience station at that point. Chief White states that the only action he is justified in taking is to warn the men, which he is doing.

Request to use Stadium for polo.

A Committee consisting of Lieut. Chaney, Lieut. Ord and Lieut. Corlett, representing the polo players among the officers at the Presidio, requesting the privilege of using the inner portion of the Stadium for polo practice.

Secretary-Park Commissioners.

San Francisco, December 1st, 1914.

Called meeting.

At a called meeting of the Board of Park Commissioners, held at their office Park Lodge, Golden Gate Park, Tuesday, December 1st, 1914

Present were: Com. Curtis H. Lindley,
Com. A. B. Spreckels,
Com. Sigmund Greenebaum.

Absent were: Com. H. Earl Cummings.
Pres. W. H. Metson.

Com. Lindley
President pro tem.

On motion of Com. Spreckels, seconded by Com. Greenebaum, and carried, Commissioner Curtis H. Lindley was elected Acting President during the temporary absence of President W. H. Metson from the City.

Minutes adopted.

The minutes of the meeting held November 19th, copies of which were sent to each Commissioner, were upon motion duly made, seconded and carried adopted as the minutes of the meeting held November 19th, 1914.

Re. right of Board
of Public Works on
the Great Highway.

Acting President Lindley explained to the members of the Board that a question of authority had arisen between the Board of Public Works and Supt. McLaren, representing the Board of Park Commissioners, to wit:

The Board of Public Works had given the Tay Improvement Company permission to excavate on the Great Highway for a sewer without consulting the members of the Board of Park Commissioners. Pres. Metson, whose attention had first been called to this matter, referred it to Com. Lindley advising him to look into the situation from the view of determining what authority the Park Commissioners may have.

After a full investigation Com. Lindley submitted a written opinion on the right of the Board of Park Commissioners to be consulted and some guarantee given that

#2

the Board will not be at any expense in replacing the street in as good condition as before the excavation was made.

The following is a copy of Com. Lindley's letter:

San Francisco, Calif.,
December 1st, 1914.

To the Honorable
Board of Public Works,
City Hall,
San Francisco.

Gentlemen:

Under the Charter the City Parks and the "Great Highway" are under the exclusive control, management and direction of the Park Commissioners. It may be conceded that the construction of sewers for the general use of the city is a function of the Board of Public Works. But the Park Commission insists that before construction is commenced within any of the areas within its jurisdiction, the Board is entitled to be consulted as to routes, and particularly to enable proper arrangements to be made safeguarding the Park Commission from the necessity of restoring the land after excavations are made, out of its own funds, whereas such restoration should be provided for by either the contractor or the Board of Public Works, and proper undertaking given that after the work of construction is completed the land will be restored to its former state.

The Commission in the past has had serious difficulty in forcing contractors to restore the land, and unless the Commission is to be consulted before work of this character is started, the embarrassments of the situation will be seriously increased.

On Saturday last, the Fay Construction Company, claiming to have a permit from the Board of Public Works, entered upon the Great Highway, about the middle of the block between Fulton and Cabrillo Streets, and commenced excavation for a sewer. Neither the Board of Park Commissioners nor the Park Superintendent were consulted and when the Superintendent directed suspension of the work, mounted police were brought on to the ground to protect the contractor against the Park officials.

This is the first time within the recollection of any of the members of the present Park Board that any attempt has been made by the Board of Public Works to inaugurate work of this character without advising with the Park Commission, thus permitting it to arrange for safe-guarding its rights and protecting the park funds from liability.

The Park Commission is desirous of co-operating with the co-ordinate municipal boards in accomplishing necessary municipal undertakings, but it insists on its right to be consulted in the first instance, to the end that friction may be avoided and that each Board may be permitted to fulfill its obligations and duties to the city.

#5

We request that work on present sewer construction be suspended until such guarantees are given as will protect the Park from possible liability.

We will thank you to give this matter your immediate attention, conferring with Superintendent McLaren in this behalf who is authorized to represent this Board.

Respectfully,
Board of Park Commissioners,
By Curtis H. Lindley,
Acting President.

Upon motion of Com. Spreckels, seconded by Com. Greenebaum the views of Acting President Lindley as contained in the letter so submitted were unanimously approved and the Secretary instructed to send a copy to the Board of Public Works.

Offer of land in
Bay View District
accepted.

From the Board of Supervisors proffering certain lands in Bay View District for park purposes with full data and a map of the proposed park. The Board of Supervisors desire a report from the Park Commissioners relative to the feasibility and desirability of this project.

The map of the proposed park and a letter from Mr. F. T. Martin addressed to the Board of Supervisors were received, tendering, by the Crocker Estate Company, the Bay View Land Company and Mr. H. A. Crane, several parcels of land in the Bay View District aggregating seventeen acres to the City and County of San Francisco for public park purposes.

This proffer of land was submitted to Pres. Metson and by him referred to the members for their approval.

Pres. Metson sent a letter to Secretary Leitch which was read at the meeting, wherein the acceptance of the land after a personal inspection of the site by himself and Supt. McLaren.

On motion of Com. Spreckels, seconded by Com. Greenebaum and carried the following letter was ordered sent to the Board of Supervisors:

#4

Park Lodge, December 2nd, 1914.

To the Honorable
Board of Supervisors,
San Francisco.

Gentlemen:

"At a meeting of the Board of Park Commissioners held Tuesday, December 1st, 1914 the proffer of land for park purposes made to the City of San Francisco by the Crocker Estate Company, Bay View Company and Mr. Henry R. Crane in the Bay View District, and by your Honorable Board submitted to the Board of Park Commissioners requesting a report as "to the feasibility and desirability of the project", was considered.

I have been instructed by the Park Commissioners to state that after an examination of the site by Pres. Metson and Supt. McLaren they have recommended that the Park Commission urge the Board of Supervisors to accept the proffer of the above named site, same being well adapted for park purposes under the conditions specified and very much needed in that neighborhood and can be made a fine addition to the Park System of the City. "

Re. injury received
by Mr. John Cahill.

Secretary de Succa notified the members of the Board that his attention had been called by the Industrial Accident Commission and the Board of Supervisors to the case of John Cahill who had his thumb injured while employed as a derrick-man on the Ocean Beach. Mr. Cahill's thumb was fractured September 2nd, 1914, at which time it was set by a physician, he continued to work until Sept. 24th, 1914 when the work on which he was engaged was finished. It appears now that the bones were not properly set and that they will have to again be broken and reset, by which he will suffer a great financial loss.

The injury was not reported to the Secretary at the time, but was reported by Mr. Cahill to the Industrial Accident Commission after his discharge from the Park.

The Board of Supervisors request to be informed if the Park Commissioners intend to pay Mr. Cahill in accordance with the provisions of the Workmen's Compensation Act.

The Secretary was instructed to submit the facts of this case to City and County Attorney Percy V. Long and

#5

ask him to advise this Board as to the extent of their liability in this case.

Bond of M. Ordell Severance.

From the New Amsterdam Casualty Company forwarding bond of Mrs. M. Ordell Severance, an employee of the Park Museum.

Referred to Pres. Metson.

On motion of Com. Greenbaum, seconded by Com. Cummings and carried Com. Spreckels was elected President pro tem. in the absence of Pres. Metson.

Minutes adopted.

The minutes of the previous meeting held December 1st, copies of which were sent to each Commissioner were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held December 1st, 1914.

Request for use of
Park Band at expense
of Park Fund,
denied.

City and County Auditor Thos. F. Boyle who was present representing the Press Club expressed a desire to have the Park Band under the leadership of Prof. Cassara and the Municipal Band under the leadership of Prof. Kough, joined or consolidated as one band on the occasion of the Christmas Eve festival at Sycamore Mountain, under the auspices of the San Francisco Press Club, the Park Band to be paid out of the Park Funds.

Chairman Spreckels informed Auditor Boyle that as the program was being arranged by a private club the Board would not use public funds to pay for the music outside of the Park Commissioners jurisdiction and he thought the better way would be to solicit subscriptions toward which he had already contributed.

The request was denied.

Re. sewer on Great Highway.

From the Board of Public Works acknowledging receipt of a communication from Acting President Curtis H. Lindley requesting that provisions be made against the necessity of the restoration of the Great Highway and adjacent streets which are being excavated for sewer installation, at the expense of the Park Board, since.

Upon this information the Board of Public Works approved Resolution No. 74,529, Second Series by which a guarantee demanded by the Park Board's owners is warranted by the Board of Public Works, which reads as follows:

"WHEREAS, the Board of Public Works has granted permission to the Bay Improvement Company to install sewers and appurtenances, under private contract, in the following streets:-
The Great Highway, between Alma and Fulton Sts.,
Crossings of the Great Highway with Balboa and Cabrillo Streets;
Cabrillo Street, between La Playa and the Great Highway;
Balboa Street between La Playa and the Great Highway; and

WHEREAS, the Board of Park Commissioners under date of December 1, 1914 has requested that proper arrangements be made to safeguard the Park Board's right from the necessity of restoring with Park Funds the land under its jurisdiction, after excavations have been made therein, and that sufficient guarantee be given that such restoration will be provided for either by the Board of Public Works or the contractor, so that the Park Commission will be protected from possible liability;

RESOLVED: that the Board of Public Works hereby declares that it will guarantee to the Park Commission that any and all portions of the streets herein described which will be disturbed during the installation of sewers and appurtenances therein by the Bay Improvement Company, will be restored to proper condition and to a state satisfactory to the Park Commission as early a date as practicable."

This guarantee was approved by the Board of Public Works so notified. A guarantee filed.

Re. filtration
plant of P.P.I.E.

From the Panama Pacific International Exposition Company enclosing copy of proposed contract between that Company and the Park Commission covering temporary occupancy of Golden Gate Park. If this contract is approved by the Park Commission in its present form the same will be formally executed and transmitted to the Park Board:

This contract was referred to Pres. Nelson who revised it after which it was sent to the Exposition Company to be executed as revised, and duly signed.

Re. suit against
Consolidated Con-
struction Co., re.
48th Ave. sewer.

From City and County Attorney Percy V. Long to Supt. McLaren stating that he had been directed by a Resolution of the Board of Supervisors to commence suit against the Consolidated Construction Company for breach of contract in the construction of the 48th Avenue sewer across Golden Gate Park. Mr. Bennett of that Company has stated that the interference on the part of Supt. McLaren was one of the causes of the non-completion of the contract. The City Attorney states that in order

#2

to refute these charges he is compelled to ask the Superintendent to answer a series of questions which he has submitted.

Matter referred to Supt. McLaren.

Request for scales
at Stadium.

From the Public Schools Athletic League advising the Board of the necessity of placing a Morse or Fairbanks scale in the dressing rooms at the Golden Gate Park Stadium for use by athletes in general.

Supt. McLaren's opinion being asked he thought a scale of no use unless a practical man was kept there to regulate same.

On motion duly made, seconded and carried the communication was ordered filed.

Re. pedestal for
statue of Von
Beethoven.

From the Beethoven Maennerchor of the City of New York by Dr. Max Magnus of San Francisco, informing the Board of Park Commissioners that they have in their possession plans for a pedestal for the "Statue of Music" which was offered to the City and County of San Francisco at the same time the bust of Beethoven was offered. Dr. Magnus asks that a suitable time be set aside when their Committee could submit plans and have a place assigned for the erection of the Monument.

Referred to Hon. M. Earl Cummings.

Secretary instructed to answer 26th Avenue.

Complaint re. aeroplanes and 7th Ave. entrance.

From Park Commissioner O. H. Lindley with enclosure from C. H. Bentley complaining about the aeroplanes flying and lighting near the horses with considerable danger to the rider; also complaining that riders are not allowed to use the 7th Avenue entrance to the Park on Sunday afternoon, forcing them to ride along with the trolley for a considerable distance, thus causing

inconvenience and hardship.

Secretary instructed to answer that it is against the Park Ordinances for aeroplanes to land on any portion of the Park but upon investigation we learn that upon one or two occasions, when something went wrong with the machinery, and to save their lives, the aeronauts made landings in the Park. The Park Commissioners could not very well deny them that privilege in such an emergency.

Relative to the 7th Avenue entrance to the Park, it must be closed on Sunday afternoon to protect the people during concert hours.

Re. lamps for
Mission Park.

From Rudgear Merle Company stating that they have the ten lamp standards for Mission Park completed since October but have been unable to set up same owing to the fact that the locations and underground wiring have not been settled. They say they would be pleased to receive a payment on same.

Re. wild white
cattle.

Com. Lindley submitted a letter addressed to the Earl of Tankerville, Chillingham, England, in which he informs the Earl that through the courtesy of Mr. E.H. Grubb his generous offer to donate to the Park Commission a bull and heifer calf from his herd of famous wild white cattle had been accepted. Com. Lindley submits three conditions in his letter which read as follows:

1. That the Park Commission are to defray the expense of transporting the animals from some convenient English port to the City of San Francisco.
2. That on their arrival here they shall be installed as an exhibit in the live stock division of the Panama Pacific International Exposition and maintained there as an exhibit at the expense of the Commission, or the Exposition authorities, if proper arrangements may be made with them. At the close of the Exposition they are to be placed in the Paddocks at Golden Gate Park, or some other public park, under the jurisdiction of the Park Commission.
3. The Park Commission will undertake not to sell either of the animals, or donate or otherwise dispose of them to others.

Com. Lindley also states "In anticipation of meeting your requirements and arriving at a satisfactory understanding as to the conditions upon which the animals are to be received and maintained the Commissioners have agreed among themselves to authorize an appropriation of \$1000.00 to defray the expenses of bringing the animals here."

All the conditions contained in the letter submitted were approved and the whole subject matter referred to Supt. McLaren and Com. Lindley.

Order No. 209.

All cattle covered by the provisions of this order must, after arrival at Port of Entry, be shipped direct from the Quarantine Station to the Exposition Grounds.

Circular B.A.I. No. 209 provides for the inspection and quarantine of cattle, etc., imported into the United States.

The letter and circulars were referred to Supt. McLaren.

Antelope arrives
from Oregon.

From B. W. Stone, Ontario, Oregon, stating that he had just received a permit dated March 29, 1915 to ship the antelope. The Secretary informed the Board that the antelope had arrived.

Secretary to acknowledge receipt of letter and inform Mr. Stone that the antelope had arrived in good condition.

Re. elk for Fresno.

From the Board of Park Commissioners, Fresno, California, stating that they had about concluded arrangements to send a man to San Francisco to prepare and ship the elk which this Board had so kindly donated.

The Secretary informed the Board that they had been advised that the San Francisco Board of Park Commissioners would attend to the crating of the elk at a cost of about Twenty five Dollars (\$25.) to them, they to pay the freight charges upon the arrival of the animals in Fresno.

Action approved.

No. swans for sale.

From the Burko's Sanitarium, Burke, California, who desire to purchase a pair of swans.

The Board decided that they had no swans for sale.

Re. Accident
Insurance.

From the Clerk of the Board of Supervisors regarding Accident Compensation in which he states "All valid claims for compensation are paid out of a special item in the Budget. This Fund is practically an insurance Fund".

Ordered filed.

Re. nuisance in
Park.

From Chief of Police White relative to the character of degenerate men who congregate in the vicinity of the toilets near the corner of Turk and Laguna Streets. He suggests removing the shrubbery and installing lights and then this class of degenerates would not congregate in that neighborhood."

Referred to Supt. McLaren.

List of Employees
sent Grand Jury.

From the Grand Jury requesting a complete list of all employees in the Park Department.

Secretary informed the Board that request had been

complied with.

Re. Hamilton
Square.

From the Secretary of the Playground Commission stating that the Playground Commission in regular session March 11th, 1915 by resolution regularly made, and carried "have transferred the westerly half of Hamilton Square to the Park Commission with the understanding that the Park Commission will in turn transfer to the Playground Commission the entire area of Hamilton Square with certain conditions attached".

Upon motion duly made, seconded and carried the transfer of the westerly half of Hamilton Square from the Playground Commission to the jurisdiction of the Park Commission was accepted.

In accordance with the desire of the Park Commission and the request of the Playground Commission, that Hamilton Square be transferred to the Playground Commission as a whole, it was moved by Com. Spreckels, seconded by Com. Cummings and carried that the whole of Hamilton Square be transferred to the jurisdiction of the Playground Commission.

This procedure seems necessary in consequence of a flaw in the previous effort to transfer by reason of the non-compliance of the City and County Attorney with the request of the Park Commission to draw up a resolution as per motion offered by Com. Lindley and carried October 22nd, 1914, "That the Secretary be instructed to request City and County Attorney Percy V. Long to draw up a resolution legally transferring to the Playground Commission jurisdiction over the whole of Hamilton Square in accordance with the provisions of a certain map and plans submitted".

The transfer of Hamilton Square to the Playground Commission was to follow the receipt of the resolution legally transferring Hamilton Square to the Playground

Commission, but the representative of the City and County Attorney's office informed Secty. de Succa, orally, that the request of the Park Commission could not be complied with until the Playground Commission re-transferred to the Park Commission the westerly half of Hamilton Square which was placed under the jurisdiction of the Playground Commission June 16th, 1911.

No official compliance of the Park Commission's request to the City and County Attorney having been received by the Park Commission, no transfer of Hamilton Square to the Playground Commission followed, previous to the action of the Board at to day's meeting.

Request for information.

From the Bureau of Municipal Research, New York, requesting data and statistics of the Park system in San Francisco.

. Referred to Secretary.

Request to conduct tourists through Park, denied.

From Mr. F. S. Robbins who desires a concession for conducting tourists through Golden Gate Park afoot for a financial consideration of not less than twenty five cents nor more than fifty cents.

Chairman Lindley informed Mr. Robbins that it has long been the policy of the Board to refuse any further concessions in the Park. If all concessions asked for were granted the Park would assume the appearance of a carnival and a poor man with a large family would be driven to Bay View Park.

Request denied.

Re. grass used on sand dunes.

From F. W. Young, Street Superintendent of the City of Manhattan Beach, Cal., requesting information regarding the kind of grass or plant that will hold the sand and keep the same from drifting in the wind.

Referred to Supt. McLaren.

Re. tonnis nets.

From Frsnk W. Thorne stating that he is an old sailor who has sailed from this port for thirty five years

he has lost one leg and is trying to make a living by knitting nets. He asks to be given some work in that line.

Referred to Supt. McLaren.

Requests of N.S.
G.W. referred to
Supt. McLaren.

From Louis H. Mooser, Grand President N.S.G.W., who asks that the water be allowed to run down Huntington Falls on April 23rd, 1915 as they intend taking a large number of the members of the Grand Parlor out to the Park on that day. He also declares that there is an obstruction to the approach to Lincoln Park and asks if this road can be opened.

He states that the Grand Parlor of Native Sons will have a tree-planting ceremony and would like the privilege of planting trees in the Civic Center on April 19, 1915.

Referred to Supt. McLaren with full power to act.

Receipt from
Museum.

From Curator Barron receipt from Robt. Lee for return to him of "The Glasgow Journal" dated 1769.

Re. Music Temple.

From the Musicians' Union of Australia requesting any photographs or rough plans and drawings and information as to the cost of the Music Temple presented to the Park by the Hon. Claus Spreckels.

Referred to Supt. McLaren.

Request from
Tulare County for
birds and animals.

From Tulare County Board of Forestry, Porterville, Cal., stating that they had constructed, under the instructions of the Academy of Science, an elk paddock of eleven acres and would like to secure from time to time buffalo, deer and birds from Golden Gate Park.

Secretary instructed to write and inquire what kind of an institution is the "Tulare County Board of Forestry"; is it private or public; will the public be permitted to view the collection of animals free of cost, or is a small charge to be made?

Upon a favorable reply that it is a public institution the Superintendent has been instructed to send such

animals as he may have a surplus of.

The selection of the donations was referred to Supt. McLaren with full power to act.

Supt. McLaren's
report.

The report of Supt. McLaren for the month of March read and recommendations approved.

Adjourned.

There being no further business before the Board the meeting adjourned subject to the call of the Chair.

Secretary--Park Commissioners.

San Francisco, April 28th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Wednesday, April 28th, at 3:50 P.M.

Present were: Acting Pres. Curtis H. Lindley,
Com. Sigmund Greenebaum,
Com. M. Earl Cummings.

Absent were: Pres. W. H. Metson,
Com. A. B. Spreckels.

Meeting called to order by Acting President Curtis H. Lindley in the absence of Pres. W. H. Metson.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held April 8th, 1915.

P.P.I.E. granted permission to sink well.

From Director of Works, H. D. H. Connick, Panama Pacific International Exposition, asking permission to sink a well just inside Golden Gate Park at 47th Avenue as shown on a map submitted. The request was granted subject to the location being approved by Supt. McLaren.

Re. Power Sprayer.

From Fitzhenry-Guptill Company relative to the Power Sprayer (oil) quoting a price of \$1270.00 f.o.b. Boston.

Referred to Supt. McLaren.

Re. Volley Ball.

From Y. M. C. A., requesting that one of the new tennis courts be set aside for "Volley Ball" a game that is played like Tennis, in which as many as eighteen players may take part.

Referred to Supt. McLaren.

Request to rent
field glaeses,
denied.

From Frank Schmidt requesting the exclusive privilege of renting field glasses at a cost of ten cents to visitors to the summit of Buena Vista Park.

This being considered a concession the request was denied.

Check from Turner
Co., for shrubbery.

From the Turner Company enclosing a certified check for \$232.75 in payment for re-placing shrubbery destroyed by running P.P.I.E. pipe line through Golden Gate Park.

Secretary de Succa reported that he had deposited the check to the credit of the Park Fund in the City Treasury.

Action approved.

Re. Hamilton Sq.

From the Playground Commission stating that the transfer of Hamilton Square by the Park Commission to the Playground Commission had been received and on motion duly made, seconded and carried was accepted by the Board of Playground Commissioners.

Read and ordered filed.

Re. Balboa Park
for school purposes.

From Clerk of the Board of Supervisors stating that he had been directed by the Public Buildings Committee of the Board of Supervisors to obtain an answer as to the disposition by the Park Commission of the Resolution of the Board of Supervisors requesting that a portion of Balboa Park be set aside for school purposes.

Supervisors Paul Bancroft and Ralph McLeran were present and urged as a measure of economy the granting of the land for the said purpose.

The Board decided to take the matter under advisement and it was so ordered.

Request to erect
tent on Beach,
denied.

From May Helman who at a previous meeting requested permission to put up a tent on the Beach where she could undress before taking a plunge in the surf.

Secretary was at that time instructed to obtain from the lady details of just what she wanted. Her answer was that she desired a tent about 9 X 12 feet and adds "if it pays me I will take the tent at night and secure it to the bushes".

As she evidently intended to rent the use of the tent for a financial consideration it was considered a concession and her request denied.

Offer of eagle declined.

From Secretary San Francisco Aerie No. 5, F.O.E., enclosing a letter from O. L. Richards, Secretary Tonopah #271, who desires to present a live Black American Eagle to Golden Gate Park.

Secretary instructed to thank the gentleman for his offer and inform him that we could not accept the bird at present as our cages are full.

Request for loan of stuffed bear.

From the President of the Grizzly Bear Club asking for the loan of the stuffed bear at the Museum to be placed in the Club rooms in the Native Sons Building during Grand Parlor week.

Secretary referred request to Curator Barron, as no meeting of the Board would be held in time to act upon the request.

Re. Civil Service Building Inspectors.

From Assn. Civil Service Building Inspectors, requesting that if, in the construction of any building, a Building Inspector is required, he be appointed from the above Association List No. 3.

Secretary instructed to inform the Association that the Park Commissioners would comply with their request.

Re. elk for Fresno Park Board.

From the Board of Park Commissioners, Fresno, California, requesting that the two elk promised them be shipped as soon as possible, notifying them by wire at their expense so that they can be on the look out

for the animals.

Secretary instructed to notify the Board that it would cost Twenty five Dollars (\$25.) each to crate the elk, and to let them know when the elk would leave San Francisco.

Request to sail gondolas, denied.

From R. Gringate requesting permission to put one or two gondolas, which he brought from Italy, on one of the lakes in Golden Gate Park, agreeing to pay a percentage of the profit to the Park Commission.

This being considered a concession, request denied.

Re. benches for Van Ness Avenue.

From Clerk of the Board of Supervisors stating that his Honor, the Mayor, had transmitted to the Public Welfare Committee, a letter from Mr. T. Speakman, suggesting that benches be placed on the Library Park side of Hayes Street for mothers, nurses and children and also along the various blocks on Van Ness Avenue on the outside of the sidewalk for the comfort and convenience of pedestrians.

Referred to Supt. McLaren.

Re. erection of colonnade in Union Square.

From John A. Britton, stating that the National Electric Light Association will hold its Annual Convention in San Francisco, June 7th next when about twenty five hundred distinguished people will visit us. Mr. Britton, on behalf of the General Convention Committee, desires to express their welcome by means of a colonnade built in imitation Travertine which would represent their and our hospitality.

This colonnade is to surround the Dewey Monument in Union Square; to be erected about May 21st and be removed between June 7th and 12th, without injury or damage to the beauty of the Square.

Permission granted provided the plan is approved by Com. M. Earl Cummings and Supt. John McLaren.

Re. Cricket Field.

From Henry Ward who desires a section of ground near the Ball Field for the California Cricket Association.

Referred to Supt. McLaren to report at the next meeting as to the cost of preparing the cricket field.

To Purchase
Spray Pump

Superintendent McLaren, to whom was re-
ferred the merits of the different power spray pumps,
reported that the Bean Spray, manufactured in San
Jose, would be the best and cheapest for our purpose.

It consists of a ten horse power engine
with Bosch Magneto, and with pinions direct connec-
tion to spraying outfit; one four hundred gallon
spray tank, with direct underneath suction to pump;
one steel frame ready to receive tank; one steel
truck with above parts mounted; and including
everything to make the power spray complete, at a
total cost of \$435.00

On motion of Commissioner Greenebaum,
seconded by Commissioners Cummings and carried,
Superintendent McLaren was authorized to purchase
a ten horse power Bean Spray Pump outfit at a cost
of \$435.00

Re School
Building
Balboa Park

Under the head of unfinished business the
question of transferring a portion of Balboa Park
to the Board of Education for school purposes was
again considered, and as President Metson and
Commissioner Lindley agreed that the Board of Park
Commissioners could not transfer lands dedicated
for Park purposes to the Board of Education, to be
used for school purposes, the request made by the
Board of Supervisors, as per Resolution J. R.
No. 1724, must necessarily be refused, and upon
motion duly made and seconded and carried, it was
so ordered.

Re Wild
White Cattle

From Lord Tankerville, thanking Superin-
tendent McLaren, for making the position of the Board

-3-

of Park Commissioners so plain. He states that he regrets that these gentlemen have come to a decision which makes it impossible for him to act, and therefore he will not carry out any plans for having the Wild White Cattle trapped this Spring.

The letter being of such special importance the Secretary sent a copy of it to the Acting President previous to the meeting, and also to Commissioner Spreckols who was absent.

In the absence of Commissioner Lindley no action was taken.

Secretary was instructed to send copy of letter sent to the Board of Supervisors upon the same request.

-3-

The same answer must be made to the Board of Education.

Re. Completion
of street work
Arguello
Boulevard.

From Arguello Boulevard Improvement Club,
requesting in a letter dated May 18, 1915, that permission be given them to celebrate the completion of the Gate-way, opposite Arguello Boulevard sometime in August. This letter was followed by one of a later date, May 25th, and by the presence at the Board meeting of Cecile M. Sorbier, Secty. of the Club, stating that as the donor of the Gate-way was averse to celebrating the completion of the Gate-way, the Club desired to withdraw that request and substitute the completion of the Boulevard from the Park to the Presidio, and the new entrance to the Park opposite to Arguello Boulevard.

This permission was granted.

Board of Supervisors
Re. accident insurance
to teamsters.

From Board of Supervisors, City & County of San Francisco.

Whereas, The City Attorney and the Industrial Accident Commission of the State have declared the city to be responsible for accidents to drivers of teams employed by the city and county, and

Whereas, The City Attorney has further declared that the city can impose such reasonable conditions as may be desirable, and that it will be perfectly legal to protect the city and county from liability by requiring owners of teams to insure their drivers; therefore

Resolved, That all departments are hereby directed to follow the opinion of the City Attorney and require that all team owners protect the city and county against loss due to accidents by providing indemnity insurance for each such driver.

Referred to Supt. McLaren with instructions to see contractors and have them protect the City of San Francisco, in accordance with the resolution.

Mr. Von Ahnden approved the sits.

Re. Grand Jury Report

A synopsis of the Report of the Committee on Parks, Public Squares and Playgrounds of the Grand Jury reports that Mr. Russell Pierce, Accountant, assisted by

#2

Mr. Austin, had examined the accounts of the Park Commission for the period from July 1st, 1912 to March 31st, 1915.

Extracts from the report state: "That the system in use is being handles and carried out by competent and intelligent employees, whose painstaking care is very apparent". "All the distribution of the pay roll and material and supplies purchased over a period of thirty three months were found correct, excepting one or two minor clerical errors of no consequence, which speaks very highly for the accounting staff". "All receipts were compared with the receipts of the Treasurer's office and found to be in accordance".

Ordered filed.

Re. Civic Day at

By instruction of the Board the Secretary sent the following letter to the Board of Supervisors and a copy of same to the City and County Attorney:

San Francisco, June 14th, 1915

To the Honorable
The Board of Supervisors,
San Francisco.

Gentlemen:

At the last meeting of the Board of Park Commissioners Superintendent John McLaren made the following report which was adopted and the recom-

#7

mendation approved:

"At the request of City and County Attorney Percy V. Long, I took him down to the Sharp Ranch, San Mateo County, Wednesday, June 9th, 1915. I showed him the Sharp property and after waslking along the beach and around the level portion of the Ranch he expressed himself as being much pleased with this Ranch becoming a highly improved City Park. In order to facilitate the transfer to the City he suggests that the Board of Park Commissioners send a request to the Board of Supervisors advising them to accept the magnificent gift. Attorney Long stated that as soon as this communication is filed with the Board of Supervisors he will immediately have the necessary papers drawn up and the transfer made."

The Board of Park Commissioners instructed the Secretary to write to the Board of Supervisors and request them to accept this magnificent Ranch of four hundred and thirteen acres and \$89,000.00 in gold which is offered to the City and County of San Francisco as a gift by Mr. S. G. Murphy and Park Commissioner A. B. Spreckels.

Kindly inform me as soon as convenient of the acceptance of this gift by your Honorable Board.

Very truly yours,

JAMES de SUCCA.

Secretary.

Re. proposed
Church Street
Municipal R.R.

There being large delegations present for and against the plan of the City Engineer to run the Church Street Municipal Railway through the westerly end of Mission Park, Pres. Metson called upon Mr. Ransome, who represented City Engineer O'Shaughnessy. Mr. Ransome stated that on February 17th, 1915 the Board of Supervisors directed the Board of Public Works to prepare plans and specifications for the construction of a double track street railway along Church Street to Eighteenth Street thence by a diversion through the westerly side of Mission Park to 20th and Church Streets, thence along Church Street to 30th St. He said the diversion into Mission Park was necessary to avoid the steep grades on Church Street over which it would be impossible to operate electric street cars with safety.

The road, if constructed according to the plans submitted will be rather ornamental than otherwise.

Mr. S. McAtee, Asst. Secretary to the Mayor, informed the Board that Mayor Rolph is in favor of the plan submitted by the City Engineer. The people re-

quire transportation facilities at once as the section is already well populated.

A representative of the Mission Promotion assn., stated that the plans now offered by the City Engineer had been approved by his Association, by the Board of Supervisors and by Mayor James Rolph, Jr., and were considered the only practical solution of how to overcome the steep grades on Church Street.

The Mission Heights Improvement Club, by J. H. MC Clernon, its president, sent in a petition with about eight hundred names, requesting the Board of Park Commissioners to disregard any and all protests against the use of the strip of land on and along the westerly edge of Mission Park for municipal railroad purposes, it being the only practical method of constructing the road alongside the said portion of Church Street, viz. 18th to 20th Street and stating that the request of City Engineer O'Shaughnessy should be granted.

Mr. Long said he had lived opposite Mission Park for thirty years and that the railroads would be no more dangerous than the cars that run through Jefferson Park on Turk Street and that two thirds of the slopes would still remain for the benefit of the children.

Mrs. E. M. Rentschler presented a protest against the railroad with ninety five names upon it in which they request the Board of Park Commissioners to prohibit the use of any part or portion of Mission Park by the Church Street branch of the Municipal Railroad because it will not only destroy the beauty of the Park but will be a constant menace to the lives of young and old who congregate there, also to do so would be to violate the Charter as Mission Park was dedicated for Park purposes only.

The Church Street Railroad (Non-Assessment) League

said to represent twenty seven hundred members, represented by Mrs. E. M. Rentschler, presented a protest against the encroachment of the Church Street Railroad on Mission Park. They wish to substitute plan No. 7 which they claim to be safe, feasible, and economical for a railroad over and on Church Street.

After all persons who desired to do so, had spoken for and against the proposition, Com. Curtis H. Lindley stated that he was not sufficiently informed upon the merits of the two plans nor of the merits of the protests against the City Engineer's plan no submitted, and that he desired an opportunity to acquaint himself with the lay of the ground and to examine into the statement made that Mission Park could not be used for any but park purposes, declaring however that in such was the case the land could still be condemned if the people required it as a public necessity.

On motion duly made, seconded and carried final action was deferred until the next meeting of the Board.

Re. Civic Center
Plaza.

From the Board of Supervisors forwarding Resolution No. 12009 (new series) approved August 2nd, 1915 which reads as follows:

"WHEREAS, The Board of Public Works has advised that the Civic Center Plaza has been satisfactorily completed and accepted by said Board of Public Works by its Resolution passed July 14th, 1915, therefore be it

RESOLVED, That the said Civic Center Plaza bounded by Polk, McAllister, Larkin and Grove Streets be and is hereby set aside and dedicated for park purposes, and the same is hereby transferred and assigned to the control and management of the Park Commission.

The Board formally accepted the management and control of the Plaza.

Re. paintings of
Mayors.

From the Board of Supervisors forwarding
Resolution No. 1883 J.R. Adopted August 2nd, 1915
which reads as follows:

"WHEREAS, A communication was received from Geo. A. Weeden submitting a proposal to furnish oil paintings of the respective Mayors of the City and County of San Francisco for a period of years dating from 1850 to and including 1915 consecutively for the price of \$100 per each portrait, including an artistic frame, and

WHEREAS, It is deemed wise and appropriate that such portraits should be the property and possession of the City, therefore be it

RESOLVED, That the said Geo. A. Weeden be and is hereby authorized and ordered to reproduce in oil the portraits of the last five Mayors of the City and County of San Francisco in accordance with his proposal submitted, provided, however, that the acceptance by the City of the said portrait painting, shall be dependent upon the approval of the Board of Park Commissioners in accordance with the provisions of Section X of Article XIV of the Charter, and further

RESOLVED, That the Finance Committee be and is hereby requested to make available the sum of \$500, to be expended for said purpose.

Referred to Com. M. Earl Cummings.

Re. financial
statement.

From Thos. F. Boyle, Auditor, advising the Board of Park Commissioners that the financial statement for the fiscal year ending June 30th, 1915, sent him from the office of the Park Commission has been checked off and agrees with the Auditor's book to a cent.

Ordered filed.

Re. geese from
Alaska.

From the Secretary of the Department of the Interior in answer to a letter received by him from Pres. W. H. Metson relative to procuring ptarmigan and emperor geese from Alaska for Golden Gate Park, in which he states that permits for the shipment of birds from that territory are granted by the Secretary of the Department of Agriculture to whom Pres. Metson's letter

was referred. .

Secretary instructed to acknowledge letter with thanks.

Permit to
capture and ship
birds from Alaska.

From Mr. C. F. Marvin, Acting Secretary of the Department of Agriculture, in which he states that in accordance with the letter sent him from the Department of the Interior written by Pres. Metson he encloses a permit authorizing the capture and shipment of twelve ptarmigan and twelve emperor geese.

Pres. Metson instructed the Secretary to write to Mr. Lindeberg, Nome, Alaska, and send him the permit.

It was moved, seconded and carried that the President receive a vote of thanks for the great interest he has taken in securing these rare birds for Golden Gate Park.

Salaries increased.

It was moved by Com. Spreckels, seconded by Com. Greenebaum and carried that the salary of Supt. John McLaren be raised to Five hundred Dollars per month and that the salaries of George H. Barron, Curator and Wm. Altmann, Asst. Curator of the Park Memorial Museum be increased Twenty five Dollars per month each.

Re. plans for
play-house,
Huntington Park.

From Stephen Child, Landscape Architect, submitting plans for a three story apartment play house to be erected in Huntington Park.

Secretary instructed to notify him that a public park, used exclusively for playground purposes, does not come under the jurisdiction of the Park Commission.

-6-

Re. purchase of
animals and birds.

From Baker Iron Works, Los Angeles, offering to sell a number of animals and birds. Secretary instructed to state that a lack of funds will prevent the purchase of any animals or birds at present.

Re. tree planted
by Wm. McKinley.

From Asst. Secretary to Mayor Rolph with enclosure from "J.W.J." requesting that the tree planted in Union Square by Pres. Wm. McKinley be designated by an appropriate card so that the visiting easterners may locate same.

Re. over-hanging
tree limbs.

From the United Railroads Company calling attention to over-hanging limbs of trees bordering Precita Avenue Park and advising that they be sufficiently trimmed to insure the safety of passengers in case the car windows are broken.

Referred to Supt. McLaren.

Re. Lincoln Park
Club House.

From F. P. Walsh who states he paid a small fee for the care of his golf sticks at Lincoln Park and when he called for same they were not to be found.

Secretary instructed to notify him that the Park Commissioners kept no attendant there to take care of golf sticks and have no jurisdiction over the Club House.

Re. water used

From the Department of Public Health enclosing

-7-

copy of analysis of water samples taken from various stations in Golden Gate Park. As the analysis from the Dutch Windmill and Pumping Station both contain Cole Communi's Bacilli, which is evidence of sewer contamination, the installation of Spring Valley Water at all public drinking fountains in the Park is recommended.

Referred to Supt. McLaren.

Re. Road on
Great Highway.

From Dibble Bros. who petition the Board to construct a roadway connecting the higher and lower drives of the Great Highway at the intersection of Taraval Street, they to pay all expenses for such construction.

Secretary Park Commission

San Francisco, August 26th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners held August 26th, 1915 at their office Park Lodge, Golden Gate Park,

Present were: Pres. W. H. Metson,
Com. H. Earl Cummings,
Com. Curtis H. Lindley,
Com. Sigmund Greenbaum,
Com. A. F. Spreckels.

Minutes adopted.

The minutes of the meeting held August 12th, copies of which were sent to each Commissioner, were upon motion duly made, seconded and carried, adopted as the minutes of the meeting held Aug. 12th, 1915.

RE. CHURCH STREET RAILROAD.

From the "Committee of Ladies" giving additional reasons why Mission Park should not be used by the Church Street Railway.

Ordered filed.

From the Civic League of Improvement Clubs petitioning the Board to permit the destruction of the Church Street Railway tracks on the portion of Mission Park requested by the Board of Public Works.

Ordered filed.

The question of granting the request of the Board of Public Works for a right of way through Mission Park for the Church Street Municipal Railroad was, on motion of Com. Lindley, seconded by Mr. [redacted] and carried, referred to City and County Attorney Percy W. Long in the following resolution:

-2-

Hon. Percy V. Long,
City and County Attorney,
San Francisco.

Dear Sir:

WHEREAS, the Board of Park Commissioners desire to be advised as to their power to grant an easement of a portion of Mission Park as requested by the Board of Public Works, giving the latter Board the right to use all or any part of the land west of the east line of plat presented by the Board of Public Works for the Church Street Railway now contemplated.

THEREFORE, the Secretary is requested to ask the City and County Attorney for such an opinion.

AND BE IT FURTHER RESOLVED, That the application heretofore made by the Board of Public Works that a part of Mission Park be set aside for street railroad purposes, adjoining the east side of Church Street as described, on the east line of the plat submitted, be granted and set over to the Board of Public Works.

Provided, however that the City and County Attorney renders an opinion to the effect that the Board of Park Commissioners have authority and power to grant the request of the Board of Public Works.

Carried unanimously. //

Re. Cole Street
crossing.

A committee from the Haight & Ashbury Improvement Assn., was present to protest against the closing of Cole Street crossing through the Panhandle. It was declared that the crossing had been opened for forty five years and that fifty business men, having delivery wagons, used the crossing many times a day and that if closed it would cause them a great loss of time to go to the Stanyan Street crossing.

Mr. Ed. Neil suggested the opening of Masonic Avenue as the most logical crossing, it being in the center of

the Panhandle where it will accommodate the largest number of vehicles. He protested against more than one crossing as the Panhandle is the nursery of the Park and it would endanger the lives of mothers and children who use the Panhandle.

It was moved, seconded and carried that the closing of the Cole Street crossing be taken under advisement.

Re. Spring Valley
Water Co. Bond.

From the Spring Valley Water Company to Pres. Metson informing him that they would amend the indemnity in accordance with his request so as to insure the members of the Park Commission from any and all liability arising in connection with the doing of the work of laying the main across Golden Gate Park.

Bond approved by Pres. Metson.

Re. Railroad
across Golden
Gate Park.

From the Haight and Ashbury Improvement Assn. tendering their unqualified support in the Board's objection to building the municipal road across Golden Gate Park.

Secretary instructed to notify the Association that there was not, at this time, any request of that nature before the Board.

Re. autos ex-
ceeding speed
limit in Park.

From Pres. Metson to Chief of Police informing him that between the hours of 11 and 11:50 at night automobiles have gotten into the habit of going through Golden Gate Park at a high rate of speed and requesting better police protection for the people and the property that is being injured by the high-speed.

Letter approved.

Re. slopes in
Panhandle.

From Park Richmond Improvement Club with reference to the slopes of the Panhandle on the west side of 13th Avenue and the slopes of the east side of 14th Avenue which need attention.

Referred to Supt. McLaren to report as to the cost of improving the said land.

Grounds in Civic
Center transferred
to Park Board.

From the Board of Supervisors enclosing copy of Resolution No. 12043 (New series), which reads as follows:

RESOLVED, That in accordance with the recommendation of the Board of Public Works, filed August 5, 1915, the ground surrounding the Civic Center Power House situate at the northeast corner of McAllister and Larkin Streets, be and the same is hereby transferred to the custody and control of the Board of Park Commissioners.

On motion duly made, seconded and carried the ground surrounding the Civic Center Power House was formally accepted by the Board of Park Commissioners and referred to Supt. McLaren to report cost of improvements.

Re. policy on
Spoondr Collection.

From Rudolph Herold, Jr., enclosing policy No. 63072 California Insurance Company covering the Spooner collection of paintings.

Policy accepted and bill ordered paid.

Plans for play-
house.

From Stephen Child requesting a return of his plans suggesting a three story play house on Huntington Park.

Secretary stated they had been returned.

Exposition Mar-
athon Race.

From the Exposition Athletic Committee stating that on August 28th, 1915 an International Marathon Race will be started from the Exposition Stadium and requesting permission to put up a few flags to mark the course along the North Drive in Golden Gate Park.

Request granted.

-5-

Re. water for
Academy of Science.

From the California Academy of Science requesting that their building be supplied with park water service as the Spring Valley Water Company's pressure is not sufficient to deliver water on the roof.

Referred to Supt. McLaren.

Re. common names
of trees.

From Teresa M. Slattery suggesting that the "common names" of trees in Golden Gate Park be given as well as the botanical names.

Referred to Supt. McLaren.

Adjourned.

There being no further business before the Board the meeting adjourned subject to the call of the President.

Secretary-Park Commission.

San Francisco, Sept. 16th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Sept. 16th, 1915 at 4 P.M.

Present were: Pres. W.H. Metson,
Com. Sigmund Greenebaum,
Com. A.R. Spreckels,
Com. M. Earl Cummings.
Absent: Com. Curtis H. Lindley.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to each Commissioner, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held August 26th, 1915.

Re. Opinion of
City Attorney
Re. Church St.
R.R. through
Mission Park.

The Opinion of the City and County Attorney to whom was referred a resolution relative to the proposed Church Street Municipal Railroad through Mission Park, adopted Aug. 26th, 1915, was received and which reads as follows:

September 1st, 1915.

Gentlemen:

I am in receipt of your communication of the 26th of August, 1915, as follows:

"Whereas the Board of Park Commissioners desire to be advised as to their power to grant an easement of a portion of Mission Park as requested by the Board of Public Works, giving the latter Board the right to use all or any part of the land West of the East line of the Plat presented by the Board of Public Works for the Church Street Railway now contemplated. Therefore our Secretary is requested to ask the City and County Attorney for such opinion."

OPINION:

"Mission Block 86 was purchased by the City and County of San Francisco on the 6th day of March, 1905, for the sum of \$152,000 from the Congregation Emanu-El and the Eureka Benevolent Association Corporations, and Mission Block 87 was purchased at the same time for \$140,000 from the Congregation Sherith Israel, a corporation.

These lands were acquired under and in pursuance of the terms of Ordinance 708, adopted by

the Board of Supervisors on the 13th day of April, 1903, and approved by the Mayor the same day. Said ordinance declared that the public interest and necessity demand the acquisition by the City and County of lands for an additional public park in that portion of the City and County known as the "Mission", and thereafter bonds in the sum of \$292,000 were voted by the people for said purpose.

The deeds under and by which the City and County acquired said properties, conveyed the fee simple title thereto, free from all incumbrances, and without any terms, conditions or limitations as to the use of said properties by the City and County.

Section 6 of Article XVI of the Charter, prohibits the Commissioners from leasing any part of the parks, etc., under their control, to any person, company or corporation for any purpose except that they are empowered by Section 9 to lease to the State of California ground for an exposition building and by Section 12 the California Academy of Sciences is granted permission to erect and maintain in Golden Gate Park a museum building.

The Commissioners are authorized to lease for a period not greater than one year, such buildings as may be constructed by the Board for the use of the public.

The Commissioners are authorized, also, to permit the use, for a limited time by the Panama Pacific International Exposition Company of a certain portion of Golden Gate Park and all of Lobos Square for exposition purposes.

The provisions of the Charter here pointed out, prohibit the Board from leasing any part of the public parks to private persons; there is no prohibitory language contained therein as far as the City and County itself is concerned. I do not mean to imply, however, that the City and County could be granted permission by the Board, of the use of said parks for any and all purposes. The right to such use is a limited one and it must be such a use as is consistent with the use of the park by the public for recreation and pleasure. For instance, the Supreme Court, in the case of *Spies v. Los Angeles*, 150 Cal. held that the City of Los Angeles had the right to erect a library building in Central Park in that City, and in the case of *Harter v. San Jose*, 141 Cal. 659 the same Court held that the City of San Jose had the right to erect an hotel in Alum Rock Park, observing, "We are not prepared to say that the public authorities in this case did not have the authority to make the contemplated lease under their general power to control and manage the park"----and quoting from *Gushee v. City of New York* 42 App. Div. 37, 58 N.Y. Supp. 967, in which the Court said, "that in the control and management of the public parks of a great city it is perfectly proper to furnish not only such innocent amusements as may enhance the pleasure of those who resort to the parks, but such opportunities for rest and refreshment for themselves and their animals as may be required will not be disputed." The doing of these things is no part of the public duty imposed upon municipal corporations as the agent of the state in the performance of its governmental functions, but rather a part of

the business of the city, which it may or may not undertake in its private capacity, as the owner of the lands which have been set apart for park purposes.

In a case directly involving the construction of a street railroad in Golden Gate Park, *People v. Park and Ocean R.R. Company*, 76 Cal. 156, the Court said at p. 162:

"A railroad in a public park, constructed and managed as in the case at bar, may be a nuisance calling for the intervention of the supreme power of the state to conserve the rights of the general public; or it may be a medium of ingress, egress and transportation essential to the full enjoyment by the people of the privileges and blessings accorded them in the creation and dedication of such park."

In my opinion, after reviewing the authorities, your Honorable Board possesses the power and authority to grant the easement mentioned in your communication, as desired by the Board of Public Works, for the so-called Church Street Railway.

Respectfully,

(signed) PERCY V. LONG.

City Attorney.

At a previous meeting the Board of Park Commissioners decided to grant the request of the Board of Public Works to divert the proposed Church Street Municipal Railway through the westerly end of Mission Park, provided the City and County Attorney rendered an opinion to the effect that the Board of Park Commissioners have the power and authority to grant such request. As the City and County Attorney has replied in the affirmative, the Park Board confirmed its action of August 26th and instructed the Secretary to notify the Board of Public Works that their request was granted. //

Re. railroad
across Golden
Gate Park.

The following resolution was presented by Pres. Metson, seconded by Com. Spreckels and carried unanimously:

WHEREAS, The Board of Park Commissioners have seen advocated in the public press the building of a railroad across Golden Gate Park

RESOLVED, That it is the sense of the Park Com-

missioners that it will be detriment to the people to build a railroad of any kind across Golden Gate Park.

Re. Church Street
Railroad.

From the City Engineer M. M. O'Shaughnessy thanking the Board of Park Commissioners for their courtesy in the matter of granting the Board of Public Works permission to use a portion of the westerly end of Mission Park for the Church Street Railway.

Ordered filed.

Re. protection
of Ocean Beach

From C. P. Moon to Pres. Metson relative to the use of compressed air to protect the Ocean Beach.

Copy of communication ordered sent each Commissioner

Re. Bernard Na-
than's Will.

From A. B. C. Dohrman to Pres. Metson stating that the Will of Bernard Nathan had already been filed here and that he had full particulars of the collection on file and that he would look after the Park Museum end of it.

Secretary instructed to return the thanks of the Board for his interest in the matter.

Re. soil and rails
of Panama Canal.

From Mayor's Office with enclosure from D. de Barrows who desires to sell a collection of strattas of soil and pieces of rails from the Panama Canal and case of butterflies, Panama coins, etc.

Secretary instructed to inform the gentleman that lack of funds prevents the Board from purchasing the collection at present.

From Chief White
re. complaints.

From Chief White to Pres. Metson relative to complaints coming from the Childrens Quarters regarding the behavior of certain degenerates and also relative to speeding through the Park between the hours of eleven and half after twelve at night, and stating that he would detail an officer to look after the people.

Ordered filed.

5

Re. Railroad
across Golden
Gate Park.

From the Haight and Ashbury Improvement Association protesting against the building of a Municipal Railroad across Golden Gate Park from 10th Avenue and Fulton Street to 14th Ave. and Lincoln Way.

Copy of Resolution on this subject adopted at this meeting was ordered sent to the Association.

Re. luncheon
place near or in
Academy of Science.

From Mrs. C. E. Hunter to Supt. McLaren in which she asks for permission to erect a tent and serve light luncheon near the Academy of Science Building or a room in the basement of the said building for that purpose.

Secretary instructed to inform the lady that her application was against the Park Ordinances; and as the Park Commission have no control over the Building she might apply to the Directors of the Academy of Science.

Re. cooking on
Beach.

From Supervisor Oscar Hocks requesting for Mr. A.L. Dilley, 1565 Dolores Street, permission to cook coffee on the beach about once a month for his family.

Secretary instructed to inform him that the request was against the Park Ordinances.

wild flowers.

From the Mayor's office with enclosure from Miss Mary Alice King relative to planting wild flowers on the Twin Peaks Scenic Boulevard where there are bare places. She suggests that they be re-seeded and re-planted.

Referred to Supt. McLaren for report.

Re. Spring Valley
bonds.

From the Hartford Accident and Indemnity Co., stating that as there were two bonds of the Spring Valley Water Company on file in the Park Commissioners' office, and as the Board had declined to return the first one issued, it would be necessary that they receive a communication from the Park Board to that effect as the Insurance Company requires that they have such evidence on file.

Secretary instructed to inform them that the bond will be returned in a few days, when the work will be completed.

Re. Phelan Ave.

From the Sunnyside Improvement Club stating that it is urgently necessary that Phelan Avenue be graded and macadamized and that as it is a part of Balboa Park it be set aside for street purposes by the Park Board.

Secretary instructed to notify the petitioners that if Phelan Ave. is a portion of Balboa Park they cannot set ^{it} aside for any other purposes, but park purposes.

Re. portrait of
Ex-Mayor Taylor.

Mr. Geo. A. Weeden was present with a portrait of Ex-Mayor Taylor which was referred to Com. Cummings, and later considered in executive session, after which the Secretary was instructed to notify Mr. Weeden that

the portrait failed to receive the approval of the members of the Board and consequently was rejected.

Re. railway through
public parks.

The following communication was sent by
Secretary de Succa to the Park Boards of several of
the principal cities of the United States relative
to street railways through public parks:

"There is a proposition before this Board to
operate a street railroad through one of the
public parks. I have been directed to inquire
whether or not your Board has had any exper-
ience along this line and if so what effect
the railroad has had on the landscapes and
whether or not the road has been approved by
your Board and the public generally.

Any further information that you can oblige
us with will be appreciated.

Thanking you in advance for your courtesy, I am

Very truly yours,

(signed) JAMES de SUCCA.
Secretary.

The reply from Columbus, Ohio, stated that they
had no car lines in any of their parks.

From Cincinnati, Ohio, stating that they had gone
on record as being strongly opposed to the establishment
of any railway, not only in the Parks, but over the Park-
ways. The tracks do not harmonize with Parks and the
road bed cannot be made ornamental.

From Baltimore, Md., states that it was once pro-
posed to tunnel through with surface stations in the
interior of the park for the accommodation of park users,
but the increasing use of motor vehicles for hire as well
as by owners, made unnecessary an extension of street
railways in the parks for public convenience and left
only the gain to private land owners as a reason for the
project. The Park Commissioners' report for 1879 re-
cites that the extension of the city passenger railway
to the Park entrance and the success of the Park phaeton
within the Park had so facilitated the access of pedes-
trians that the railway, valuable as it was when first
built, had become useless and the tracks were taken up

and sold.

From Fairmount Park, Philadelphia, notifying the Board that they were sending under separate cover a copy of the Sixth Report which they think will give us the information desired. As no report has been received the Secretary was instructed to again write for same.

From Chicago, Ill, stating that as far as possible it is their policy not to have the Parks cut up with street railways.

From St. Louis; Com. Cunliff writes that where street railways pass through the park property, the conditions are usually very ugly and unsightly and is not of sufficient benefit to the people as a whole to compensate for the unsightly condition created on park property.

From City of Detroit, states that they have never permitted a railroad in their public parks.

From Boston, Mass., stating that they have the power and have made several grants of this kind, which have furnished the means by which large numbers of the public may avail themselves of the reservations.

All these communications were ordered filed and copies sent to the Mayor and Board of Supervisors.

Report on dolls
postponed.

Com. Cummings stated that he would report on the Dr. Dodel collection of dolls at the next meeting.

To sell fence on
Huntington Park.

Supt. McLaren was given the power to sell the iron fence surrounding Huntington Park for \$45. if that was the highest price he could secure for it.

Adjourned.

There being no further business before the Board the meeting adjourned, subject to call of President.

Secretary Park Commission.

San Francisco, October 13th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Wednesday, October 13th, 1915,

Present were: Pres. W. H. Metson,

Com. M. Earl Cummings.

Absent:

Com. A. B. Spreckels,

Com. Sigmund Greenbaum,

Excused:

Com. Curtis H. Lindley (sickness)

No quorum present.

There being no quorum present the following business was transacted subject to confirmation at the next meeting of the Board.

Re. minutes.

The approval of the minutes of the meeting held September 28th, 1915 was postponed until the next meeting.

Re. railway
across Park.

From the Park Commission of New York City relative to street railways crossing public parks. The letter states that four street car lines transverse Central Park at 65th, 79th, 86th and 97th Sts. On these cross town lines the street cars run through a sunken road which is carefully concealed from view of persons in the Park, in some places this sunken road is an open cut screened with trees and shrubbery and in one or two places it is completely roofed over to allow the passage of park drives and walks above it.

Copy ordered sent to the Mayor, Board of Supervisors and Pres. Metson.

Re. railway
across public park.

From the Park Commission of Minneapolis, Minn., relative to railways across public parks. Theodore Wirth, Superintendent of Parks, states that under proper restrictions he believes permission should be granted to run cars across the Park.

Copy ordered sent the Mayor, Board of Supervisors and Pres. Metson.

-2-

Letter of thanks.

From his Honor, Mayor Rolph, returning thanks for copies of letters sent him relative to railways crossing public parks in New York City.

Ordered filed.

Resolution of Board of Supervisors re. Railway across Park.

From his Honor, the Mayor, forwarding Resolution 12128 (New Series) which reads as follows:

RESOLUTION NO. 12128 (New Series).

RESOLVED, That the Park Commission be and is requested to grant permission for the construction of an extension of the Geary Street Municipal Railway across Golden Gate Park from Tenth Avenue and Fulton Street to Fourteenth Avenue and Lincoln Way as planned by the City Engineer.

Mayor Rolph calls the Park Board's attention to the fact that he approved the Resolution September 25th, 1915 and that it passed the Board of Supervisors practically unanimously, the one negative vote being Mr. Jennings who thought the question should be submitted to the electorate.

A copy of Mayor Rolph's letter was ordered sent to each Commissioner so that action may be taken by them at the next meeting.

Re. Phelan Avenue.

From the Board of Supervisors enclosing Resolution No. 12060 which reads as follows:

RESOLVED, That the Board of Park Commissioners is hereby requested to re-convey to the City and County of San Francisco a strip of land forty nine feet one inch in width along the westerly line of Balboa Park (formerly known as the House of Refuge lot) this strip being 1955 feet, more or less, in length, the said land to be dedicated for street purposes, the description of this strip of land being as follows:

COMMENCING at the point formed by the intersection of the westerly line of Balboa Park (formerly House of Refuge lot) and the southerly side of Sunnyside Tract, said point being the northwesterly corner of Balboa Park, (formerly House of Refuge lot); thence running in a southerly direction along the westerly boundary line of said Balboa Park (formerly House of Refuge lot) nineteen hundred and fifty five (1955) feet, more or less, to the northerly line of Ocean Avenue with a uniform width of forty nine feet one inch (49' 1") extending easterly from the said westerly line of Balboa Park

This request was granted by the two members of the Board present, subject to confirmation at next meeting.

Re. Phelan Ave.

From the Board of Supervisors relative to the preceding subject upon which the same action was taken.

Re. Huntington Park fence.

From the Sugarman Iron and Metal Company offering a bid of \$42.50 for the iron fence surrounding Huntington Park on California Street.

Rejected as higher bid was received.

Re. Huntington Park fence.

From W. H. Linforth offering \$50.00 for the iron fence surrounding Huntington Park. Supt. McLaren having, at a previous meeting, been authorized to sell the fence to the highest bidder, accepted Mr. Linforth's offer who agreed to remove the fence without injury to the coping.

The Secretary reported receipt of the check and its deposit to the credit of the Park Fund.

Action approved.

Bond of E. Lyons.

Bond of Miss E. Lyons for \$2000.00 as Printer of the Park Museum, received and referred to President Metson.

Re. carved gateway.

From the Mayor's office with enclosure from Anne E. Mackin relative to the sale of the Gateway which forms the entrance to the Zi-ka-wei Orphanage Exhibit in the Education Building, P.P.I.E.

From the Park Richmond Improvement Club calling attention to the unfinished condition of the entrance at Stanyan and Fulton Streets.

Supt. McLaren requested further time as he had just made some improvements there.

Re. auto train through Park.

From H. M. Hyde relative to auto train in Golden Gate Park for which he asked a franchise.

Secretary instructed to inform Mr. Hyde that the Board is opposed to granting franchises but had no

-4-

objection to the operation of a train ~~at a~~ such as he mentions, with a limited number of cars to each train and also that he would be obliged to build at his own expense, at selected points, one or more stations.

Mr. Hyde was requested to detail his proposition which he desires the Park Commission to accept.

Re. bond of Spring
Valley Water Co.

From the Hartford Accident and Indemnity Co. requesting the return of the first bond issued by the Spring Valley Water Company to guarantee the replacing of the roadway where disturbed in consequence of crossing the Park with a pipe line by said Company.

-5-

Supt. McLaren's
report.

Supt. McLaren's report for the month of
September, 1915 received, read, adopted and his recom-
mendations approved.

Re. water for
Academy of Sci-
ence.

Special consideration was given to Mr. Mc
Laren's recommendation that the Academy of Science be
allowed the use of the Park water by paying for it or
by giving it to them free of charge. As the Park water
system furnished a greater pressure as a protection
against fire to the building, the two members of the
Board present agreed to give the Academy of Science
park water free, subject to confirmation at the next
meeting.

Dr. Dodel Dolls.

Com. Cummings stated that he would report on
the Dodel Doll collection at the next meeting.

Adjourned.

There being no further business before the
Board the meeting adjourned subject to the call of the
President.

Secretary--Park Commissioners.

San Francisco, October 28th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, October 28th, 1915

Present were: Pres. W. H. Metson,
Com. M. Earl Cummings,
Com. Curtis H. Lindley,
Com. A. B. Spreckels,
Com. Sigmund Greenbaum.

Minutes adopted.

The minutes of the meeting held September 28th, 1915, copies of which were sent to each Commissioner, were, upon motion duly made, seconded and carried adopted as the minutes of meeting held September 28th, 1915.

Re. previous meeting.

There being but two members present at the meeting called for October 13th, 1915, and those two members having transacted and disposed of the business on file, on motion made by Com. Lindley the following resolution was unanimously carried:

RESOLVED: That the acts of the two members of the Board of Park Commissioners present at the meeting held October 13th, 1915, be and are hereby confirmed and approved.

Re. Municipal Railroad.

Action on the communication received from Mayor Rolph relative to the Geary Street Municipal Railway crossing the Park, was postponed to permit the Park Commissioners in company with ^{M. E. O'Shea, Mayor} Mayor Rolph and the City Engineer, to go over the ground on Tuesday, November 2nd, 1915 where it is proposed to cross the Park.

Re. Municipal R.R.

From the California Club protesting against the extension of the Geary Street Municipal Railway through the Park.

Read and ordered filed.

Re. Cole Street
crossing.

From the Mayor's office enclosing two petitions against the closing of the Cole Street crossing through the Panhandle, one from the Haight and Ashbury and the other from the North of Panhandle Improvement Clubs.

A number of the members from both Clubs were present and protested against the closing of the crossing. The principle argument advanced against closing Cole Street was that the crossing had been open for the past forty five years and was a great convenience to the business men on Haight and other streets.

Pres. Metson explained that the protests against the crossing remaining open by the residents of Cole and Oak Streets opposite the crossing because of the mud in the winter time and dirt in the summer must receive some consideration and therefore the crossing could not be allowed to remain in its macadam state, neither would be Commissioners be justified in bituminizing a crossing but two blocks east of the Stanyan Street crossing even though they had the money to do so.

Com. Lindley stated that in closing the crossing no great injury was being imposed on the business men on Haight or any other Street, by forcing them to use the find crossing lately put down by the Park Board on Stanyan Street, but two blocks west.

Upon motion duly made, seconded and carried unanimously, the Board refused to re-consider their order to Supt. McLaren to close said crossing on August 12, 1915.

Re. Municipal R.R.

From City Engineer O'Shaughnessy relative to crossing Golden Gate Park with the Geary Street Municipal Railway and submitting nine sheets of drawings, in duplicate, showing the general plans and a number of details of the proposed street railway through the Park as proposed by Resolution 12128 (New Series) adopted September 20th, 1915.

3

Action delayed pending the proposed visit of the members of the Board, the Mayor and City Engineer over the proposed route through Golden Gate Park.

Re. Chinese Gateway.

From Annie E. Mackin who states that she is authorized to dispose of the Chinese Gateway which is an example of the technical work done in the Zi-ka-wei Orphanage of Shanghai.

Secretary instructed to inform Miss Mackin that, owing to lack of funds, the Park Commissioners are unable to purchase the Gateway.

Re. Elwell Law.

From Park Superintendent Theo. Wirth of Minneapolis, sending to Supt. McLaren a typewritten copy of their Elwell Law relative to acquiring land for park purposes.

Secretary to acknowledge receipt with thanks.

Re. Coin locks.

From the Pacific Coin Lock Co., submitting the following proposition:

"In compliance with request of Mr. McLaren, we beg to submit the following proposition regarding COIN Locks.

We agree, at our own expense, to thoroughly sanitize and equip with our Coin Locks, one of the booths on the Men's side, and one of the booths on the women's side, of the public comfort station at Union Square; with the understanding that we will, on your order, remove our locks and restore toilet doors to the same condition that they were before the installation.

If, however, the test proves that the public patronize this service, it is understood that we will then be allowed to make permanent installations in such other stations as you may select, and pay you 25% of the gross receipts thereof.

It seems to us that the station at Union Square is not large enough, and if after our locks have been tried out and proved satisfactory to your Honorable Board, we will submit a proposition to enlarge this station at our own expense.

If this proposition meets with your approval, kindly communicate with our Mr. G. S. Brackett, local manager of this corporation, at 149 New Montgomery Street, phone Douglas 4405, who will proceed at once to make the installation.

A copy of this agreement was ordered sent to each Commissioner.

Re. City Beautiful.

From Miss Mary Alice King submitting a plan for a "City Beautiful."

A copy of her plan was ordered sent to each Commissioner.

Re. canoe on Stow Lake.

From the Mayor's office with enclosure from Arthur Sidman, relative to keeping his canoe on Stow Lake

Request granted with the understanding that details be arranged with Supt. McLaren.

Re. "End of the Trail"

From the Mayor's office with enclosure from Mrs. A. W. Scott, relative to the statue "The End of the Trail" now in the Exposition Grounds, being placed in Lincoln Park to mark the terminal of the Great Lincoln Highway.

Referred to Com. Cummings.

Re. 13th and 14th Avenues.

From R. D. Quinlan, C. V. Jansen and R. W. Martindale, relative to the improvement of the sidewalk areas on 13th and 14th Avenues offered by the Board of Supervisors to the Park Commission to control and manage.

No funds being at present available in the Park Fund, and none having been supplied by the Finance Committee of the Board of Supervisors, the Board of Park Commissioners have not yet accepted either the control or management of the said sidewalk areas and the Secretary was instructed to so notify all interested parties.

Re. Taraval St.

From the Parkside Improvement Association requesting that the Square between 22nd and 24th Avenues and Santiago and Taraval Streets be improved.

Referred to Supt. McLaren for report at next meeting

Re. statue "The Christ".

Mrs. A.G. Boggs appeared before the Board to ask their consent to place in Golden Gate Park a statue "The Christ" now standing in a cloister of the Italian Pavilion at the Exposition. As the Statue was not thought to be in keeping with Park purposes, and that it would be more appropriate in the Museum, it was re-

ferred to Com. Cummings who will report on the statue as a work of art.

If accepted by the Commissioners, the statue will be purchased by popular subscription.

Re. Golf Links.

Mr. Edw. Brandenstein appeared before the Board to urge some extension of the number of holes in the Lincoln Park Golf Links. He said the number that formerly played on the Links was twenty five and now there are about two hundred persons.

Supt. McLaren reported that he was at present constructing six additional holes.

Curator's report.

The report for the month of September of the Park Museum was read and ordered filed.

SECRETARY-PARK COMMISSION.

San Francisco, November 11th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissoioners held at their office, Park Lodge, Golden Gate Park, Thursday, November 11th, 1915.

Present were: Pres. W. H. Metson,
Com. A. B. Spreckels,
Com. Curtis H. Lindley,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum.

Minutes approved.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried adopted as the minutes of the meeting held October 28th, 1915.

Re. Municipal
Railway across
the Park.

The consideration of the request of the Board of Supervisors and the Board of Public Works for permission to extend the Municipal Railway through Golden Gate Park, entering at 10th Avenue and Fulton Street and by a detour emerging from the Park 14th Avenue and Lincoln Way, was taken up.

City Engineer M.M.O'Shaughnessy and his assistant T. W. Ransome, stated that their reason for selecting the route submitted was to avoid paralleling the 19th Avenue and 9th Avenue lines of the United Railroads, by emerging from the Park between the two, or 14th Avenue.

They had also considered that by entering the Park at 10th Avenue it would be about two and a half mileo from Devisadero Street on the east and two miles to the Ocean Beach on the west.

Dr. Salfield remarked that all the objections he had liotened to were "all rot" and that the proposed line would be an added attraction and a great money making proposition.

Atty. A. N. Cunning stated that he belonged to the same Club, the Haight & Ashbury District Improvement Club, as Dr. Salfield and he remembers that the Doctor a short time ago was very much opposed to what he is now advocating; he also endorsed Pres. Metson's objections as contained in his written article.

Pres. Metson and Com. Lindley submitted written objections to the proposed line.

I. Beck of the Civic League of Improvement Clubs stated that he had gone over every foot of the route and while doing so could plainly hear the noise of the cars from Fulton and Haight Streets while in the vicinity of the Spreckels Music Stand. If the railroad is built across the Park behind the Band Stand, the noise in his estimation will drown the music.

J. J. Calish of the Golden Gate Federation of Improvement Clubs, spoke against the proposed line and endorsed the objections contained in the reports submitted by Pres. Metson and Com. Lindley.

Upon motion made by Com. Lindley, seconded by Com. Spreckels, the request of the Board of Supervisors and Board of Public Works to extend the Municipal Railway through the Park as proposed by Resolution #12128 adopted by the Board of Supervisors September 20th, 1915, was unanimously refused.

Endorses action
of Board.

From the North of Panhandle Improvement Club warmly commending the Board of Park Commissioners for refusing to allow the Municipal car line to cross the Park because it would disfigure the Park.

Ordered filed.

Endorses R.R.
across Park.

From the Park Richmond Improvement Club, stating that the Club has gone on record favoring the extension of the Geary Street Municipal Railway across the Park. They believe that a sunken roadway similar to the one now in use across Central Park, New York City

would be the proper thing.

Ordered filed.

Re. Forestry.

From Edw. Rainey, Secretary to the Mayor, with enclosure from H. A. Reynold, Secretary of the Massachusetts Forestry Association, requesting definite information relative to planting trees in its Park or town Forest.

Referred to Supt. McLaren.

Request for information.

From Bureau of Municipal Research, New York City, requesting information as to the physical, financial and administrative features of our Park System.

Referred to Supt. McLaren.

Re. Tennis Court in Franklin Sq.

From the Lux School of Industrial Training, informing the Board that at a recent meeting of the Board of Directors of their School, the sum of \$1000. was appropriated for the purpose of constructing tennis courts in Franklin Square.

Referred to Supt. McLaren with full power to act, and Secretary instructed to thank the Directors for their generosity.

Wild turkeys received.

From Geo. Wingfield to Pres. Metson stating that he had sent by express three wild bronze turkeys.

Secretary instructed to extend the thanks of the Board to Mr. Wingfield for his interest in the Park.

Farquhar Exhibit donated to Park.

From R. & J. Farquhar & Co., offering as a gift to the Board of Park Commissioners their entire exhibit at the P.P.I.E., consisting of Buddleias, Pentstemons, Dahlias, etc., requesting however that some new varieties be kept from the hands of the trade at present and ask that they be safeguarded in that respect.

This donation was thankfully accepted and Secretary instructed to so inform Farquhar & Co. and also that Supt. McLaren would attend to the details.

Request for flower
stand denied.

From D. Vires requesting permission to erect
a flower stand on the Geary and Powell Street corner
of Union Square.

Requested denied.

Report of Grand
Jury.

From Samuel Adelstein, Chairman Parks and
Play Grounds Committee of the Grand Jury, submitting
report. He states that Mr. Russell Pierce, expert ac-
countant of the Grand Jury reported that "the accounting
system of the Park Commission is simple, comprehensive
and adequate in every respect. Further, what is most
important, it is being handled and carried out by com-
petent and intelligent employees whose painstaking care
is very apparent".

Ordered filed.

Re. Stockton St.
park spaces.

From E. Shelby, Assistant Secretary to the
Mayor, with enclosure from Geo. Skaller, relative to
the two island parks on Stockton Street which he says
have been ready for planting of grass or shrubbery for
over a year.

Secretary instructed to notify Mr. Skaller that
those two oval spaces are not under the jurisdiction of
the Board of Park Commissioners and therefore they could
not be expected to expend a portion of the Park Fund for
their maintenance.

Deer donated to
Park.

From Ex-Park Commissioner Wm. K. Gutzkow to
Pres. Metson stating that a very good friend of his,
Mr. Jack O'Brien of 354 Pine Street will present to the
Park about sixteen deer. They are at present about one
and a half miles from Cloverdale, if the Park Commission
will agree to pay express charges.

Secretary instructed to accept the deer with thanks,
and that the Park Commission will pay expenses of shipp-
ing the deer to Golden Gate Park.

Re. statue "The Christ".

The offer of Mrs. S. W. Boggs of the statue "The Christ" to Golden Gate Park which she intends to purchase by popular subscription should the Park Commissioners accept same, was again considered. In view of the condition made by Mrs. Boggs that the statue if accepted, be placed near one of the Lakes where it could be seen from one of the foot paths and drives, i.e. in a very prominent place, the Commissioners declined to accept the statue for the Park. They were of the opinion that the Park is a place for recreation and that nothing sombre or sorrowful should be given a prominent place and the statue was unsuitable on account of the qualifications that go with it.

Com. M. Earl Cummings, artist of the Board, reported against placing the statue in the Park but stated that it might be appropriately placed in the Memorial Museum.

Upon motion made by Com. Lindley, duly seconded and carried the report of Com. Cummings was unanimously approved.

Re. Dr. Dodel dolls.

Com. Cummings reported against the Dr. Dodel collection of dolls offered as a gift to the Park Commissioners, because of insufficient space to exhibit in the present Museum Building and lack of funds to erect a new one.

Report unanimously approved.

Re. "End of the Trail".

Com. Cummings moved that before placing the statue representing the "End of the Trail" to mark the end of the Lincoln Highway, the statue and location of same be submitted to a committee of experts who are to confer with him relative to the matter.

Motion unanimously carried.

Report Supt. McLaren.

Report of Supt. McLaren for month of October, read and recommendations unanimously adopted.

Re. model of Pres. Asano's home.

From W. H. Avery to Pres. Metson relative to an exhibit the Toyo Kisen Kaisha have at the Panama Pacific International Exposition, a beautiful and artistically made model of the house of Pres. Asano, who wishes to donate the model to the Park Museum.

Accepted with the thanks of the Board, to be expressed in an engrossed letter.

-2-

Re. Municipal R.R.

From Osgood Putnam to Pres. Metson expressing his hearty concurrence in the position Mr. Metson takes in regard to the proposed railway across the Park.

Copies ordered sent the Mayor and Board of Supervisors. .

Re. Prayer Meeting.

From Golden Gate Christian Endeavor Union to Pres. Metson asking permission to have a sunrise Prayer meeting on Strawberry Hill on Thanksgiving morning.

Pres. Metson informed the writer that such a permit was against the Rules and Ordinances of the Park Commissioners and prevented the granting of any such application.

Pres. Metson's action unanimously sustained.

Re. Statue "The Christ".

From Romanelli Bros. relative to the refusal of the Park Commissioners to accept the monument representing "Christianity Emerging from Paganism", now at the P.P.J.E. Amato Amatory, the writer, enters into a long argument and defends the sculptor's reputation and concludes by sincerely hoping that the Board will reconsider its decision in refusing for this City a work of one of the greatest living sculptors.

Referred to Pres. Metson.

Bond and contract
Scott Wagner &
Miller.

From Scott, Wagner & Miller filing contract and bond in lieu of certified check for \$1200.00.

Contract and bond being approved by Pres. Metson, the check was ordered returned.

Rug donated to
Park Museum.

From M. J. Tashjian who states that "It was with a deep sense of pleasure that I noted the appreciation extended my exhibit of rugs at the Golden Gate Park Museum; I therefore take pleasure in presenting to your Museum a priceless, antique, historical, Oriental Prayer Rug."

Accepted with the thanks of the Board to be expressed in an engrossed letter of thanks.

-3-

Contract and bond
of Bennett Bros.

From Bennett Bros. submitting a contract and bond in lieu of the \$100.00 in currency deposited with bid.

Referred to Pres. Metson.

Re. Cole Street
crossing.

From a number of citizens living in the vicinity of Cole Street relative to the Cole Street crossing through the Pankhandle, consisting of Marie R. Milligan, Hugo Mansfield, Mrs. Jas. Crichton, Thomas Egan and Geo. D. Graham, commending the Board of Park Commissioners for their action in closing the crossing.

Ordered filed, and copy ordered sent to Mayor Rolph.

Re. Coin Locks.

From the Pacific Coin Lock Company submitting proposition to install coin locks in the public comfort stations.

Referred to Supt. McLaren.

Re. Trees and shrubs
from P.P.I.E.

From the Sutro Heights Improvement Club relative to the advisability of the Exposition Managers donating as many desirable trees, shrubs, plants, pieces of statuary, etc., as possible for the adornment of Golden Gate Park and Lincoln Park.

Secretary instructed to notify the Club that everything that can possibly be done in that direction is being done by Supt. McLaren.

Re. comfort sta-
tions.

From the Boston City Planning Board desiring to know if we had experienced any difficulty with sanitary conditions in our underground comfort stations.

Referred to Supt. McLaren.

Re. Virginia
Building.

From Mrs. James Ellis Tucker stating that a number of organizations such as the Virginia Society, The Daughters of the Revolution, Daughters of the Confederacy and Colonial Dames are anxious to preserve the Virginia Building at the Exposition. They ask permission to place the Building in Lincoln Park free of

expense to the Park Commissioners.

The Board decided to accept the Building with pleasure and the selection of a location in Lincoln Park was referred to Com. Spreckels and Supt. McLaren.

Re. rock-work in
Park.

From Detroit Zoological Society, Richard E. Follett, Secretary, who desire to get in touch with the man whose name is Ernest Bronton who it was said "Did some rock work in Golden Gate Park that excels anything he had seen in Europe".

Referred to Supt. McLaren.

Re. Japanese
pagoda.

From Mrs. R. H. Fleet offering to sell a Japanese Pagoda at present in the Japanese Exhibit at the P.P.I.E.

Secretary instructed to inform the lady that lack of funds would not permit of its purchase.

Re. Honora Sharp
Estate.

The following Ordinance No. 3487 Bill No. 3803 was received from the Board of Supervisors authorizing and directing the City Attorney to draft and have executed necessary offers, acceptances, instruments and documents in order to have delivered to the City and County the money and real property received by Samuel G. Murphy and A. B. Spreckels in the matter of the Estate of the late Honora Sharp and now held in trust for the City and County of San Francisco.

"Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The City Attorney is hereby authorized and directed to prepare for execution and to have executed such formal instruments and documents as may be necessary in order to have lawfully and properly accepted by the City and County of San Francisco an offer properly made to carry out the terms, conditions and intentions of certain propositions as have been heretofore discussed at conferences held between representatives of the City and County and Samuel G. Murphy and A. B. Spreckels. The matters so discussed at the conferences above referred to are with reference to a bequest of the late Honora Sharp, which bequest has finally resulted in a declaration of trust by the aforesaid Samuel G. Murphy and A. B. Spreckels for the benefit of the City and County of San Francisco. The general terms and conditions of said offer are the delivery to the City by the aforesaid trustees the sum of eighty

-5-

thousand (80,000) dollars in cash and the interest thereon and also a deed to some four hundred (400) acres of land, more or less, located in the county of San Mateo, State of California. The City Attorney is directed to ascertain whether the aforesaid offer may be made in such form as to secure the City against any attack upon the same. The City Attorney is also directed to advise this Board whether the title to the said land in San Mateo County is clear of all liens and incumbrances and to report back to this Board that the proper offers have been drawn and executed and that an ordinance has been prepared, providing for final adoption by this Board carrying out generally the purposes hereinabove expressed.

Section 2. This Ordinance shall be in force and effect immediately.

Finally passed--Board of Supervisors, San Francisco, October 25th, 1915.

Read and ordered filed.

Re. Municipal R.R.

Com. Sigmund Greenebaum reported that his Honor, the Mayor, had expressed a desire to inspect the route of the proposed Municipal Railway across the Park.

Secretary instructed to notify Mayor Rolph that the members of the Park Board would be pleased to accompany him at any time upon receiving twenty four hours notice before the hour selected for the said inspection.

Re. "End of the Trail".

Pres. Metson reported that he had selected F. J. Van Sloun, artist, E. A. Matthews, architect, A. Mora, horse expert, E. N. Stanton, painter and Com. Cummings to report on the possibility of obtaining from the sculptor, J. V. Fraser, the use of the model of the statue entitled "The End of the Trail" with a view of having it cast in permanent material.

A communication was received from J. V. Fraser, sculptor of "The End of the Trail" in answer to one sent by Com. Cummings in which the writer thanks the Commissioner for his letter, and further states that "I have a contract with the Exposition authorities which prohibits them from making or using any reproductions of my work in plastic form."-----"Naturally you understand how much there is to be done on a full size statue and of

-6-

course for bronze it would require certain treatment, possibly quite different than it has at present. Therefore the statue should be modelled in clay, full size and in no other way would I be satisfied."

A copy of the communication was ordered sent to Mrs. D. J. MacMasters, President of the California Club.

ADJOURNED.

There being no further business before the Board the meeting adjourned subject to the call of the President.

SECRETARY-PARK COMMISSIONERS.

San Francisco, December 9th, 1915.

Called meeting.

At a called meeting of the Board of Park Commissioners at their office, Park Lodge, Golden Gate Park, Thursday, December 9th, 1915

Present were: Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum.

Excused were: Pres. W. H. Metson
Com. Curtis H. Lindley.

Com. Spreckels
President pro tem.

In the absence of Pres. Metson, Com. Greenebaum moved that Com. Spreckels be elected Chairman pro tem, seconded by Com. Cummings. The motion being put by the Secretary, Com. Spreckels was unanimously elected Chairman pro tem.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried adopted as the minutes of the meeting held November 26th, 1915.

Re. opening of
Masonic Avenue.

A committee consisting of Thos. A. Brown, E.N. Fritz and W. Corbin from the Haight and Ashbury Improvement Club appeared before the Board to urge the opening of Masonic Avenue through the Panhandle for vehicular traffic. The Committee were informed that as there were two members of the Board absent, action would be postponed until all members of the Board were present.

Re. stairway at
Buena Vista Park.

From W. Corbin, representing the Haight and Ashbury Improvement Club, stating that the members were very desirous of having the stairway built at the north west corner of Buena Vista Park at the junction of Haight Street and Buena Vista Avenue as per plans submitted.

Messrs. Flinn & Treacy propose doing the work for the sum of Eight Hundred Dollars (\$800.) of which amount the Board of Supervisors and the Board of Public Works have agreed to furnish \$400.00 towards the completion of

-2-

this stairway and the Board of Park Commissioners are requested to contribute an equal amount so that the stairway may be completed.

Referred to Supt. McLaren with full power to act.

Re. statue "The Christ".

From Ex-Mayor Edward Robeson Taylor asking if it is true that the statue "The Christ" in the Exposition has been refused a place in the Park by reason of its religious significance.

Referred to Pres. Metson for answer.

Re. Municipal R.R.

From the Laurel Hall Club endorsing the California Club's resolutions against crossing the Park by a trench with any railroad and recommends that the connection between the Sunset and Richmond Districts be made by a tunnel.

Copy ordered sent Mayor Rolph.

Re. Municipal R.R.

From Mayor Rolph with enclosure from the Peralta Heights Improvement Club notifying him that they were opposed to the construction of any car line across Golden Gate Park at 10th Avenue as it will mar the beauty of the Park, be dangerous to visitors, and become a nuisance on account of the noise of passing cars in the neighborhood of the Spreckels' Music Stand. All of which could be obviated by a tunnel across the Park.

Ordered filed.

Re. Municipal R.R.

From the Forum Club protesting by resolution against crossing Golden Gate Park at 10th Avenue by an open cut. The connection between the Sunset and Richmond Districts can be effected by tunnelling, which would not cut the Park in two and therefore the Forum Club recommends and urges that the said connection be made by tunnel and stand unalterably opposed to an open cut across the Park.

Copy ordered sent to Mayor Rolph.

Request to lay
pipe line.

From Oscar Heyman requesting permission to run a two inch water pipe on Balboa Street between 14th and 15th Avenues to connect with the Spring Valley Water Company's pipe on 13th Avenue and Balboa Street, desiring to run this pipe inside the curb line and across the macadam strip of the roadway. This pipe is necessary for the erection of buildings on the west line of 14th Avenue.

Referred to Supt. McLaren with full power to act.

Japanese Pagoda
declined.

From Mrs. R. H. Fleet offering to the Park Commissioners as a gift to Golden Gate Park the Japanese Pagoda at the P.P.I.E., if they will pay for its removal before December 15th, 1915.

The Superintendent reported "I have examined the Pagoda and while the design is very good, the material of which it is made is so poor, that if it was put in the open it would shrink and fall to pieces and therefore I would not advise your Honorable Board to accept the same"

In consequence of the Superintendent's report the donation was declined with the thanks of the Board.

Re. sea bent
grass.

From W. S. Harbert, Pasadena, California, stating that he had been advised by Mr. C. V. Piper of the United States Department of Agriculture of the extensive use that has been made of Marram grass in controlling the sand dunes of Golden Gate Park. Mr. Piper further suggested that he obtain a quantity of the grass roots.

Supt. McLaren requested to supply all that may be desired by Mr. Harbert.

Sale of horses

From the Western Horse Market sending account of the sale of ten condemned horses for the net sum of \$244.55 which was deposited to the credit of the Park Fund with the City Treasurer, November 29, 1915.

Sale approved.

Re: Grand Jury's
report.

From Russell Pierce, Expert Accountant of the
Grand Jury, enclosing copy of letter sent by him to Wm.
P. Filmer, Grand Juror, which reads as follows:

"As is inevitable in a case where censure is directed at any body as a whole, certain units to which no censure should be justly given or included wrongfully enter into generalities used.

In my communication to the Jury pointing out the defects of the present methods following in Municipal accounting, I have unwittingly brought blame to the door of two departments at least, where certainly it is unjustified. The departments in particular are the Board of Public Works and the Park Commission and I think that you are aware of my high esteem for these offices and the manner in which they conduct their business and if it is within my province to ask it, may I request some mention be made of the fact in the newspapers that not only was our criticism not directed at any single department, but at the accounting system in its entirety and further, that the books of the Park Commission and of the Board of Public Works are being maintained along scientific lines with accuracy that is commendable and in no way justifying any criticism.

Were it within my individual province to suggest or install a system of accounts for the City at large, I cannot state at this moment any basic change that I would make in the methods pursued in these two offices other than seeing to their confirmation to certain forms of reports. In making this statement, however, I am fully aware that there is much improvement work to be accomplished along statistical lines in a few of the different departments of the Board."

Read and Secretary instructed to send copy to each Commissioner.

Re. 14th Ave.
Boulevard.

From R. W. Martindale enclosing letter sent by him to the Board of Supervisors relative to the unfinished condition of the west side of 14th Avenue Boulevard.

Ordered filed.

Secretary Park Commissioners.

San Francisco, December 23rd, 1915.

Called meeting.

n

At a called meeting of the Board of Park Commissioners held at their office, Golden Gate Park, Thursday, Decsmbsr 23rd, 1915,

Present were; Pres. W. H. Metson,
Com. Curtis H. Lindley,
Com. A. B. Sprsckels,
Com. Sigmund Greenebaum.
Excused: Com. M. Earl Cummings.

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried adopted as the minutes of the meeting held December 9th, 1915.

Letters re. Municipal Railroad.

From Mayor Rolph acknowledging receipt of copies of letters from Osgood Putman, the Forum Club and the California Club, all protesting against a railroad across Golden Gate Park except by subway.

Ordered filed.

Re. statue of Christ.

From Mayor Rolph, to Pres. Metson acknowledging receipt of his letter relative to the statue of Christ by Prof. Ramanelli and thanking the President for the information contained therein so that he might send it to the Board of Supervisors for perusal.

Ordered filed.

From the Board of Supervisors, notice of the passage of Resolution J.R. 2000 requesting the Board of Park Commissioners to re-consider their action in refusing to place the statue of Christ in the Park, but recommending that it be placed in the Museum.

The Secretary was instructed to write to the Board of Supervisors as follows:

#2

"At a meeting held December 23rd, 1915, the Board of Park Commissioners considered Resolution J.R. 2000 passed by your Honorable Board requesting the Park Commissioners to reconsider their action refusing to place the statue of Christ in the Park Grounds, but recommending that it be placed in the Park Museum where all valuable marble statue are placed and receive proper protection and where they will not be disfigured as in the case of Reuben H. Lloyd bust near the Portals of the Past.

After due consideration the Board of Park Commissioners refused to re-consider their previous action as per request contained in the above Resolution.

The Secretary was instructed to inform the Board of Supervisors that the Park Commissioners apprehend that at the time the members of your Honorable Board passed Resolution J.R. 2000 you were not advised of the view of the Park Board but since that time have been advised through the communication submitted by Pres. Metson of the Park Commission of the position taken by this Commission and respectfully advise that the contents of Pres. Metson's letter be taken as the view and attitude of the Board of Park Commissioners on the matter of the statue of Christ."

Re. Telegraph Hill.

A Committee representing the North Beach Promotion Association appeared before the Board and requested that the sum of \$15,000.00 be included in the Park Commissioners' Budget Estimate for the purpose of improving Telegraph Hill during the fiscal year 1916-17.

This was agreed to and the Committee informed that they must go before the Board of Supervisors and Finance Committee and urge the allowance of this amount as it is against the policy of the Park Commission to advocate the many allowances asked for by the Improvement Clubs.

Re. condemned hose wagons.

From the Board of Fire Commissioners informing the Park Board that their request for three condemned hose wagons was granted.

Secretary instructed to tender them the thanks of the Board.

-2-

Re. walks Civic
Center.

From Louis Levy, Manager Auditorium Building, calling attention to the unpaved walks in the "Civic Center Plaza" making it difficult to keep the floors of the Auditorium free of the red mud and dust carried into the Building by people passing through the Plaza which will also apply to the floors of the New City Hall.

Utilities Committee
before Board, re.
Municipal Railroad.

Supervisor E. I. Wolfe, Chairman of the Committee on Public Utilities and Supervisors Deacy and Mulvihill, members of the Committee, City Engineer M. M. O'Shaughnessy and his assistant Mr. Eckert, appeared before the Board.

Chairman Wolfe said they had called for the purpose of securing the approval of the members of the Park Board to the revised route through Golden Gate Park for the Municipal Railroad. He pleaded for an immediate favorable action. He stated that the Mayor and the Board of Supervisors were committed to the proposition by pre-election promises to the residents of the Sunset and Richmond Districts. He stated that the new route was selected to overcome the objections of the Board to the previous route and should weigh favorably with the Commission and citizens who protested against the first proposed route be-

-2-

cause the present route would not mar the beauty of the surroundings.

He stated that at the meeting of the Public Utilities Committee the day before, a member of the Committee made a motion that the Committee report back to the Board of Supervisors favorably on the revised route, as he was satisfied the Committee was prepared to vote on the question at once. Chairman Wolfe told the members of the Committee that he believed the question should be submitted to the Board of Park Commissioners as a matter of courtesy and respect, and as the Park Commission met the following day he would ask that the motion to report back favorably be not made until the following Monday and if he failed to bring a favorable report from the Park Commission then the member of the Committee (A. J. Gallagher) could renew his motion. Hence the importance of immediate action.

City Engineer O'Shaughnessy said that the original plan was revised to meet the objections of Supt. John McLaren and the Park Board and he now felt satisfied that if the route is built according to the new plan it would not mar the beauty of the surroundings. He said the tunnel proposition would cost \$500,000.00 more than the proposed cut with its bridges. The cut would be forty feet wide with a wagon road and sidewalks on each side of the double tracks.

Chairman Lindley resented the Park Board being consulted on the proposed revised railroad across the Park merely as an act of courtesy and respect and that the Park Board would refuse to surrender any of its rights to control the Park and would decline to be hurried into an immediate decision, but would consider the revised plan on its merits.

When the City goes into the railroad business it

must expect to be treated the same as other business-- this proposition comes to us the same way that it would come from the United Railroads. The City Attorney has held that the City can run a sewer across the Park, without reference to the Park Board. That is sound law but running a sewer across the Park is a Municipal function, a street railway is purely a business function. As a co-ordinate branch of the City Government the Park Board is ready to meet the Board of Supervisors in a spirit of co-operation to consider the proposed plan on its merits.

Protests from fifteen Clubs all over the City were received, most of whom term the cut through the Park "a desecration", and therefore a public hearing should be held as asked for by the protestants as well as those favoring the proposition.

Upon motion of Com. Cummings, seconded by Com. Spreckels and carried, a committee consisting of Pres. Metson and Commissioners Lindley and Spreckels were named from the Park Board to assist the Committee on Public Utilities of the Board of Supervisors to confer with them on the revised route across the Park, with full power to act.

Rs. use of Union
Sq. for Belgium

Com. Lindley
President pro tem.

In the absence of Pres. Metson from the City, Com. Cummings moved that Com. Lindley be elected Chairman pro tem, motion seconded by Com. Spreckels, and being put by the Secretary was declared unanimously carried.

Minutes.

The minutes of the previous meeting, copies of which were forwarded to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held April 6th, 1916.

Re. Masonic Ave.
crossing through
Panhandle.

From the Haight & Ashbury Improvement Assn. and the Buena Vista Improvement Club by unanimous vote requesting the Park Commissioners to open Masonic Avenue through the Panhandle for vehicular traffic:

1st: Because it is midway between Stanyan and Baker Streets;

2nd: Because it is the widest street crossing the Panhandle;

3rd: Because it will eventually be the Avenue over which the Municipal line will run;

4th: Because it will eventually be the Avenue connecting this section of our City with the Presidio Boulevard and drives.

In the absence of Pres. Metson and Com. Greenebaum action was deferred until the next meeting.

Re. Good Friday.

From Wm. A. Kelly, President of the "Good Friday Movement" requesting the Park Commissioners to comply with the proclamation of Mayor Rolph: "That all City employees who desire to participate in religious exercises on Good Friday between the hours of 12 and 3 P.M. be permitted to do so without loss of pay".

brian and E. J. Molera, members of the Spanish Colony,
to San Francisco.

On top of the shaft will be the head of Cervantes
looking down upon his two famous characters, Don Quix-
ote de la Mancha and his serving man Sancho Panza.

The selection of the site for this group was re-
ferred to Com. Cummings and Supt. McLaren.

Re. State High-
way Tax.

From the City and County Attorney, Percy V.
Long, rendering an opinion relative to the expenditure
of the monies derived from the State Highway Tax, in
which he states that the money may be used for the im-
provement of the driveway along the Ocean Beach known as
the Great Highway, but must be expended by the Board of
Supervisors as it is not a part of the funds under the
exclusive control of the Park Commission and therefore
the Board of Supervisors can devote any part of the tax
for the improvement of the Great Highway.

Ordered filed for future reference.

Receipts from
Coin Locks.

From the Pacific Coin Lock Company forwarding

 SECRETARY PARK COMMISSION.

San Francisco, May 4th, 1916.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, May 4th, 1916

Present were: Com. C. H. Lindley,
Com. A.B. Spreckels,
Com. M. Earl Cummings
Com. Sigmund Greenebaum.

Absent: Pres. W. H. Metson.

Com. Lindley President pro tem.

In the absence of Pres. W. H. Metson from the City, Com. Spreckels moved that Com. Lindley be elected Chairman pro tem. Motion seconded by Com. Greenebaum, and being put by the Secretary was declared carried unanimously.

Minutes.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held April 20th, 1916.

Re. proposed Municipal Railroad through the Park.

From the Golden Gate Park Federation of Improvement Clubs of the Sunset District relative to Resolution adopted at a mass meeting in favor of running the Municipal Railroad through Golden Gate Park entering at 12th Avenue and Fulton Street with its exit at 14th Ave. and Lincoln Way, as recently revised and submitted by the City Engineer, M. M. O'Shaughnessy and approved by the Public Utilities Committee of the Board of Supervisors.

A similar application was made by the Utilities Committee at a previous meeting at which meeting Chairman Wolfe of the said Committee and the City Engineer expounded the benefits of this revised route, after which a special committee consisting of Pres. Metson and Commissioners Lindley and Spreckels was appointed to

confer with the Utilities Committee but owing to the continued absence of Pres. Metson the conference could not be held. It was then decided to hold an informal meeting of the Board at which time the revised route was exhaustively considered and it was decided that the so-called modified plan did not modify or remove the objections presented to the former application when it was proposed to enter the Park at 10th Avenue and Fulton Street and leave at 12th Avenue and Lincoln Way.

The Park Commissioners earnestly hope that the Board of Supervisors will see its way clear to accept the 20th Avenue route recommended in the communication sent the Board of Supervisors in which event the Board of Supervisors will have the hearty co-operation of the Board of Park Commissioners.

With the earnest declaration that the action of this Board in not meeting the Utilities Committee in conference must not be considered as an act of discourtesy to the Committee but was unavoidably caused by the absence of Pres. W. H. Metson. This Commission is nevertheless unanimously of the opinion that the present application should be denied by this Board and it is so ordered.

Judge Curtis H. Lindley then read his opinion and submitted it for the approval of the members of the Park Commission.

Com. Spreckels moved that the opinion as read, be adopted as the opinion and decision of the Board of Park Commissioners; seconded by Commissioners Greenebaum and Cummings and unanimously carried.

The Secretary was then instructed to send a copy of the opinion and decision to the Board of Supervisors, his Honor, Mayor Rolph, Chairman Wolfe of the Utilities Committee and the leading newspapers of the City.

Re. use of
Stadium.

From James S. Webster of the St. Andrews Society, requesting the use of the Stadium, Colden Gate Park for their annual picnic, June 3rd, 1916.

Request granted and details referred to Supt. McLaren.

Request for
use of birds.

From "The Emporium" requesting the loan of birds from the Park Museum for their window display.

Request denied as it would create a bad precedent.

From the Mayor's Office expressing thanks for list of California artists from whom paintings were purchased for the Park Museum, re. Skas Fund.

Ordered filed.

Re. payment of
salaries.

From the Board of Supervisors relative to the adoption of Resolution #12826 (New Series) which reads as follows:

RESOLVED: That the various departments be requested to expedite the payment of salaries of all temporary employees whose service may terminate in the early part of any month and to approve demands for their salaries so that payment thereof may be made in advance of the regular pay day."

Secretary instructed to comply with the spirit of the Resolution.

Re. proposed Mas-
onic Ave. Crossing.

From the Panhandle Preservation and Adornment Club requesting that the Park Commissioners disregard and refuse a request for a crossing in the Park Panhandle at Masonic Avenue or any other street crossing.

A large delegation of ladies, members of the Club were present and personally protested against a street crossing through the Panhandle at Masonic Avenue or any other street.

The request of the Board of Supervisors as per Resolution #12870 (New Series) providing a crossing through the Panhandle at Masonic Avenue was denied.

Re. Masonic Ave.
crossing.

From the Board of Supervisors relative to the adoption under a suspension of the rules, of Resolution #12870 (New Series) which reads as follows:

WHEREAS, There is at present no highway crossing the Golden Gate Park Panhandle for vehicular travel for the total length of the Panhandle from Stanyan Street to Baker Street, a distance of eight blocks, nor nearly a mile, which condition results in great inconvenience to the owners and drivers of vehicles desiring to cross to either side of the Panhandle, and

WHEREAS, Masonic Avenue being nearly in the middle of the Panhandle and the widest and most desirable thoroughfare to be used for this purpose, therefore

RESOLVED, That the Board of Park Commissioners be requested to open up Masonic Avenue across the Park Panhandle from Oak to Fell Streets to accommodate travel by vehicles.

Request contained in above resolution denied because of numerous protests from property owners and the undesirability of such a crossing in the opinion of the members of the Board of Park Commissioners.

Check received.

From J. D. Hannah, check for \$43.00 in payment for labor of Park employees in digging a ditch across the Great Highway as per agreement with Supt. McLaren.

Secretary reported that the check had been deposited to the credit of the Park Fund in the City Treasury.

Request for information.

Application for work.

From John Gaffney making application for a position as day laborer in the Park.

Referred to Supt. McLaren.

Re. Japanese Bldg.

From the Mayor's office with enclosure from Mr. T. Ishii, concerning the disposition of the Japanese Building at the Exposition Grounds.

The Board of Supervisors when this matter was referred to them resolved "That there were no funds from which an appropriation could be made" and that the Board of Directors of the Exposition and the "Public spirited Citizens were asked to co-operate in making it possible to accept the gifts".

Secretary to answer as disposed of by the Board of Supervisors.

Re pipe line of P.P.I.E. across Park property.

From G. Weissbaum & Co., who purchase the 12" water main of the Panama Pacific International Exposition and negotiated its sale to the Spring Valley Water Company who contemplate using this pipe line as an auxiliary at some future time when the district becomes more populated for both fire protection and domestic water

supply, stating "as we cannot cause the title to this pipe line to be transferred unless it be by your permission, we ask that this pipe line be undisburbed".

Chairman Lindley disclaimed the right of the Park Commissioners to grant the Spring Valley Water Company or any one else a permanent easement to any of the Park lands, the conditions were impossible of acceptance and therefore must be denied.

Report on cream.

From the Board of Public Health submitting report on ice cream used at the Childrens' Quarters.

Referred to Supt. Taylor.

Re. Sharp Estate.

At the request of Hon. A. B. Spreckels one of the Executors of the Estate of Honora Sharp, Secretary de Succa in company with Supt. Secretary Park Commissioners.

May 18/16

REPORT OF PROCEEDINGS AT THE CONFERENCE
BETWEEN HIS HONOR, MAYOR JAMES ROLPH, JR., BOARD OF
PARK COMMISSIONERS, PUBLIC UTILITY COMMITTEE OF THE
BOARD OF SUPERVISORS, CITY ENGINEER AND SEVERAL MEM-
BERS OF THE BOARD OF SUPERVISORS, AND A NUMBER OF
CITIZENS RELATIVE TO CROSSING THE PARK
WITH AN EXTENSION OF THE MUNICIPAL RAILROAD.

At a conference held at Mayor Rolph's office, Thursday,
May 18th, 1916, at 3:30 P.M., relative to the Municipal Railroad
crossing the Golden Gate Park, present were:

	Hon. James Rolph, Jr.,
	Hon. Curtis H. Lindley, Acting President of
	the Park Commissioners.
Park	(Hon. Sigmond Greenebaum,
Commissioners:	(Hon. A. B. Spreckels,
	(Hon. M. Earl Cummings
	Supt. John McLaren,
	Secretary James de Succa,
	Supervisor Edw. I. Wolfe,
	" Richard Welch
	" Andrew Gallagher
	" J. C. Kortick,
	" Jos. Mulvihill
	" Fred Suhr,
	" Con. Deasy
	First Asst. City Attorney Geo. Lull,
	City Engineer O'Shaughnessy
	Asst. City Engineers Eckert and Ransome.
	Mr. Zoeth Eldredge,
	Press Representatives.

His Honor, Mayor Rolph, called the conference to order,
stating that he regretted very much that he was compelled to tres-
pass upon the valuable time of the gentlemen present, but in con-
sequence of an Opinion rendered by the City Attorney, Percy V. Long
which was in direct conflict with an opinion issued by the Board of
Park Commissioners and signed by Acting President, Judge Curtis H.
Lindley which opinion declares that the Board of Park Commissioners
have exclusive control and management of the Park and that for eight
specific reasons, set forth in the aforesaid opinion, issued by the
Board of Park Commissioners, the Park Commissioners refused to give

their consent to the construction of an extension of the Municipal Railroad across the Park from 10th Avenue and Fulton Street to 14th Avenue and Lincoln Way but notwithstanding the said refusal to give consent on the part of the Park Board, the Board of Supervisors passed a Resolution instructing the Board of Public Works to proceed with the work of constructing the crossing for the Municipal cars through the Park according to Plan No. 1 to wit: entering at 10th Avenue and Fulton Street and leaving at 14th Avenue and Lincoln Way and not in accordance with Plan No. 2 which provided for entering the Park at 12th Avenue and Fulton Street and leaving at 14th Avenue and Lincoln Way, he desired a friendly exchange of opinions to see if some satisfactory solution could not be arrived at and it was for that reason he had invited all those present to the conference.

The Mayor declared that the opinion of the City Attorney left his mind in a state of uncertainty as the opinion declares that the Supervisors have the power and authority to order the construction of the railroad across the Park "if the construction of the Railroad does not deprive any citizen of the free, comfortable and customary use of the Park " as well as being in conflict with the opinion of the Board of Park Commissioners, who claim absolute jurisdiction under the Charter. Pending the decision by the Courts, delay would ensue and if it should so happen that the Courts decided in favor of the Board of Supervisors, then any citizen could still prevent the building of the crossing by declaring that his "free, comfortable and customary use of the Park" was being interfered with by the construction of the railroad and prevent its construction indefinitely, all of which can be obviated if the Twentieth Avenue route which has received the approval of the Board of Park Commissioners be selected for the crossing, thereby removing all objections.

Acting President, Curtis H. Lindley informed the Mayor that if the Board of Park Commissioners have exclusive control and

management of buildings and structures in the Park used for park purposes only, what is to prevent the present or some future Board of Supervisors, such as we have had in the past, from building an incinerator in the Park, therefore the question of jurisdiction and exclusive control and management of the Park should be taken by the Board of Park Commissioners to the Supreme Court of the State, if necessary. Judge Lindley stated that the Park Commissioners entertained no personal feeling in the matter. When it was proposed to build a Fire Alarm Station in Jefferson Square, the Board of Park Commissioners refused to give the permit and permission was obtained by an Amendment to the Charter. Supervisors have a great many things to look after, the Park Commissioners have only the parks to look after and consequently are better acquainted with what constitutes its beauties and disfigurements. The City would not be compelled to pay for the right of way through the Park while the United Railroads would gladly pay a large sum of money for the privilege.

It has been shown that any citizen may secure an injunction against an attempt to deprive him of the "free, comfortable and customary use of the Park" therefore having the consent of the Park Commissioners for the 20th Avenue line, the only logical route which will be demonstrated within five years by the building up of both sides of the Park from 20th to 48th Avenue, the Park may be crossed practically at this point and without objection.

Supervisor Gallagher stated that the necessity of a railroad across the Park was self evident. At a meeting in the Sunset District recently held, the residents of the District declared themselves against a crossing at 20th Avenue and strongly in favor of the revised plan of entering the Park at 12th Avenue and Fulton Street and leaving the Park at 14th Avenue and Lincoln Way.

~~_____~~ City Attorney Long in his Opinion states that the Board of Park Commissioners have no authority in the decision of the Railroad across the Park and therefore the Board of Supervisors

need not yield to their dictation in their selection of routes.

Supervisor Wolfe stated that he wanted his position thoroughly understood and that previous to the last political campaign he met many of the residents of the Sunset and Richmond Districts who advocated connecting the two districts with a car line across the Park and he had become practically pledged to the route selected at 10th or 12th Avenue and Fulton Street to 14th Avenue and Lincoln Way. The language of the City Attorney's opinion, however, has cast a doubt in his mind as to the authority of the Board of Supervisors to build across the Park without the consent of the Board of Park Commissioners and therefore, if his Honor, the Mayor, concluded to veto the Resolution ordering its construction, he would vote to sustain the Mayor's veto.

Asst. City Attorney Geo. Lull stated that if the route selected at 10th Avenue would disfigure the Park, the Band Stand the Japanese Tea Garden, etc., then it should not be built and neither the Board of Supervisors or the Board of Park Commissioners have the right to construct the road and they could be enjoined from so doing by any citizen who would seek by Court proceedings to prevent his being deprived of the "free, comfortable and customary use of the Park".

City Engineer O'Shaughnessy stated that the extra cost of building the road across the Park at 20th Avenue prohibited that route. O'Shaughnessy being asked what plans it was proposed to build under, said that as the 2nd plan had been rejected he had returned to the first plan providing entrance to the Park at 10th Avenue as to build under the 12th Avenue plan would necessitate repealing the Resolution which was passed and signed by the Mayor ordering the construction of the road at 10th Avenue. This route was selected because of the greater patronage it would receive from the City to the Park Bandstand.

Judge Lindley told the City Engineer "That statement would throw your case out of Court for it shows an intention to commercialize the Park, a willingness to destroy the Park for the nickels

to be obtained". O'Shaughnessy replied that he was as great an admirer of the beauties of the Park as any one present and referred to Supt. McLaren as proof; Supt. McLaren said he, (O'Shaughnessy) had been, but that he had lately changed his habits. Judge Lindley said that the extra cost of building the crossing at 20th Avenue should not be an insurmountable obstacle.

At this time the meeting was adjourned by the Mayor who thanked all for their presence.

SECRETARY, Park Commissioners.

San Francisco, May 25th, 1916.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, May 25th, 1916

Minutes adopted.

The minutes of the previous meeting, copies of which were sent to each Commissioner, were, upon motion duly made, seconded and carried adopted as the minutes of the meeting held May 4th, 1916.

Re. pipe lins on
Park property.

From the Spring Valley Water Company requesting that permission be granted to maintain, as a part of the water system of San Francisco, a twelve inch steel pipe line laid by the Panama Pacific International Exposition Company, on the west side of 13th Avenue boundary of the Presidio Parkway extension between Golden Gate Park and the Presidio Reservation.

If this request be granted the pipe line will be maintained as a part of the distributing system of the City and County of San Francisco to connect with laterals and street crossings, which will materially improve the water service in that portion of the City.

Request granted with the proviso that the pipe line may be immediately removed at the pleasure of the Board of Park Commissioners after officially notifying the Spring Valley Water Co. of the intention to so remove.

Re. Japanese Bldgs.

From the Mayor's office with enclosure from T. Ishii and E. Takamura, asking if the City would consider making them a gift of the Japanese Buildings, and referred to this office.

Secretary instructed to notify Messrs. Ishii and Takamura that inasmuch as these buildings were not accepted by the Park Commissioners they have no authority or power to donate or make a gift of them to anyone.

Secretary Park Commissioners.

San Francisco, August 10th, 1916.

Called meeting.

At a called meeting of the Board of Park Commissioners at their office, Park Lodge, Golden Gate Park Thursday, August 10th, 1916

Present were: Pres. W. H. Metson,

Com. A. B. Spreckels,

Absent were: Com. Curtis H. Lindley,

Com. Sigmund Greenebaum,

Com. M. Earl Cummings.

No quorum
present.

Pres. Metson called the meeting to order and observing that no quorum was present, declared that the business of the Commission would be transacted by the two members present, subject to the approval of a quorum at the following meeting.

Minutes.

Re. Opinion of
City Attorney on
vacations.

From the City Attorney, Percy V. Long giving his opinion on the petition of Park employees for a vacation of twelve days with pay which reads as follows:

"On October 26, 1916, I advised the Auditor in an Opinion that Ordinance 3426 was adopted by the Board of Supervisors for the purpose of affording per diem employees annual vacations as therein specified.

In said opinion I advised the Auditor that Ordinance 3426, New Series, applied to deputies, clerks and employees without exception, and that, of course,

includes per diem employees.

On March 30, 1916, in an action entitled: Daly vs. Boyle, Auditor, etc., in the Superior Court of this City and County, No. 71862, Judge Crothers rendered a judgment upholding said ordinance, holding that the same applied to car men in the employ of the Municipal Railways of San Francisco who are per diem employees.

Section 1 of the so-called vacation ordinance provides "It is hereby declared that the public service will be promoted by granting annual vacations and emergency leaves of absence to deputies, clerks and employees of the City and County".

It will be observed that there is no distinction made between employees of the City and County who are appointed under the provisions of Article XIII of the Charter, relating to Civil Service, and those who are not so appointed, and my opinion is that the employees in the parks under your jurisdiction are entitled to the benefits of vacation periods as provided for in Ordinance 3426, New Series, and you are so advised."

On account of there being no quorum of the Board present, action was deferred until next meeting, copies of petition ordered sent each Commissioner.

From the American Association of Park Super-
intendents , announcing that the 18th Annual Convention
will be held in New Orleans October 10-11-12, 1916 and
inviting the Board of Park Commissioners to attend.

Supt. McLaren was given permission to attend the
Convention.

Re. Spooner collection of paintings.

Attorney E. G. Clews brought up the question as to the ownership of the Sarah Spooner collection of paintings in the Museum, thirty in number and appraised by J.E. Trask at \$43,350.50. Attorney Clews claimed, in the interest of his client Mrs. Potter that the Will becomes null and void by virtue of her distributing more than one third of the value of her estate for charitable purposes.

Pres. Metson does not consider gifts to the Park Memorial Museum as gifts to a charitable institution and instructed Atty. Clews to cite his authorities and send a copy to Judge C.H. Lindley and Pres. W.H. Metson.

On motion of Com. Spreckels, seconded by Com. Greenebaum, and carried, Com. Curtis H. Lindley was appointed to communicate with Mr. Samuel G. Murphy at the Metropolitan Club, New York City, notifying him of the action of Com. A. B. Spreckels in paying into the Treasury of the City and County of San Francisco his share of the

2

Sharp inheritance and soliciting Mr. Murphy to do likewise.

Com. Lindley sent the following communication to Mr. Samuel G. Murphy:

January 5th, 1917.

Hon. Samuel G. Murphy,
Metropolitan Club,
New York City, N.Y.

My dear Mr. Murphy:-

At a meeting of the Board of Park Commissioners of the City and County of San Francisco held yesterday, I was directed to present for your consideration the situation which confronts the Board with reference to the properties distributed to you and Mr. Spreckels on the winding up of the Estate of the late Honora Sharp.

We all of us recognize and appreciate, as do all good citizens of our City, the generous sentiments which have actuated you and Mr. Spreckels in the past with regard to this property and its ultimate dedication to park purposes. The plan of turning it over to the city, to be administered by the Park Commission, has been partially carried out, Mr. Spreckels having deeded an undivided half interest in the Sharp Ranch in San Mateo County, and deposited with the City Treasurer, to the credit of the Park fund, one-half of the money.

The Board finds itself in a somewhat embarrassing position, with a half interest in the land and half the fund. It is extremely desirous of perfecting plans to improve the land and place it in condition to be enjoyed by our citizens as a people's playground.

We feel that the realization of these plans will not only be a tribute to Mrs. Sharp's memory, but will enable you and Mr. Spreckels to receive at an early date that public recognition of the generous spirit which has made it possible to add to the city one of its best assets - a park tract which will serve so high and commendable purposes.

May we not ask you to follow the lead of Mr. Spreckels by executing a similar conveyance to the City of the undivided half interest of the Ranch, and depositing with the City Treasurer the other half of the fund?

We will greatly appreciate your co-operation in this matter.

With the best wishes of the entire Board for a prosperous and successful New Year, I remain

Yours very truly,

CURTIS H. LINDLEY.

Communication approved and ordered filed.

Secretary-Park Commissioners.

San Francisco, January 11th, 1917.

Special meeting.

At a special meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, January 11th, 1917

Present were: Com. Curtis H. Lindley,
Com. Sigmund Greenebaum,
Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. John A. McGregor,
Past Pres. Wm. H. Metson.

Certificate of
John A. McGregor.

The certificate of appointment of the Hon. John A. McGregor by his Honor, Mayor Rolph, as a Park Commissioner for the term of four years, was presented and accepted by a unanimous vote of the members of the Board and a copy ordered spread in full in the minutes of the Board:

CITY AND COUNTY OF SAN FRANCISCO,
STATE OF CALIFORNIA.

TO ALL TO WHOM THESE PRESENTS SHALL COME; GREETING:

Reposing special confidence in the fidelity and ability of JOHN A. MCGREGOR, I do by these presents, by virtue of the authority vested in me by the Charter of the City and County of San Francisco, appoint him a PARK COMMISSIONER, in and for the City and County of San Francisco, to hold said office for the term of four years, from and after the 8th day of January, 1917 vice Wm. H. METSON, term expired.

IN TESTIMONY WHEREOF, I have signed my name and have caused the seal of my office to be affixed hereto, this 8th day of January, 1917.

JAMES ROLPH, JR.

ATTEST: MAYOR.

EUGENE SHELBY
ASST. SECRETARY.

Pres. Metson, who had escorted Mr. McGregor to the meeting, took this opportunity to say that the appointment was very gratifying to him as a lover of the Park. "Mr. McGregor has travelled a great deal, is a successful business man and these qualities will assist him in becoming a good and efficient Park Commissioner. I commend him to you, and you to him".

Com. Lindley expressed the regret of the members of the Board at the loss of so valued and efficient a member as Pres. W. H. Metson had proven himself to be during his seven and a half years as President. His great love for the work of beautifying Golden Gate Park was his special delight and none of his valuable time was too precious if it was required in the performance of his duties as President, in fact the members of the Board have been spoiled by the willingness of Pres. Metson in practically doing most of the work".

"His fourteen years membership on the Board had given him personal knowledge of all the details of the work in the office, which he personally inspected, as well as all important improvements contemplated by the superintendent. His personal knowledge of the most beautiful locations in Golden Gate Park, gained by him in his frequent visits through every pathway in the Park as an equestrian, on foot and in his auto, enabled him to select many beautiful locations for artificial lakes, one of which has since been named "Metson Lake" in his honor. The retirement of Pres. Metson while deeply regretted by his associates, enables them to express their eulogy in these simple words "Well done, faithful and efficient President".

Com. Lindley expressed the pleasure of the members of the Board at the appointment of Hon. John A. McGregor who, as a successful business man, who has travelled a great deal, seeing the beauties of art and nature will without a doubt be suggesting improvements in Park affairs that will extend its beauties as money becomes available.

Com. McGregor thanked the members of the Board for the kind words expressed, for he felt there might be a little soreness at the loss of such a valuable member as President Metson, but Mr. Metson himself dispelled such a feeling by his kind invitation to accompany him to the Park Lodge in his own auto and introduces him to the members of the Board which he very gladly accepted. He said he would do his duty as a member of the Board to the best of his ability.

Com. Cummings placed in nomination for President, for the succeeding term, Com. A. B. Spreckels, who respectfully declined and nominated Com. Curtis H. Lindley. Com. Lindley asked Com. Spreckels if he desired the Presidency and Com. Spreckels answered "NO". The nomination of Com. Lindley was then seconded by Com. Greenebaum, and carried unanimously.

Pres. Lindley in assuming the Chair thanked the members of the Board for the honor.

Re. State auto
license fees.

From Auditor Boyle stating that his Attorney E. F. Moran informs him that under the provision of the State law all automobiles owned by the City and County of San Francisco are exempt from the payment of registration or license fee. He desires to know the amount paid during the past two years by the Park Department, as it is his intention to request the State for a refund of the amount paid for licenses.

Secretary stated that he had complied with the Auditor's request.

Action approved.

Re. Mission Park Playground.

From the Playground Commission notifying the Park Commissioners of the adoption of the following Resolution November 29th, 1916 and ratified Jan. 4, 1917:

"On motion regularly moved, seconded and carried the Secretary was directed to write to the Park Commission requesting the privilege of installing apparatus in Mission Park for small children, said installation to be subject to the approval of Mr. John McLaren."

Referred to Sept. McLaren.

Re. Spooner Collection of paintings.

From Pres. Metson requesting the approval of the Park Commissioners to his agreement with Mrs. Potter sister of Miss Sarah Spooner, relative to a division of the Spooner Collection of paintings, as follows:

"With your approval I have agreed to a settlement of the Spooner collection of paintings in the Spooner Estate, whereby the Park gets the title to the following pictures:

No. 102	Fullen Asleep	C. Wilde	\$50.00
No. 107	Scene in Russia	F. Rothbard	100.00
No. 111	Holy Week in Seville,	Iminez Aronda	75.00
No. 112	A Montenegrin	Jurnowich	25.00
No. 1848	Landscape,	Duchigny	100.00
			<u>\$350.00</u>

Mrs. Potter gets the others.

Mrs. Potter has indicated her willingness to give many of the paintings which were awarded to her in this compromise, to remain in the Park for a long time at least.

We did the very best with this trade. The total appraisement was \$45,300. The appraisement of the pictures that we get is \$350.00. We get all the choice paintings, according to Mr. Metson's artist friends, save and except the picture "Shepherd and his Flocks" which Mrs. Potter has agreed to give and the landscape by Duchigny."

Action of Pres. Metson approved.

Re. Alamo Square
slopes.

From the Board of Public Works returning a demand for work done on Alamo Square slopes amounting to \$50.89 informing the Park Commissioners that but \$25.89 was available for that improvement.

By instructions from Supt. McLaren the Secretary made out a demand for the reduced amount.

Action approved.

Re. Sharp Park.

From Mayor's Office with enclosure from A.C. Duncan relative to the expenditure of \$87,600. from the Honora Sharp Estate. He states that money can best be spent on the San Mateo property known as Sharp Park.

Communication taken under advisement.

Re. Park Fund.

From Auditor Boyle advising the Board that he has checked up the financial statement for Golden Gate Park for the past six months ending Dec. 31, 1916 and finds that the Park Accountant's books agree with the Auditor's accounts. The statement is as follows:

"RECEIPTS:

Cash Balance and Budget Allowance	\$379,251.92
Honora Sharp Fund	43,883.29
From Rents, Miscellaneous sales, etc.	<u>25,690.50</u>
	\$448,825.71

DISBURSEMENTS:

By salaries and wages	\$136,230.80
" miscellaneous supplies	<u>72,769.70</u>
	\$209,000.50

Balance on hand Jan. 1, 1917	\$239,825.21
------------------------------	--------------

Ordered filed.

Report on milk and
cream.

From Department of Public Health, analysis of samples of milk and ice cream, showing same to be of good quality.

Ordered filed.

Minutes approved.

The minutes of the previous meeting, copies of which were sent to each Commissioner, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held January 4th, 1917.

Re. Lotta's Fountain.

Com. Cummings submitted plans for alterations in Lotta's Fountain, Market and Kearny Streets, to make it harmonize with the Patr. of Gold Electric lights on Market Street. The alterations consist of raising the base and elevating the fountain.

Referred to Com. Cummings who must supervise and approve the alterations.

Re. death of Park employe.

From the Industrial Accident Commission relative to the death of Richard Brownlee, suit having been entered against the City and County by his widow Ellen Brownlee. The Board of Park Commissioners are requested to send a representative to the hearing January 22nd, 1917 at 10 o'clock A.M., at the Underwood Building, 525 Market Street.

Secretary instructed to attend the hearing.

Re. loan of elk and buffalo.

From E. W. Smalley, State Deputy Fish and Game Commissioner requesting the Park Commissioners to donate to Kings County a pair of Elk and Buffalo, provided the County pays all expenses connected with their capture, crating, shipment, etc.

Referred to Supt. McLaren with full power to act.

ADJOURNED.

There being no further business before the board the meeting adjourned subject to the call of the President.

Secretary Park Commissioners.

San Francisco, January 25th, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, January 25th, 1917

Present were: Pres. Curtis H. Lindloy,
Com. A. B. Sprsckels,
Com. John A. McGregor,
Com. Sigmund Grsanebaum,
Com. M. Earl Cummings.

Resolution re.
Hon. W. H. Metson.

The following Resolution was unanimously adopted and ordered spread in full on the minutes of the Board:

WHEREAS the term of office of Mr. William H. Metson as a Park Commissioner having expired, and

WHEREAS Mr. William H. Metson having served the City of San Francisco for a great many years with intelligent enthusiasm and a fine loyalty as a member and as President of the Board of Park Commissioners, and

WHEREAS the relations between Mr. Metson and his fellow Commissioners have been most cordial so that a distinct loss is felt at his departure from this Board,

NOW THEREFORE, BE IT RESOLVED, that the members of the Board of Park Commissioners hereby express their appreciation of the long and notable services of Mr. Metson and of his unswerving fidelity to the interests of the City and County of San Francisco, and feel the deepest regret that such relations must terminate,

AND BE IT FURTHER RESOLVED that this Resolution be spread upon the minutes of this Board and that a copy be suitably engrossed and presented to Mr. Metson.

Minutes adopted.

The minutes of the meeting held January 11th, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held January 11, 1917.

Re. Jefferson Sq.
as Playground.

From the California Club, Outdoor Art League Department, protesting against any use of the lower part of Jefferson Square which will destroy the beauty of its trees and grass plots and interfere with their enjoyment by young children and adults.

From Board of Education who, by request of the following organizations: Parent-Teachers Club of the John Swett School, the Young Women's Christian Assn., the East of Fillmore Street Impr. Assn., Hayes Valley Impr. Assn., Civic League, Mothers' Congress, City Federation of Clubs, Council of Jewish Women, Recreation League, and Juvenile Protective Assn., adopted the following resolution:

RESOLVED. That the Board of Education hereby endorses the request of the above mentioned organizations and expresses itself as being in hearty accord with this movement for safe-guarding the interests of the many children attending the public schools under its jurisdiction in the locality herein referred to, further

RESOLVED: That the Board of Education urges that the Park Commissioners make such transfer, and that the Board of Supervisors appropriate sufficient funds in the next Budget to equip said playground."

From the Playground Commission, who, by request of the following organizations: Mothers' Club, John Swett School; John Swett School, represented by Mrs. Fitz-Gerald, Principal; Young Women's Christian Assn.; Fillmore Street Impr. Assn.; Hayes Valley Impr. Assn., Civic League, Mothers' Congress, City Federation of Clubs, Council of Jewish Women, Recreation League and the Juvenile Protective Assn., adopted the following resolutions:

RESOLVED: That the Playground Commission endorse the petition of the above named organizations for the transfer of that portion of Jefferson Square bounded by Turk, Laguna and Gough Streets and Golden Gate Ave. to the jurisdiction of the Playground Commission for play purposes, provided such transfer meets with the approval of the Park Commission and that the Board of Supervisors set aside sufficient funds for the maintenance and operation of same as a playground".

The osveral organizations in favor of the transfer of the above mentioned portion of Jefferson Square into a playground, were represented at the meeting of the Park Commissioners by Eustace Peixotto, Secretary Recreation League; Dr. I. Beck, of the Fillmore Strest Improvement Assn; Mrs. Fitz-Gerald, Principal of the John Swett School; Mrs. Banner, Y.W.C.A.; C. Rees of the Hayes Valley Improvsment Aasn; Mrs. Tomlinson, President Mothers Club and Mrs. Jordon, Jr., Juvenile Protective Assn. All urged the use of that portion of Jefferson Sq. mentioned for playground purposes.

Strong opposition developed from both Miss Hittell and Mrs. Sinclair representing the Outdoor Art League of the California Club. They denied the necessity for the playground in Jefferson Square, there being plenty of vacant lots in the district, they denied all charges of immorality and indecency that the other side olaimed children going through the Square were oubjected to witnessing. Miss Hittell stated that she went through the Park almost daily and has ^{a resident of the neighborhood} been/for the past forty years and has nsever yet seen anything improper, she protested against cutting down those magnificent Eucalyptus trees, that had not in thepast been properly appreciated, but were beginning to be considered the pser of any trse grown. Care for the beautiful comes from the cultivation of the mind and not from the cultivation of the muscle in the arms. She also characterized Hamilton Square Playground with its prison fence, ugly and protested against its being closed at 5 P.M.

Mrs. Fitz-Gerald, Principal of the John Swett School stated that she oends her pupils to the South Park Playgrounds because of the crimes committed against children in Jefferson Square. A ghetto was being fostered near the Civic Center. She had warned children not to go to

Jefferson Square unless accompanied by a guardian,
and there are 35,000 children in the neighborhood.

Matter referred
to Supt. McLaren
for report.

On motion of Com. Spreckels, seconded by
Com. Greensbaum and carried, the whole question of a
playground in Jefferson Square was referred to Supt.
McLaren for a report at the next meeting.

Re. Fdgl cars
in Park.

Former Park Commissioner Wm. K. Gutzkow and
Mr. J. Cunningham appeared before the Board represent-
ing the San Francisco Club, advocating the granting of
a concession to the Fdgl Flexible Railroad System who
are willing to install one or more trains to transport
children and adults from the Stanyan Street entrance to
the Park past the playgrounds, base ball fields to the
Music Stand and Park Museum, returning by a different
route.

The matter was taken under advisement by the Board.

Re. case of

Richard Brownlee

The following verdict was received from Cor-
oner Leland relative to the death of Richard Brownlee,
Park employe:

"That the said Richard Brownlee, male, white, aged
60 years, nativity Ireland, married, occupation
teamster, residence 425 25th Avenue, came to his
death on December 25th, 1916 in Golden Gate Park
near Pumping Station from cerebral hemorrhage fol-
lowing injury: And we further find: That said de-
ceased came to his death accidentally falling from
his wagon."

Secretary de Succa submitted the following report:

"I respectfully report attending the examination
before W. W. Britton, General Referee of the In-
dustrial Accident Commission held January 22, 1917
into the death of Richard Brownlee, teamster in the
employ of the Park Commissioners, whose death occur-
red December 25th, 1916 and whose body was discovered
by other Park teamsters, James Cunningham and J. Mc
Ginn and Police Officer Harrington. These persons
testified substantially as given in their reports at
the time. The case of Mrs. Ellen Brownlee rests upon
a construction put on the class of work Mr. Brownlee
was engaged in. The Referee classed his work as

Horticultural which, if his opinion is sustained by the Industrial Accident Commission, who review the testimony, will deprive Mrs. Brownles of all compensation because Section 14 excludes any employe engaged in farm, dairy, agricultural, viticultural or horticultural labor, in stock or poultry raising, or in household domestic service.

A decision of the Industrial Accident Commission is promised soon."

Referred to Pres. Lindley.

From the Board of Fire Commissioners who wish to turn over four horses, Nos. 390, 634, 647, and 683 to the Park Commission before same are condemned.

At request of Supt. McLaren the four horses were sent for.

Re. Ledger of 1794.

From W.H. Beall offering to loan to the Park Museum a Ledger used near the City of Washington in the year 1794 to 1800. Curator Barron has made application for the Ledger.

Re. return of cane.

A request was made for the return to the son of the Right Rev. W.I. Kip of his father's cane, exhibit #39310.

Request granted and referred to Curator Barron.

Re. lights for Park.

From the Pacific Gas and Electric Co. submitting two designs for the standards for lights in the Park. The Board decided in favor of the Golden Gate Park lighting standard.

The following communications relative to the Greek Statuary were read:

From C. Vassardakis, Commissioner General of Greece to Hon. James Rolph, Jr., Mayor:

" It is with inexpressible pleasure that I, acting in behalf of my August Sovereign, His Hellenic Majesty King Constantine, and His Government, the Government of Greece, tender to the citizens of San Francisco through your Honor, all the casts of Ancient Greek Statues which have been proudly exhibited by Greece at the Panama-Pacific International Exposition, to be a free and heartfelt gift of Greece to the City and County of San Francisco. And it is the profound hope of His Majesty, the King of Greece, that this collection of casts of sculptured art shall be permanently retained by you and placed before all the citizens of your City in an Art Gallery under the custody of a Committee consisting of your Honor as President, the Exposition's Honorable President, Charles C. Moore, the Vice President, Mr. R. Hale, Mr. L. Sloes, Mr. De Young, Senator Phelan, Congressman Julius Kahn and Mr. Bernard Maybeck, as members to be a constant inspiration, in the years to come, toward the ideal freedom and its expression in terms of the beautiful.

With sincerest wishes for your Honor and your City, I beg to remain".

From Hon. James Rolph, Jr., to the Board of Park Commissioners:

" Some months since, as Mayor of the City and County of San Francisco, I officially accepted a gift of statuary tendered by Hon. C.E. Vassardakis, Commissioner General of Greece. This collection was, in due course, turned over to the San Francisco Art Association and it still resides in the Fine Arts Building on the Exposition Grounds.

In order that the City may derive the benefit of this collection of valuable statuary, it is important that same be officially turned over to the Hon. Board of Park Commissioners, and this letter is written as an assurance that I will be glad to take the necessary steps to effect that end. Such preliminary details as may be required for this purpose, you will kindly arrange through your Secretary, and I will, when called upon, sign such documents as may be requested to release this collection."

From M. H. De Young, Chairman San Francisco
Exposition Preservation Committee to Hon. C. E.
Vassardakis, Commissioner General of Greece:

" At a meeting of the San Francisco Exposition Preservation Committee to day the following resolution was adopted with respect to your letter of December 22nd, 1915, to Honorable James Rolph, Jr., copy of Mr. M.H. De Young:

RESOLVED, The San Francisco Exposition Preservation Committee having received a communication from his Honor Mayor James Rolph, Jr., and also a communication addressed to him by Mr. C. Vassardakis, Commissioner General of Greece, informing him of his gift to the City of San Francisco of the casts of sculptured art;

RESOLVED, That this committee formally accepts same in the name of the City of San Francisco and take possession of same at the convenience of Mr. Vassardakis, Commissioner General of Greece;

RESOLVED, Further, that the thanks of the citizens of San Francisco be extended to his Hellenic Majesty King Constantine and His Government for this magnificent gift.

This Committee desires to thank you for your efforts in securing for the City of San Francisco this beautiful art, and await your pleasure in taking possession of same in behalf of the City."

The Board unanimously accepted the statuary and referred to details to Curator Barron.

ADJOURNED.

There being no further business before the Board the meeting adjourned subject to the call of the President.

Secretary Park Commissioners.

San Francisco, February 8th, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, February 8th, 1917

Present were: Pres. Curtis H. Lindley,
Com. M. Earl Cummings,
Com. A. B. Sprsckels,
Com. Sigmund Greonebaum.

Absent: Com. John A. McGregor.

Minutes approved.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held January 25th, 1917.

Re. Budget Estimate.

From Mayor Rolph respectfully suggesting the commencement of work upon the budget estimate of the Park Department at the earliest possible moment and to further request that in making up the Estimate, the thought of economy be ever present in the minds of those so engaged.

A budget estimate having been submitted by Supt. McLaren and a copy submitted to each Commissioner, it was decided that each member take his copy and consider each item carefully so that they may be prepared to add or deduct from the several items when further consideration of the Budget will be made at the next meeting.

Re. Budget.

From Auditor Boyle stating that in order that he may intelligently present his Budget estimate to the Board of Supervisors he must be furnished with the following data: Name of Department, title of officials, salaries, list of subordinates and their salaries or wage and their classification.

Secretary instructed to furnish all data required by the Auditor relative to the above.

Re. Park conditions.

From the Park Presidio Improvement Assn., apologizing for reporting the bad condition of a lavatory at the corner of Fulton and Stanyan Streets. They were mistaken, conditions there, due to causes not necessary to mention, require that conditions hinted at be remedied at the earliest possible moment.

Referred to Supt. McLaren.

Re. convenience stations.

From the Park Richmond Improvement Club relative to lack of convenience stations in the Park and Beach, one should be placed on the Beach near the exit of the Park and one in the Panhandle connecting the Park and Presidio about the neighborhood of Clement Street.

Referred to Supt. McLaren.

Jefferson Square transferred to Playground Commission.

From the Outdoor Art League, protesting against using Jefferson Square as a Playground.

This question was considered at a previous meeting of the Board and referred to Supt. McLaren for report. The Superintendent reported in favor of transferring the jurisdiction from the Park Commission to the Playground Commission of that portion of Jefferson Square bounded by Turk Street on the south, Golden Gate Avenue on the north, Gough Street on the west and Lagune Street on the east.

The Board of Park Commissioners agree to cede said portion to the Playground Commission as soon as they notify the Board of Park Commissioners that they have money available to reconstruct said Square into a playground, agreeing not to disturb the four rows of Eucalyptus trees.

Re. Jefferson Sq.

From E. M. Peixotto, Secretary Recreation League, stating that since the previous meeting he had learned from Mr. De Groot of the Playground Commission, that the trees in Jefferson Square were not to be cut down and that it is not the intention to enclose the en-

tire block with an unsightly fence. He trusts that this information will remove some of the objections to the use of Jefferson Square as a playground.

Ordered filed.

Re. use of
Cushman Street

From Palmer & Peterson agreeing, at the request of Supt. McLaren, to repair any damage to Park caused by them using the west side of Cushman Street.

Action of Superintendent approved.

Re. Phelan Ave.

From the Board of Public Works quoting a communication received by them from the Board of Supervisors under date of Feb. 2nd, 1917, which reads as follows:

"Board of Public Works,
Gentlemen:

By direction of the Committee on Streets and Sewers the request that the sum of \$1,000 be made available to defray the cost of extra grading in connection with the improvement of Phelan Ave. between Ocean and Judson Avenues, said grading to be extended into Balboa Park, was ordered placed on file, no funds being available for this purpose.

Yours truly, J. S. Dunnigan, Clerk, By. J. J. Lynch, Assistant Clerk."

Ordered filed.

Re. new account-
ing system.

From Klink & Bean Co., who are engaged in preliminary work relative to devising and installing an accounting system for the City and County of San Francisco. Secretary reported that an Expert Accountant was at present examining the accounting system of the Park Commission.

Letter ordered filed.

Re. distribu-
tion of booklet.

From M. M. Turner, submitting a booklet entitled "Golden Gate Park Guide" containing all matters pertaining to the Park, to be distributed outside the Park entrances and to be given out free of charge.

The Board disapproved the proposition.

Re. Great Highway.

From the Clinton Construction Co., who at the request of Supt. McLaren, agree to remove all dirt to the level of the Highway when they do the back-filling of the sewer to the entire satisfaction of the Superintendent.

Action approved.

Re. Panhandle Playground.

From Mrs. F. L. Allen, requesting that some bark be spread on the ground of the new playground for children in the Panhandle.

Referred to Supt. McLaren.

Re. Siam Bldg.

From Eugene Shelby, Asst. Secretary to the Mayor, relative to the possible use of the Siam Temple as a Club House for the Golden Gate Park Tennis players.

Referred to Pres. Lindley.

Re. memorial to Mrs. Lovell White.

From the Outdoor Art League, by recording secretary, Mrs. E. J. Linbaugh, requesting that a space in Golden Gate Park be set aside to be planted with trees to be dedicated to the memory of Mrs. Lovell White, ceremony to be on Saturday, April 21st, 1917, at 2 P.M.

This permission has already been granted, at a previous meeting, at the request of Mrs. Geo. T. Marsh, vice president of the same League.

Mrs. Linbaugh so notified.

Supt. McLaren's report.

Supt. McLaren's report for the month of January 1917, read and adopted and recommendations approved. That portion of the report relative to Jefferson Square conditionally approved on the acquisition by the Playground Commission of funds to fit up a playground in said Square.

Supt. Taylor's
report.

Report of Supt. Taylor for January, 1917 read
and copies ordered sent each Commissioner.

Report on milk.

From the Board of Public Health on milk and
cream read and declared unsatisfactory.

Referred to Supt. Taylor.

Report on water.

Report on water in the Park from the Board
of Public Health, read and referred to Supt. McLaren.

Re. vacation.

Mrs. M. Mahoney, caretaker at the Park Museum,
was permitted by the Board to take her vacation at this
time instead of later in the year.

Re. gateway and
entrance to Park.

The Parkway Terrace Improvement Club was rep-
resented by a delegation of ladies and gentlemen who re-
quested an entrance into the Park at 26th Avenue, a
path to Metson Lake and some swings, etc., for children.

A design was submitted for a gateway sometime ago
but was not approved by the Board. A new one has been
requested, the acceptance of which was referred to Com.
Cummings to whom the matter has been referred.

Re. Breon Room.

From Cushing & Cushing requesting a certified
copy of the resolution of the Board relative to the
Breon Memorial Room at the Park Museum.

Secretary reported having complied with the request.

ADJOURNED.

There being no further business before the
Board the meeting adjourned subject to the call of the
President.

Secretary Park Commissioners

San Francisco, February 23rd, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Friday, February 23rd, 1917

Present were: Pres. Curtis H. Lindley,
Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. John A. McGregor,
Com. Sigmund Greenebaum.

Minutes approved.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held February 8th, 1917.

Re. Becker Memorial.

Mr. Wm. Knowles, Architect, representing Clementine Monet and Hugh Goodfellow, submitted a design for a panorama or Corinthian colonnade structure to be located preferably on the summit of Strawberry Hill. It is intended as a memorial to the husband of Mrs. B. A. Becker, former president of the German Savings & Loan Society. The material for its construction will be either concrete or terra cotta. A bronze statue "The Sun Kiss" modelled by Edgar Walters will occupy a niche in the main axis. A circular basin typifying the "waters of life" will show the reflection of the colonnade, trees and sky. A bequest of \$42,000. has been provided for this memorial.

Referred to Pres. Lindley and Com. Cummings.

Re. improvement of Montgomery Street.

From the North Central Improvement Association calling attention of the Park Commissioners to a greatly desired improvement of Montgomery Street between Vallejo and Green.

Secretary instructed to notify the Club that as this block is not on accepted street, the City has no jurisdiction over same. The Park Commissioners, having no jurisdiction, cannot expend their funds on this work.

Re. City Planning.

From the Unitarian Club of California, stating that at their last meeting Willis Polk made an appeal on City Planning, saying that the United States Government, State of California, Board of Supervisors and the Park Commissioners and the Preservation League would augment power and effect by following a well considered, forward-looking plan. Secretary instructed to notify Club that until the present Legislature enacts some one of the bills on city planning, now before the Legislature, the Park Commissioners will take the matter under advisement.

Re. Greek casts.

From the San Francisco Art Association expressing a sincere hope that the Hon. Board of Park Commissioners will see fit to permit the collection of Greek casts to remain in the Palace of Fine Arts indefinitely, under the condition that they be surrendered whenever the City shall make such a demand.

This request was granted upon the conditions named in the letter of John Walter, President of the Association.

Re. bond of Secretary.

From Jas. C. Hayburn, receipt for renewal of the bond of Secretary James de Succa for the year 1917.

Ordered filed.

Re. Polytechnic High School Grounds.

From the Department of Education advising the Park Board that \$500. is now available for parking, seeding and the completion of the grounds of the Polytechnic High School. Demands to be paid by the School Board, work to be under the direction of Supt. McLaren and performed

by Park labor.

Ordered filed.

Re. Lobos Square.

From the Playground Commission enclosing copy of letter sent the Park Commission explaining that the Playground Commissioners have no funds for the development of Lobos Square at the present time but will accept and improve the grounds as soon as funds are available.

Ordered filed.

Re. Jefferson Sq.

From Playground Commission advising their willingness to accept Jefferson Square for a playground for which they have asked a special appropriation in their Budget to improve this square the coming fiscal year.

Ordered filed.

Re. sea lions

From W. L. Smith requesting information relative to sea lions.

Referred to Secretary.

Re. position in
Museum.

From F. H. Housman making application for a position in the Museum.

Secretary instructed to notify him that there are no vacancies at present.

Re. electric light
poles in Park.

From Pacific Gas & Electric Company relative to the substitution of a wooden electric light pole for the iron pole adopted at a previous meeting for the park lighting system.

The action of the Board adopting the iron pole at a previous meeting was re-considered and on motion duly made, seconded and unanimously carried, the wooden pole was adopted in place of the iron pole.

Report of Supt.
Taylor.

The report of Supt. Taylor of the Childrens'

quarters from February 1st, 1916 to December 1st, 1916 showing total receipts \$33,644.00, expenditures being \$34,687.81 leaving a deficit of \$1,023.81. Deducting permanent and necessary improvements amounting to \$2,284.44 leaves a surplus of \$1,260.63.

Supt. Taylor requests the authority to adjust the prices on the printed menu to the present cost of food.

Report read and recommendations approved.

Report of
Curator Barron.

Report of Curation read and ordered filed.

ADJOURNED.

There being no further business before the Board the meeting adjourned subject to the call of the President.

Secretary Park Commissioners.

San Francisco, March 8th, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, March 8th, 1917

Present were: Pres. Curtis H. Lindley,
Com. Sigmund Greenebaum,
Com. M. Earl Cummings,
Com. A. B. Spreckels,
Com. John A. McGregor.

Minutes.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held February 23rd, 1917.

Re. new tennis club house.

Mr. Greeneberg, representing the Golden Gate Tennis Club, appeared before the Board and spoke in behalf of the new club house announcing that the Club has collected \$1400. to contribute towards building the new club house.

Action deferred until the Board of Supervisors act on the \$6000. Park estimate for the club house asked for in the Budget.

Re. painting of late Major Gen. Funston.

From Mayor's office enclosing letter from P.A. Ballard, San Antonio, Texas, offering for sale a life sized oil painting of the late Major General Funston.

Secretary instructed to notify Mr. Ballard that owing to a lack of funds the Board declines the offer with thanks.

Re. lease of land.

From Mr. Geo. W. Moore, desiring to lease the part of block of land bounded by Geary, Clement, 29th and 30th Avenues.

Secretary instructed to notify Mr. Moore that the Park Commissioners have no jurisdiction over the said block of land.

Re. asphalt distributor.

From the White Company enclosing folder covering their asphalt distributor for paving purposes, or re-surfacing roads.

Referred to Supt. McLaren.

Re. Dewey Monument.

From the City of Wilkes-Barre, Pa., requesting information relative to the Dewey Monument in Union Sq.

Referred to the Secretary.

Re. re-naming Lobos Square.

From the California Club, submitting resolutions adopted by them to the memory of the late Major General Frederick J. Funston and requesting that Lobos Square be re-named "Funston Playground" as a memorial in honor of Major General Funston.

Mrs. Louis Hertz, who appeared before the Board representing the Club, was informed that the matter would be taken under further consideration in view of the fact that Lobos Square was, by request of the Playground Commission transferred to their jurisdiction and accepted by them conditionally with the understanding that they will take charge of the Square when money is provided by the Board of Supervisors for its care and improvement as contained in the Budget of the Playground Commission.

The Board of Park Commissioners do not think it within their province to change the name of Lobos Square under the above mentioned conditions.

Re. re-naming
Lobos Square.

From the Exposition-Golden Gate Valley Improvement Club stating that resolutions had been adopted by the Club urging that the name of Lobos Square be changed to "Funston Playground."

Answered in the same manner as the communication from the California Club, as appears on Page 2.

Re. Budget.

From E. Lastredo requesting, on behalf of the North Beach Promotion Assn., that certain recommendations be included in the Budget Estimate for the fiscal year 1917-18 for the improvement of the North Beach District.

Secretary instructed to inform Mr. Lastredo that his communication was received too late as the Park Commissioners' Budget Estimate was filed with the Board of Supervisors February 26th, 1917.

Re. Telegraph Hill
Boulevard.

From the North Beach Promotion Assn., informing the Park Commissioners of the adoption of a resolution requesting the Board to set asideⁱⁿ the new Budget Estimate the sum of \$20,000. for the construction of the Telegraph Hill Boulevard.

Secretary instructed to inform them that their letter was received too late to be included in the Budget.

Re. Budget.

From the North Beach Promotion Association relative to a resolution adopted by the said Association requesting that provision be made in the Budget for the following improvements:

A house over the present swimming tank, to contain at least one large hall adapted for theatrical purposes, several small rooms, a library room and a complete playground in Lobos Square to contain baseball diamonds, foot ball fields, tennis courts, hand ball courts, running track, space for field activities and shower bath room, also provision for an Aquatic Park.

Secretary instructed to inform them that

Proposition #1 not under jurisdiction of Park
Commission.

" #2 Lobos Square has been turned over
to the Playground Commission and
accepted conditionally.

" #3 Too late to be included in Budget.

" #4 Referred to Supt. McLaren.

Re. lights at
19th Ave.

From R.G. Ready suggesting that, in view of
the occasional hold-ups at 19th Avenue and Lincoln Way,
about three lights be placed on the cross road that runs
from 19th Avenue to the Main Drive, where everybody could
reach safety.

Referred to Supt. McLaren.

Re. fountain
basins.

From A.M. Nicoll stating that on Sunday after-
noon he found it necessary to go into one of the Page
Fountain basins to rescue a little girl who had fallen
face downward into the water which he found to be forty
inches deep. He suggests that a fence be constructed
around the fountain instead of the benches that surround
the basin at present over which the children climb.

Referred to Supt. McLaren.

Report on milk.

From the Board of Public Health submitting re-
port on milk, cream and ice cream. Referred to Supt.
Taylor.

Report on water.

read in which he reports the construction of a place to
park automobiles near the Stadium. Report adopted and
recommendations approved.

ADJOURNED.

There being no further business before the
Board the meeting adjourned subject to the call of the
President.

SECRETARY-PARK COMMISSIONERS.

San Francisco, March 22nd, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office Park Lodge, Golden Gate Park, Thursday, March 22nd, 1917,

Present were: Pres. Curtis H. Lindley,
Com. A. B. Spreckels,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum,
Com. John A. McGregor.

Minutes.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held March 8th, 1917.

Re. catalogue
of Museum exhibits.

Mr. E. C. Stock appeared before the Board and stated that he desired to correctly catalogue the exhibits in the Park Museum more particularly the Pioneer Room where he had found in some instances explanations and descriptions far from correct. He had confidence in his ability to truthfully catalogue the exhibit because of his connection with the daily press of San Francisco for over forty eight years.

Referred to Curator Barron for report at next meeting of the Board.

Re. Spooner
exhibits.

A request made by Mrs. Emily G. Potter that a large number of paintings belonging to the Spooner Estate be declared as loans to the Park Museum but that the following be considered donations: Mahogany book case, modern Louis XV cabinet, Chair (Saranvold), Brass clock and two brass candelabra. Some doubt existing as to the justice of the request, the matter was referred to former President Metson and Curator Barron.

Re. safety stations. From Board of Public Works enclosing letter from Oceanside Improvement Club, requesting that safety stations be constructed inside the Park line at 9th and 20th Avenues.

Referred to Supt. McLaren.

Donation to Museum. From Marion Craig offering to donate an odd quilt made in the year 1861.

Secretary reported that he had referred the letter to Curator Barron who reported that he had secured the quilt.

Name of Lobos Square changed. From the Playground Commission advising that they would accept Lobos Square under the name of "Funston Playground".

Upon motion duly made, seconded and carried, the name of Lobos Square was changed to "Funston Playground".

Re. Lobos Square. From the Civic League of Improvement Clubs requesting that the name of Lobos Square be changed to Funston Playground.

Request granted.

Re. Lobos Square. From the Board of Supervisors enclosing copy of Resolution #14086 (new series) relative to the death of Major General Frederick Funston and recommending that the name of Lobos Square be changed to Funston Playground

Recommendation approved.

Re. payment of bond. From the American Bonding Company, receipt showing payment of \$5.00 premium on the bond of Mrs. Ida Collett.

Ordered filed.

Police protection for Lincoln Park. The Board instructed Secretary de Bucca to request the Board of Police Commissioners to detail a policeman at Lincoln Park for police duty for at least eight hours each day.

Offer of deer
accepted.

From R. B. Spencer offering a buck and doe
deer (twins) about ten months old to Golden Gate Park.

Secretary reported that at the request of the
Superintendent he had written for the deer.

Action approved.

Re. convenience
stations.

From Elsa S. Leon declaring that the provision
of convenience stations and drinking fountains should
receive first consideration in parks and playgrounds,
having particular reference to Huntington Park.

Secretary instructed that ^{to inform the lady} \$10,000. had been asked
for in the Budget for the construction of convenience
stations.

Re. Park Budget.

From the Board of Supervisors appointing Wed-
nesday, April 4th at 4 P.M. as the time when they will
consider the Park Budget.

Ordered filed.

Re. Stadium
Special Fund.

From the Bank of California relative to a bal-
ance of \$698.36 being the unexpended balance of a sum
in excess of \$20,000. contributed by the citizens of San
Francisco towards the construction of the Stadium in
Golden Gate Park, about twelve years ago.

It was moved, seconded and carried that the said
balance be withdrawn from the said Bank by the President
and Secretary and deposited in the City and County Treas-
ury to be known as the "Stadium Special Fund".

Re. bank books
and cancelled
checks.

From Hon. Wm. H. Metson the following books,
checks, etc., were received, the account in each instance
having been closed, the last one closed being the account
in the Bank of California: The First National Bank depos-
it book, Donahus Kelly Banking Company and cancelled
checks, Anglo California Trust Co. and cancelled checks,

The Bank of California also check book of the Anglo California Trust Co., statement and cancelled checks of the Mission Bank and bond of Louise La Rue to the Park Commission.

Secretary to acknowledge receipt and thank Mr. Metson.

Re. manure supply.

From the San Francisco Riding School informing the Board that they had received an offer of \$300. per year for the manure from the Stable on Fulton St., known as the Golden Gate Riding School.

It was moved, seconded and carried that the Superintendent be instructed to enter into a contract with Manager S.E. Kramer for the said privilege for one year.

Re. Budget.

From the Mission Promotion Assn. requesting a copy of the Park Budget recently filed with the Board of Supervisors.

Secretary reported request had been complied with.

Re. new Budget forms.

From the Chairman of the Finance Committee of the Board of Supervisors stating that special forms, viz. 1-2-3-7-8 Budget have been provided for the purpose of scheduling the estimated requirements for the fiscal year 1917-18 and the presentation of data essential to the consideration of departmental requests, all based upon objects of expenditure.

Secretary reported receipt of forms and that the request is being complied with.

Re. dedication of tree.

From Keith Parlor #137 N.D.G.W. requesting permission to dedicate a tree in Lincoln Park to the memory of their late sister Lydia Carroll.

Request granted.

Re. convenience
stations.

From the Park Presidio Merchants Assn. relative to convenience stations at several points in the district and asking the assistance and endorsement of their efforts to procure appropriations sufficient for the purpose.

Secretary instructed to notify the Association that the Park Board has asked for \$10,000. in their Budget for the construction of convenience stations.

New engine house
for playground.

Com. Greenebaum called the attention of the Commissioners to the delapidated condition of the merry-go-round engine house at the Childrens' Playground.

The Superintendent was authorized to build a new engine house at a cost of \$500. as estimated by the Superintendent.

Re. removal of
wreckage of
Japanese Bldg.

Pres. Lindley called the attention of the Commissioners to the collapse of the Japanese Building during the recent storm. He said the structure was a very flimsy affair and was totally destroyed. The contractor, Wm. Haskins, who was moving the Building to Lobos Square said he had been offered \$30. for the wreckage and he would clear the ground if he was allowed the salvage money.

Pres. Lindley accepted his offer. On motion duly made, seconded and carried the President's action was endorsed.

ADJOURNED.

There being no further business before the Board the meeting adjourned subject to the call of the President.

Secretary Park Commission.

San Francisco, April 5th, 1917.

Called meeting.

At a called meeting of the Board of Park Commissioners held at their office, Park Lodge, Golden Gate Park, Thursday, April 5th, 1917

Present were: Pres. Curtis H. Lindley,
Com. M. Earl Cummings,
Com. Sigmund Greenebaum,
Com. A. B. Spreckels,
Absent: Com. John A. McGregor.

Minutes.

The minutes of the previous meeting, copies of which were sent to the Commissioners, were, upon motion duly made, seconded and carried, adopted as the minutes of the meeting held March 22n, 1917.

Re. Becker Memorial.

Pres. Lindley filed a copy of a letter he had sent to Mr. H. Goodfellow and Miss Clementine Monet "Trustees of Trust created by the Last Will of Maria Becker, deceased" which reads as follows:

"The Board of Park Commissioners has had under consideration your communication bearing date February 21, 1917, the accompanying letter of Mr. William Knowles, the architect, and the plans and specifications of a suggested structure to be erected in Golden Gate Park as a memorial to the late Mr. B. A. Becker.

"We are advised by you that there is a fund at your disposal to erect such a memorial, amounting to \$42,000. which we understand would be sufficient to complete it according to the plans and specifications submitted.

"I have been instructed by the Board to submit to you its views and action in the premises.

"The artistic and architectural merit of the design is recognized by all of us. Our objection to its erection in Golden Gate Park arises out of our conviction that it is not an appropriate structure, considering the environment. It is in the nature of a monument, and as such does not harmonize with the surroundings of a naturalistic park.

There is a minor objection, that is, the material of which the structure is to be composed. The major objection, however, is the controlling one.

Whatever may have been the policy of the past administrations in connection with erection of memorials in the Park, the present Board expresses the hope that donations and contributions for memorial purposes may accord with the best modern park practice, and take the form of park embellishment or a servicable park utility.

We all appreciate the spirit in which your proposal is made, and regret that we cannot see our way clear to approve of the design submitted.

If it meets with your approval, I would be glad to suggest to the Board the appointment of a committee of the Board, with the Superintendent, to confer with you, in the hope that some satisfactory course may be outlined which would meet with the entire approval of the Trustees and the Board. If you will kindly let me know your pleasure in regard to this, I would be pleased to bring it to the attention of the Board at its next meeting on Thursday, April fifth".

On motion duly made, seconded and carried, the action of the President was approved.

Re. Sharp Estate.

Pres. Lindley reported that he was in consultation with Asst. City Attorney English relative to the money of the Sharp Estate in possession of Mr. Samuel G. Murphy who agreed to turn over the land but not the money in his care at present.

Referred to Pres. Lindley with full power to act.

Re. money of Sharp Estate in City Treasury.

Pres. Lindley stated that he believed that the money of the Sharp Estate now in the City Treasury should be placed where it can draw interest.

Com. Greenebaum suggested that it may be placed at interest by Treasurer McDougald.

Referred to Pres. Lindley.

Re. new Memorial Museum.

Pres. Lindley reported that complete arrangements have been made for the laying of the corner-stone of the new Museum Building in Golden Gate Park on Sunday April 15th, 1917. Addresses will be made by Hon. James Rolph, Jr., Mayor of San Francisco, Hon. Samuel

Shortridge and Hon. M. H. De Young. Music will be furnished by the Park Band under the leadership of Prof. Cassasa. Supt. McLaren was directed to construct a suitable platform for the occasion.

Pres. Lindley's action approved.

Re. Chinese Bldg.

A Committee of ladies representing the San Francisco Club appeared before the Board and spoke in favor of the removal of the Chinese Building to Golden Gate Park.

The Board informed the Committee that the Building was unouitable for any useful purpose in Golden Gate Park or any of the other San Francisco parks.

Re. Garfield Sq.
as playground.

A Committee of ladies representing the property owners in the vicinity of Garfield Square presented a petition with two hundred and fifty names, protesting against turning over the said Square to the Playground Commission for playground purposes.

The ladies were informed that there is no request of that nature before the Park Commission, and that when such a request is made they will receive notice from the Secretary.

Re. Stadium Special Deposit Fund.

From Treasurer McDougald, receipt showing a deposit of \$698.36 to be known as the "Stadium Special Fund."
